Longterm Care For Frail Older People:

Long-Term Care for Frail Older People John C. Campbell, Naoki Ikegami, 2012-12-06 The aging of society is a growing concern in all advanced nations and at the forefront of concern is long term care for frail older people Enactment of a new public long term care insurance program by the Japanese government in 1997 provided an excellent opportunity for a conference focusing on an ideal long term care system for frail older people The conference was organized around four major themes Social aspects including family dynamics and the role of formal providers Clinical aspects including effective treatments for physical and mental disabilities Macroeconomic and macropolitical settings for public policy Program design and management issues With contributions from the fields of medicine nursing social work gerontology political science economics and sociology this volume provides an overview of key problems and possible solutions in programs for frail older people from a unique international perspective *Handbook of Long-Term Care Administration and Policy* Cynthia Massie

Mara, Laura Olson, 2008-03-27 Attitudes toward long term care contain a strong residue of negativity in today s society and current problems with the system augment such perceptions Unless dealt with now this will only get worse as the 85 and older crowd is the fastest growing part of the population and the first wave of Baby Boomers is approaching 60 Exploring and delineate

The OECD Health Project Long-term Care for Older People OECD, 2005-06-30 This study reports on the latest trends in long term care policies in nineteen OECD countries and studies lessons learned from countries that undertook major reforms over the past decade

Frailty in Aging O., Theou, K., Rockwood, 2015-07-20 Frailty represents an important challenge for aging populations As a concept it is full of known unknowns such as which mechanisms lead to frailty and how it is best managed In order to examine these circumstances the new science of understanding and managing frailty requires an appropriate framing of the problem This publication investigates the biology and management of frailty and its social aspects It considers these and related questions How can we recognize frailty How does an understanding of frailty increase our comprehension of the aging process What are its implications for health care systems including primary care hospitals and rehabilitation How will a growing number of frail older adults affect society more generally The book focuses on frailty as a state of vulnerability which is related to aging but which can occur across the life course and aims to improve the life of frail people and those around them The book is highly recommended to researchers in aging health science researchers health care professionals and anyone interested in the understanding of the aging process

Easing the Family Caregiver Burden, Programs Around the Nation United States. Congress. Senate. Special Committee on Aging, 1999

Improving the Quality of Long-Term Care Institute of Medicine, Division of Health Care Services, Committee on Improving Quality in Long-Term Care, 2001-02-27 Among the issues confronting America is long term care for frail older persons and others with chronic conditions and functional limitations that limit their ability to care for themselves Improving the Quality of Long Term Care takes a comprehensive look at the quality of care and quality of life in long term care

including nursing homes home health agencies residential care facilities family members and a variety of others This book describes the current state of long term care identifying problem areas and offering recommendations for federal and state policymakers Who uses long term care How have the characteristics of this population changed over time What paths do people follow in long term care The committee provides the latest information on these and other key questions This book explores strengths and limitations of available data and research literature especially for settings other than nursing homes on methods to measure oversee and improve the quality of long term care The committee makes recommendations on setting and enforcing standards of care strengthening the caregiving workforce reimbursement issues and expanding the knowledge base to guide organizational and individual caregivers in improving the quality of care *Long-term Care for the Elderly* United States. Congress. House. Select Committee on Aging,1985 *Long-Term Care Reforms in OECD Countries* Cristiano Gori,Jose-Luis Fernandez,Raphael Wittenberg,2016-06-01 Since the early 1990s long term care policies have undergone significant transformations across OECD countries In some countries these changes have responded to the introduction of major policy reforms while in others significant transformations have come about through the accumulation of incremental policy changes The book brings together evidence from over 15 years of care reform to examine changes in long term care systems occurring in OECD countries It discusses and compares key changes in national policies and examines the main successes and failures of recent reforms Finally it suggests possible policy strategies for the future in the sector With contributions from a wide range of experts across EEC countries this book is essential reading for academics researchers and policy makers in the field of long term care policy Long-term care for older people: A global perspective Bo Hu,Ricardo Rodrigues,YongJoo Rhee,Raphael Wittenberg,2023-05-04 **Reforms in Long-Term Care Policies in Europe** Costanzo Ranci,Emmanuele Pavolini,2012-11-08 Over the last two decades many changes have happened to the social welfare policies of various industrial countries Citizens have seen their pensions unemployment benefits and general healthcare policies shrink as belt tightening measures are enforced But in contrast long term care has seen a general growth in public financing an expansion of beneficiaries and more generally an attempt to define larger social responsibilities and related social rights The aim of this book is to describe and interpret the changes introduced in long term care policies in Western Europe The volume argues that recent reforms have brought about an increasing convergence in LTC policies Most of the new programs have developed a new general approach to long term care based on a better integration of social care and health care The book explores increasing public support given to family care work in the past the family would take care of the elderly or infirm and increasing growth and recognition of a extended social care market by which care has shifted from a moral obligation based on family reciprocity to a paid professional activity A new social care arrangement has therefore been developing in Western countries based on a new mix of family obligations market provision and public support In order to understand such changes this analysis will take into account the social and economical impact of these reforms

