Algernon Blackwood, 2018-02-24 This is an annotated version of the book1 contains an updated biography of the author at the end of the book for a better understanding of the text 2 This book has been checked and corrected for spelling errorsA considerable number of hunting parties were out that year without finding so much as a fresh trail for the moose were uncommonly shy and the various Nimrods returned to the bosoms of their respective families with the best excuses the facts of their imaginations could suggest Dr Cathcart among others came back without a trophy but he brought instead the memory of an experience which he declares was worth all the bull moose that had ever been shot But then Cathcart of Aberdeen was interested in other things besides moose amongst them the vagaries of the human mind This particular story however found no mention in his book on Collective Hallucination for the simple reason so he confided once to a fellow colleague that he himself played too intimate a part in it to form a competent judgment of the affair as a whole Besides himself and his guide Hank Davis there was young Simpson his nephew a divinity student destined for the Wee Kirk then on his first visit to Canadian backwoods and the latter s guide D fago Joseph D fago was a French Canuck who had strayed from his native Province of Quebec years before and had got caught in Rat Portage when the Canadian Pacific Railway was a building a man who in addition to his unparalleled knowledge of wood craft and bush lore could also sing the old _voyageur_ songs and tell a capital hunting yarn into the bargain He was deeply susceptible moreover to that singular spell which the wilderness lays upon certain lonely natures and he loved the wild solitudes with a kind of romantic passion that amounted almost to an obsession The life of the backwoods fascinated him whence doubtless his surpassing efficiency in dealing with their mysteries On this particular expedition he was Hank s choice Hank knew him and swore by him He also swore at him jest as a pal might and since he had a vocabulary of picturesque if utterly meaningless oaths the conversation between the two stalwart and hardy woodsmen was often of a rather lively description This river of expletives however Hank agreed to dam a little out of

respect for his old hunting boss Dr Cathcart whom of course he addressed after the fashion of the country as Doc and also because he understood that young Simpson was already a bit of a parson. He had however one objection to Doc and one only which was that the French Canadian sometimes exhibited what Hank described as the output of a cursed and dismal mind meaning apparently that he sometimes was true to type. Latin type and suffered fits of a kind of silent moroseness when nothing could induce him to utter speech. Doc said that is to say was imaginative and melancholy. And as a rule it was too long a spell of civilization that induced the attacks for a few days of the wilderness invariably cured them. This then was the party of four that found themselves in camp the last week in October of that shy moose year way up in the wilderness north of Rat Portage a forsaken and desolate country. There was also Punk an Indian who had accompanied Dr Cathcart and Hank on their hunting trips in previous years and who acted as cook. His duty was merely to stay in camp catch fish and prepare venison steaks and coffee at a few minutes notice. He dressed in the worn out clothes bequeathed to him by former patrons and except for his coarse black hair and dark skin he looked in these city garments no more like a real redskin than a stage Negro looks like a real African. For all that however Punk had in him still the instincts of his dying race his taciturn silence and his endurance survived also his superstition.

The Curse of the Wendigo Rick Yancey, 2010-10-12 Flesh eating danger abounds in the chilling sequel to The Monstrumologist that is as fast paced elegant and yes gruesome as its predecessor. Publishers Weekly starred review. While Dr Warthrop is attempting to disprove that Homo vampiris the vampire could exist his former fiancée asks him to save her husband who has been captured by a Wendigo a creature that starves even as it gorges itself on human flesh. Although Dr Warthrop considers the Wendigo to be fictitious he relents and performs the rescue but is he right to doubt the Wendigo's existence. Can the doctor and Will Henry hunt down the ultimate predator who like the legendary vampire is neither living nor dead and whose hunger for human flesh is never satisfied. This second book in The Monstrumologist series explores the line between myth and reality love and hate genius and madness. **Warden (Book 1: Wendigo Fever)** Kevin Hardman, 2013-04-27 Part lawman part tracker and part magician the Wardens are monster hunters tasked with protecting the people from the various nightmarish creatures that have invaded the world of men. However despite being descended from a long line of Wardens 16 year old Errol Magnus believes it to be the absolute worst job on the planet. How could a single occupation simultaneously be the most boring abominably stupid and extraordinarily dangerous profession imaginable.

But when his older brother Tom the current Warden for their region goes missing Errol has no choice but to enter the Badlands where monsters abide in mind boggling numbers to find him During his search Errol crosses paths with and finds himself stalked by the legendary Wendigo a monster with preternatural strength and speed as well as enhanced senses of sight smell and hearing and an insatiable hunger for human flesh Now Errol must do the impossible and not only escape from the monster something no one has ever done before but also avoid the unearthly legacy it leaves on all its victims a terrifying curse known as Wendigo Fever teen young adult fantasy coming of age horror paranormal supernatural romance legends myths fables monsters wendigo zombie magic mystery roc sorcery revenant manticore Wendigo Warband Guide Chris FitzPatrick,2010-10-31 **Wendigo Moon** Priscilla U.
