Shay's Rebellion, 1786-7 Monroe Stearns, 1968 Traces the events that preceded and followed the Massachusetts insurrection led by Daniel Shay in protest of the unjust farm taxes and legislation that threatened freedoms gained from the Revolution *The Encyclopedia of the American Revolutionary War* Gregory Fremont-Barnes, Richard Alan Ryerson, 2006 Contains copies of key documents related to the period of the American Revolution including the Declaration of Independence the Constitution speeches and legislation **Shay's rebellion, 1786-1787** Monroe Stearns, 1968 **Shays' Rebellion** Charles River Charles River Editors, 2018-01-20 Includes pictures Includes accounts of the rebellion Includes online resources and a bibliography for further reading Includes a table of contents You talk my good sir of employing influence to appease the present tumults in Massachusetts I know not where that influence is to be found or if attainable that it would be a proper remedy for the disorders Influence is not government Let us have a government by which our lives liberties and properties will be secured or let us know the worst at once George Washington referencing Shays Rebellion in a letter to Light Horse Harry Lee Even as the young United States successfully secured its independence the new nation was beset by problems The drafters of the Articles of Confederation had deliberately avoided giving the national legislature the power to tax because Parliament had so abused that authority against the colonies but this proved to be a severe limitation on the national government Besides hampering the Continental Army the inability of the national government to raise revenue made foreign policy difficult Under the Articles of Confederation the Congress was also completely unable to pay any of the debts it incurred to foreign powers during the Revolutionary War Though allied powers had lent to the American government on favorable terms and no repayment was expected until the end of hostilities the hope of ever paying national debts without a national government that could tax was slim In particular the prospect of the new nation defaulting on its loans from France led to the end of the Articles of Confederation To top it all off the Articles of Confederation also had no judiciary or executive branch Therefore laws passed by the Congress could not be enforced by the national government the enforcement of laws was left to the mercy of the states Likewise there was no national judiciary to decide disputes over national law Fueled at least in part by the weakness of the federal government to respond to military threats the young country quickly faced a problem in the form of a rebellion led in New England by former Revolutionary War veteran Daniel Shays On December 27 1786 Samuel Lyman of Massachusetts wrote to his friend and confidant Samuel Breck N ot only this Commonwealth but the union at large are in the most confused and confounded condition we do not yet feel that sameness or unity of interest which is the only cement of any nation and which is absolutely necessary to be felt in order to make us respectable but this is not surprizing for our national existence is but of yesterday and this unity of interest is the result of time it is the effect of habit sentiment for they began during the earliest years of American independence and were led by men who were by their very nature rebels Unlike most countries in the world 18th century America was made up of people

who believed in change and who were willing to leave their homelands and strike out for the unknown to find it The men who had just years earlier participated in the American Revolution were not afraid to break down a government they did not like indeed many of them reveled in it When Massachusetts enacted laws that Shays and others didn't like the rebels had no qualms about taking up arms and while the rebellion was eventually put down changes were made to prevent similar problems in the future Out of this came peace order and freedom

Shays Rebellion and the Whiskey Rebellion Charles River Charles River Editors, 2017-02-22 Includes pictures Includes contemporary accounts of the insurrections Includes online resources and a bibliography for further reading Even as the young United States successfully secured its independence the new nation was beset by problems The drafters of the Articles of Confederation had deliberately avoided giving the national legislature the power to tax because Parliament had so abused that authority against the colonies but this proved to be a severe limitation on the national government Besides hampering the Continental Army the inability of the national government to raise revenue made foreign policy difficult Under the Articles of Confederation the Congress was also completely unable to pay any of the debts it incurred to foreign powers during the Revolutionary War Though allied powers had lent to the American government on favorable terms and no repayment was expected until the end of hostilities the hope of ever paying national debts without a national government that could tax was slim In particular the prospect of the new nation defaulting on its loans from France led to the end of the Articles of Confederation To top it all off the Articles of Confederation also had no judiciary or executive branch Therefore laws passed by the Congress could not be enforced by the national government the enforcement of laws was left to the mercy of the states Likewise there was no national judiciary to decide disputes over national law The series of riots known collectively as Shays Rebellion began during the earliest years of American independence and were led by men who were by their very nature rebels Unlike most countries in the world 18th century America was made up of people who believed in change and who were willing to leave their homelands and strike out for the unknown to find it The men who had just years earlier participated in the American Revolution were not afraid to break down a government they did not like indeed many of them reveled in it When Massachusetts enacted laws that Shays and others didn't like the rebels had no qualms about taking up arms and while the rebellion was eventually put down changes were made to prevent similar problems in the future Out of this came peace order and more freedom As Secretary of Treasury Alexander Hamilton was looking for ways to shore up the young nation's finances and pay off the debts incurred by the Revolution At the same time he believed in strengthening the federal government vis vis the states which would eventually make him a leader of the Federalist party but also compel him to push for a tax on distillers of alcohol many of whom took their excess corn and grain crops and produced liquors Ironically Hamilton came up with the idea of this tax to avoid more direct forms of taxation and because he didn't think it would be difficult to collect What Hamilton didn't consider was just how ubiquitous the production of whiskey and other liquors were on the frontier where they were often used as a

form of currency itself In addition to being upset at this new tax Westerners believed it was disproportionately aimed at them because Americans still residing on the East Coast weren't as reliant on the production of whiskey In 1794 violence actually broke out and with the tax opponents numbering in the thousands President Washington himself felt compelled to raise a militia force and personally lead it to deal with the rebels the only time an American president actually led soldiers in the field Ultimately no pitched battle took place once the militia was marched into western Pennsylvania but dozens were arrested and tried for treason in the wake of the episode **Shays's Rebellion** Leonard L. Richards,2003-08-05 Shays and his army of 4 000 rebels so shocked the young nation's governing elite even drawing the retired General George Washington back into the service of his country that ultimately the Articles of Confederation were discarded in favor of a new constitution the very document that has guided the nation for more than 200 years and brought closure to the American Revolution