Long-term Care for Older People Manfred Huber, Organisation for Economic Co-operation and Development, Patrick Hennessy, 2005 Long term care is a cross cutting policy issue that brings together a range of services for persons who are dependent on help with basic activities of daily living When the cohorts of the baby boom generation will reach the oldest age groups over the next three decades demand for long term care will rise steeply How do governments in OECD countries respond to this growing demand What has been done to improve access to long term care improve quality of services and make care affordable Are there examples of successful strategies to improve the mix of services and policies to enable a larger number of older persons to stay in their homes And has this helped contain the costs of caring for the elderly This study reports on the latest trends in long term care policies in nineteen OECD countries Australia Austria Canada Germany Hungary Ireland Japan Korea Luxembourg the Netherlands New Zealand Norway Mexico Poland Spain Sweden Switzerland the United Kingdom and the United States It studies lessons learned from countries that undertook major reforms over the past decade Trends in expenditure financing and the number of care recipients are analyzed based on new data on cross country differences Special attention is given to experience with programs that provide consumers of services with a choice of care options including cash to family caregivers Concise country profiles of long term care systems and an overview on demography and living situations of older persons make this complex policy field more accessible **Cumulated Index**

Medicus, 1999 Long-Term Care and Older People in Western Europe Eloísa del Pino, Francisco Javier

Moreno-Fuentes, 2025-06-30 Based on a comparative study covering 15 Western European countries this edited volume examines the responses of long term care homes for older people to the COVID 19 pandemic It analyses the preparedness of governments and residences and the structural weaknesses revealed and exacerbated by the crisis such as staff shortages the precariousness of employment in the sector and the deficient coordination between the health and caring sectors By examining the governance structures of the care home sector and their performance before and during the crisis the book highlights the institutional organisational and management challenges facing care homes both in continuing to provide services to an increasingly ageing population and in the event of future public health crises **Universal Health Coverage**

for Inclusive and Sustainable Development Naoki Ikegami, 2014-10-14 The goals of universal health coverage UHC are to ensure that all people can access quality health services to safeguard all people from public health risks and to protect all people from impoverishment due to illness whether from out of pocket payments for health care or loss of income when a household member falls sick Countries as diverse as Brazil France Japan Thailand and Turkey have shown how UHC can serve as a vital mechanism for improving the health and welfare of their citizens and lay the foundation for economic growth and competitiveness grounded in the principles of equity and sustainability Ensuring universal access to affordable quality health services will be an important contribution to ending extreme poverty by 2030 and boosting shared prosperity in low income and middle income countries where most of the world's poor live Universal Health Coverage for Inclusive and

Sustainable Development synthesizes the experiences from 11 countries Bangladesh Brazil Ethiopia France Ghana Indonesia Japan Peru Thailand Turkey and Vietnam in implementing policies and strategies to achieve and sustain UHC These countries represent diverse geographic and economic conditions but all have committed to UHC as a key national aspiration and are approaching it in different ways The book examines the UHC policies for each country around three common themes 1 the political economy and policy process for adopting achieving and sustaining UHC 2 health financing policies to enhance health coverage and 3 human resources for health policies for achieving UHC The findings from these country studies are intended to provide lessons that can be used by countries aspiring to adopt achieve and sustain UHC Although the path to UHC is specific to each country countries can benefit from the experiences of others in learning about different approaches and avoiding potential risks
