Shaun Ryder Happy Mondays Black Grape Other Traumas:

Shaun Ryder Mick Middles,1997 This story details how from the ashes of the Mondays self confessed heroin addict and ex postman Shaun Ryder defied all the odds to emerge triumphant as the front man of Black Grape *The Encyclopedia of Popular Music* Colin Larkin,2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day Harnessing Chaos James G. Crossley,2014-08-28 Harnessing Chaos is an explanation of changes in dominant politicized assumptions about what the Bible really means in English culture since the 1960s James G Crossley looks at how the social upheavals of the 1960s and the economic shift from the post war dominance of Keynesianism to the post 1970s dominance of neoliberalism brought about certain emphases and nuances in the ways in which the Bible is popularly understood particularly in relation to dominant political ideas This book examines the decline of politically radical biblical interpretation in parliamentary politics and the victory of a modified form of Margaret Thatcher s re reading of the liberal Bible tradition following the normalisation of a modified form of Thatcherism more generally Part I looks at the potential options for politicized readings of the Bible at the end of the the1960s focussing on the examples of Christopher Hill and Enoch Powell Part II analyses the role of Thatcher s specific contribution to political interpretation of the Bible and assumptions about religion Part III highlights the importance of often unintended ideological changes towards forms of Thatcherite interpretation in popular culture and with particular reference to Monty Python s Life of Brian and the Manchester music scene between 1976 and 1994 Part IV concerns the modification of Thatcher s Bible particularly with reference to the embrace of socially liberal values by looking at the electoral decline of the Conservative Party through the work of Jeffrey Archer on Judas and the final victory of Thatcherism through Tony Blair s exegesis Some consideration is then given to the Bible in an Age of Coalition and how politically radical biblical interpretations retain a presence outside parliamentary politics Harnessing Chaos concludes with reflections on why politicians in English politicians bother using the Bible at all The Virgin Encyclopedia of Nineties Music Colin Larkin,2000 The Nineties has been a thrilling and varied decade for pop with a renaissance of both rock and roll and pop music Along with new acts like the Spice Girls Oasis Beck Bjork and Nirvana there has been an explosion of dance music and the emergence of powerful new genres like drum n bass and thrash metal All the entries have been created from the massive data base of the Encyclopedia of Popular Music first published in 1992 which is the acknowledged champion of contemporary music reference books **The Virgin Illustrated Encyclopedia of Pop & Rock** Nic Oliver,2002 Cut through the haze of rock reference with the updated second edition of this illustrated encyclopedia There are over 1800 entries on the stars who have shaped rock history whether they were destined to become icons or bygones influential or infamous Each entry provides essential facts and opinion on songwriters musicians and producers and includes a sidebar of star rated recommended albums There are over 600 images to complement the text and a full album listing for each act at the back of the book The Encyclopedia of Popular Music: A
