Migration between Africa and Europe Cris Beauchemin, 2018-05-01 This volume examines migration between Africa and Europe rather than just from Africa to Europe Based on a unique socio demographic survey carried out both in origin and destination countries MAFE survey it argues that return migration circulation and transnational practices are significant Policy design must also take these factors into account Comparing in a systematic way three flows of African migrants from Democratic Republic of Congo Ghana and Senegal this study offers a new view on the patterns determinants and family and economic effects of migration By comparing six European countries Belgium France Italy the Netherlands Spain and the UK it shows that the dynamics of migration differ greatly in new vs old destination countries Based on a statistical analysis of life histories this study provides a dynamic view of migration that will help readers better understand current trends as well as future trajectories It will appeal to researchers academics practitioners and others interested in taking a deeper look in im migration issues

Education Abroad Anthony C. Ogden, Bernhard Streitwieser, Christof Van Mol, 2020-06-02 Recent decades have seen unprecedented growth in the number of students travelling abroad for the purpose of short term academic study As such attention is turning to the role that education abroad can have in enhancing student learning and producing global ready graduates This volume provides a succinct and accessible analysis of the existing research and scholarship around the world on a range of important areas related to contemporary education abroad providing practitioners with important implications for programming and practice Focusing on fourteen key topics relating to education abroad this accessible desktop compendium not only synthesizes what is already known but also indicates which topics need further research and how the existing literature can be applied to daily programming and practice Extending beyond student learning outcomes to look at essential topics such as institutional outcomes program models and host community outcomes this volume covers major trends in contemporary research as well as an assessment of the methodological and design challenges that are common to education abroad research The fourteen distinct topics address the broad themes of participation programming student outcomes institutional outcomes and societal outcomes and include chapters from a broad range of widely acknowledged and respected international experts Bridging the gap between scholarship and practice this accessible guide is essential reading for anyone working in higher education today and involved in shaping and managing education abroad programs It is useful for all who want to understand and leverage existing research to inform education abroad programming and practice

Schizophrenia Mario Maj, Norman Sartorius, 2003-07-07 This series acknowledges the substantial gap that still exists in psychiatry between research evidence and clinical practice clinicians are sometimes incompletely aware of research findings or regard them as biased not convincing or not relevant to their practice By using systematic reviews with accompanying commentaries this volume is able to assess the evidence and experiences to give a critical and objective account of the relevant issues while focusing on key

topics This comprehensive book addresses schizophrenia through a systematic review of the available research evidence This book was a pleasure to review One can dip in and out of it at random to find an important aspect of schizophrenia summarised in a few paragraphs The reviews are all well written balanced and up to date It is designed for an international readership and some commentaries such as those on continental concepts of schizophrenia or experience of stigma in the less industrialised world are rarely found together in one volume British Journal of Psychiatry 2001 **The Macmillan Guide to the United Kingdom 1978-79** NA NA, 2015-12-25 *Britain, Poland and the Eastern Front, 1939* Anita J. Prazmowska, 1987-07-23 This book offers a revisionist interpretation of British foreign policy towards Poland and the role of the Anglo Polish relationship during the period March September 1939 It challenges and questions hitherto held views on the British determination to defend Poland and oppose German expansion eastwards It includes a study of foreign policy economic policy and military planning This book is a major contribution to our knowledge of the outbreak of the war because it contains a unique and original study of the role of the Poles in British proposals for an eastern front and the Polish perception of their relationship with Germany Finally the inconclusive nature of British approaches to the Soviet Union and the Rumanian government are put into the context of the abortive proposal for an eastern front against Germany
