

..Live Well And Long (Love Poem)

**When you are standing by my grave
Don't ask the children to behave,
Let them run free and shout out loud,
The living joy of which I'm proud.**

**When I am lying six feet deep
Don't sadly hang your head and weep,
But let my final epitaph
Be tales of life that make you laugh.**

**When you are talking at my wake
Don't chat politely eating cake,
Instead buy champagne by the crate
Link arms with friends, dance, celebrate!**

**When people stop and say 'too bad'
Don't reminisce and then feel sad,
But raise your glass up high and toast
The joys of life you love the most.**

**When all are shaking hands at last
Don't hold a grudge from years long past,
But face each other, then embrace,
Forgive, let love spread from this place.**

**And finally, when on your own,
Don't think that you are all alone,
But sing out loud so I can hear
And wipe away that foolish tear.**

**For I lived well
And I lived long
And none shall soon forget my song,
And all I wish,
From high above,
Is you live well and long, my love.**

Longer Poems:

Eight Longer Poems David R. Slavitt, 1990 David R Slavitt brings together eight poems that deal largely with the mind's relation to history, personal history and the history of myth and of empires. In addressing these two seemingly independent modes of thinking and remembering Slavitt reveals that they are in fact closely related and that they are both part of our poetic consciousness. *Selected Longer Poems* A. R. Ammons, 1980-03-17 Readers already familiar with Ammons's longer mode in other books will welcome this new collection while those familiar only with the shorter poems will find their appreciation of his work both deepened and heightened. The *Selected Poems* 1951-1977 was described by one critic as an indispensable book. *Selected Longer Poems* is an indispensable companion to it. The distinguished poet A. R. Ammons once described himself as not so much looking for the shape as being available to any shape that may be summoning itself through me from the self not mine but ours. This availability has enabled his poetic genius to be at home in forms ranging from brief lyrics the best of which he brought together in *The Selected Poems* 1951-1977 all the way to poems of full book length.

Collected Longer Poems Hayden Carruth, 1994 For fifty years Hayden Carruth's poetry has been distinguished by the indelible presence of passion, compassion and radical philosophy. *Collected Longer Poems* gathers the poet's choice of his narrative work and poems in sequence including his epic on the nature of romance *The Sleeping Beauty* and meditative poems on the rural northeast that have made him the most accessible regional poet since Robert Frost. Our pre-eminent poet of improvisation within form Carruth's renowned technical genius is perfectly matched to his ear for spoken language and narrative structure. By turns caustic and hilarious his observations of that life, his own and his neighbors ring as true as his ear for native speech. *Collected Longer Poems* completes the two-volume *Collected Poems* begun with the publication of *Collected Shorter Poems* in 1992, a volume that was a finalist for the National Book Award and won the National Book Critics Circle Award. **Collected Longer Poems** Wystan Hugh Auden, 1969 Collected Longer Poems Kenneth

Rexroth, 2013-05-15 This is a companion volume to the *Collected Shorter Poems* of Kenneth Rexroth which was published in 1967. This is a companion volume to the *Collected Shorter Poems* of Kenneth Rexroth which was published in 1967. All of the long poems written over the past forty years are included: *The Homestead Called Damascus* 1920-25, *A Prolegomenon to a Theodicy* 1925-27, *The Phoenix and the Tortoise* 1940-44, *The Dragon and the Unicorn* 1944-50 and *The Heart's Garden: The Garden's Heart* 1967-68. As we read the long poems together and in sequence we can see that Rexroth is a philosophical poet of consequence who offers us a comprehensive system of values based on the realization of the ethical mysticism of universal responsibility. He is concerned above all with process, the movement from the Dual to the Other. I have tried, Rexroth writes, to embody in verse the belief that the only valid conservation of value lies in the assumption of unlimited liability, the supernatural identification of the self with the tragic unity of creative process. I hope I have made it clear that the self does not do this by an act of will, by sheer assertion. He who would save his life must lose it. **Poems of John Gay: Longer**

