Longman Idioms Dictionary:

Longman Idioms Dictionary Karen Stern, 1998 Tearing your hair out over idioms Feel like you're always in the dark Don't worry you can't go wrong with the Longman Idioms Dictionary Longman Dictionary of English Idioms Thomas Hill Long, 1979 This dictionary contains an analysis of over 4500 idioms plus over 6000 example sentences many taken from authentic written and spoken sources There is grammatical information on how to use idioms correctly plus explanations of the origins of idioms and cross references **Longman American Idioms Dictionary**, 1999 The clear definitions and examples of written and spoken idioms make this dictionary really easy to use *Longman Idioms Dictionary*, 1999 *The Longman Dictionary of English Idioms* Thomas Hill Long, 1979 **Longman Pocket Idioms Dictionary** Longman, 2001

Longman Pocket Idioms Dictionary Della Summers, 2002-03 The Longman Pocket Idioms Dictionary focuses on over 3000 common idioms It covers frequently used similes and metaphorical idioms with easy to understand meanings as well as more obscure phrases The dictionary also provides definitions for many compound nouns that are idioms Entries may include variations of the main form opposites and related adjectives and nouns An idioms quiz and several blank pages for notes are found at the back of the dictionary Features Over 3000 idioms Clear and easy definitions Thousands of examples showing real usage A unique Activator section visually organizes similar idioms **The Longman Dictionary of Spanish Grammar and Idioms** André O. Hurtgen, 1991 *The Longman Dictionary of French Grammar and Idioms* André O.

Hurtgen, 1991-01-01 **A Syntactic Study of Idioms** Anna Dąbrowska, 2018-09-30 Since the general tendencies of present day English focus more on idiomatic usage it seems to be worth paying attention to the role phraseological units play in a language In the field of English phraseology linguists have shown a constant interest in idioms Undoubtedly not only are idioms an important part of the language and culture of the society but they also carry more impact than non idiomatic expressions because of their close identification with a particular language and culture It is difficult to speak or write English without using idioms especially while describing one's emotional or mental condition Therefore it is interesting and worthwhile to to analyse both the language of phraseological units and emotions In other words this book focuses not only on idioms but also on one's psychological condition However its purpose is neither to discuss the issues of idioms and emotions from the psychological point of view nor provide a conceptual analysis of emotional metaphors Instead the book analyses idioms referring to psychological states in English from the perspective of syntax focusing particularly both on the syntactic structure of this specific set of verbal psych idioms and on the constraints on the way they are built Therefore the most current studies performed within the scope of the Phase Theory and the Idioms as Phases Hypothesis are chosen to address certain syntactic problems that idioms pose *A Dictionary of English Idioms*, 197? **English Dictionaries for Foreign Learners** Anthony Paul Cowie, 2002 This is the first history of dictionaries of English for foreign learners from their origins in Japan and East Asia in the 1920s to the computerized compilations of the present Monolingual dictionaries for foreign

speakers were a revolutionary development at their outset and now represent a coming together of intellectual technological and commercial forces almost unequalled in book publishing As the author shows the early history of EFL dictionaries was research driven arising directly from research in linguistic theory and language pedagogy now it is user driven determined by what users require or are thought to require The pioneering dictionaries were the work of individuals Current dictionaries are the products of huge databases manipulated by sophisticated processing as publishers strive to share an immense and ever growing global market The book has both a thematic and a chronological structure Three chapters describe the historical sequence over a period of some sixty years These alternate with chapters dealing with phraseology computers and corpus linguistics and research into dictionary users and uses three subjects central to the development of ELT dictionaries over the last thirty years Anthony Cowie examines the way in which availability of massive computing power has transformed the recording and analysis of current speech and shows how the growth of research into the users and uses of dictionaries has led to developments both in ELT lexicography and method This readable and non technical account is directed at professionals in applied linguistics and English language teaching and at lexicographers but it will fascinate everyone concerned with the analysis of English and faced with the challenge of recording the subtleties of its grammar and meaning

Idioms in English Jürg Strässler,1982

Bilingual Lexicography from a Communicative Perspective Heming

Yong,Jing Peng,2007-06-27 This stimulating new book as the premier work introducing bilingual lexicography from a communicative perspective is launched to represent original thinking and innovative theorization in the field of bilingual lexicography It treats the bilingual dictionary as a system of intercultural communication and bilingual dictionary making as a dynamic process realized by sets of choices characterizing the overall nature of the dictionary It examines the dictionary and dictionary making by using a model of lexicography which stresses the three way relationship of compiler dictionary context and user and incorporates them into a unified coherent framework Throughout the study special focus is on English and Chinese bilingual lexicography It will serve not only as a valuable guide to those interested in dictionary compilation and theoretical inquiries but also as a textbook for undergraduate and postgraduate courses in bilingual lexicography

Idiomatic Creativity Andreas Langlotz,2006-01-01 This book revisits the theoretical and psycholinguistic controversies centred around the intriguing nature of idioms and proposes a more systematic cognitive linguistic model of their grammatical status and use Whenever speakers vary idioms in actual discourse they open a linguistic window into idiomatic creativity the complex cognitive processing and representation of these heterogeneous linguistic constructions Idiomatic creativity therefore raises two challenging questions What are the cognitive mechanisms that underlie and shape idiom representation How do these mechanisms define the scope and limits of systematic idiom variation in actual discourse The book approaches these problems by means of a comprehensive cognitive linguistic architecture of meaning and language and analyses them on the basis of corpus data from the British National Corpus BNC Therefore Idiomatic Creativity should be of

great interest to cognitive linguists phraseologists corpus linguists advanced students of linguistics and all readers who are interested in the fascinating interplay of language and cognitive processing This book has a companion website www.idiomaticcreativity.ch **ReJoycing** Rosa Bollettieri Bosinelli, Harold F. Mosher Jr., 2021-05-11 In this volume the contributors a veritable Who's Who of Joyce specialists provide an excellent introduction to the central issues of contemporary Joyce criticism

Cross-linguistic Influences in the Second Language Lexicon Janusz Arabski, 2006-02-28 This volume contains a selection of papers analyzing language transfer a phenomenon which results from language contact in bilingual and multilingual language acquisition and learning contexts The main focus of the volume is on the lexical aspects of language transfer Researching Collocations in Another Language Andy Barfield, Henrik Gyllstad, 2009-10-09 This volume brings together original research in the four areas of L2 collocation learner corpora L2 collocation lexicographic and classroom materials L2 collocation knowledge assessment and L2 collocation learner processes Each area is covered by three research chapters and a dedicated commentary chapter by experts in the field

Teaching Language Arts to English Language Learners Anete Vásquez, Angela L. Hansen, Philip C. Smith, 2010-11-24 Examines the challenges that English language learners face and offers educators practical suggestions on how they can help their students learn English reading writing grammar and vocabulary as well as build their speaking listening and viewing skills

The Top Books of the Year Longman Idioms Dictionary The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