poems, epistles and epistolary verse, eclogues John Gay, 1893 *A Long Essay on the Long Poem* Rachel Blau DuPlessis, 2023-03-21 For decades Rachel Blau DuPlessis has shown readers how genres forms and the literal acts of writing and reception can be understood as sites of struggle In her own words writing is a praxis in which the author disappears into a process into a community into discontinuities and into a desire for discovery It is cause for celebration then that we have another work of warm incisive expository writing from DuPlessis in *A Long Essay on the Long Poem* **The Great War, The Waste Land and the Modernist Long Poem** Oliver Tearle, 2019-03-07 The Great War The Waste Land and the Modernist Long Poem explores how cultural responses to the trauma of the First World War found expression in the form of the modernist long poem Beginning with T S Eliot's *The Waste Land* Oliver Tearle reads that most famous example of the genre in comparison with lesser known long poems such as Hope Mirrlees's *Paris A Poem* Richard Aldington's *A Fool in the Forest* and Nancy Cunard's *Parallax* As well as presenting a new history of this neglected genre the book examines the ways in which the modernist long poem represented the seminal literary form for grappling with the crises of European modernity in the wake of World War I **On Extended Wings** Helen Vendler, 1969 Though Wallace Stevens' shorter poems are perhaps his best known his longer poems Helen Hennessy Vendler suggests in this book deserve equal fame and equal consideration Stevens' central theme the worth of the imagination remained with him all his life and Mrs Vendler therefore proposes that his development as a poet can best be seen not in description which must be repetitive of the abstract bases of his work but rather in a view of his changing styles The author presents here a chronological account of fourteen longer poems that span a thirty year period showing through Stevens' experiments in genre diction syntax voice imagery and meter the inventive variety of Stevens' work in long forms and providing at the same time a coherent reading of these difficult poems She concludes Stevens was engaged in constant experimentation all his life in an attempt to find the appropriate vehicle for his expansive consciousness he found it in his later long poems which surpass in value the rest of his work *The Poems of Callimachus* Callimachus, 2001 This important new verse translation of the extant works and major fragments of Callimachus includes a full Introduction covering the poet's life and times the range of his achievements and the difficulties in the way of appreciation It does not offer as other translations do a mere selection of fragments but presents them as integral parts of the poetry books in which they originally figured as these can be reconstructed in the light of modern research Each fragment is introduced in relation to what precedes and follows it enabling students and general readers for the first time ever to assess what Callimachus was like in his most important productions In addition to this introductory help the Notes take up individual points of difficulty all proper names and adjectives are explained in the Glossary and comparative tables facilitate identification of the translated fragments in the standard editions *The Best Australian Poems 2009 (EasyRead Large Bold Edition)* , **The Complete Poems of A. The Prosimetrum of the Íslendingasögur Brynja ÞÓrgeirsdóttir, Stefanie Gropper, Judy Quinn, Alexander Wilson, 2024-12-16 Verse quotation is intrinsic to the literary style of the medieval Icelandic corpus of slendingas gur sagas of Icelanders one of the most important vernacular literary genres of the European Middle Ages The essays collected in this volume demonstrate that the combination of prose and verse constitutes a distinctive literary aesthetic and that in the medieval Icelandic literary tradition it was not a question of choosing between prose and verse as the vehicle for stories about the foundational generations of settlers on the island but of combining both modes to forge the unique literary form of the saga Verse quotation has always been recognised as an important aspect of the slendingas gur but to date the significance of verse to the aesthetic of the narrative has mainly been explored with reference to the sub genre of the sk lðas gur sagas of poets in which the proportion of verse to prose is at its highest The contributions to the volume analyse the slendingas gur as prosimetrum that is they treat the combination of verse and prose as a salient generic and aesthetic feature of this body of sagas The contributors are leading scholars in the field of Old Norse studies and their work represents current research trends in the UK USA Iceland Denmark and Germany Their innovative approaches will enable a better understanding on the literary mode of the corpus as a whole as well as producing fresh insights into the compositional habits of the anonymous authors of individual sagas

tradition **Reading the Modernist Long Poem** Brendan C. Gillott, 2020-12-10 How do readers approach the enigmatic and unnavigable modernist long poem Taking as the form's exemplars the highly influential but critically contentious poetries of John Cage and Charles Olson this book considers indeterminacy the fundamental feature of the long poem by way of its analogues in musicology mycology cybernetics and philosophy It addresses features of these works that figure broadly in the long poem tradition such as listing typography archives mediation and mereology while articulating how both poets broke with the longform poetic traditions of the early 1900s Brendan C Gillott argues for Cage's and Olson's centrality to these traditions in developing critiquing and innovating on the longform poetics of the past their work revolutionized the longform poetry of the 20th and 21st centuries Poems of Sixty-five Years William Ellery Channing, 1902
