Schairer,2014-11-29 In July 1864 while hemmed in by Grant at Richmond General Robert E Lee conceived a bold plan designed not only to relieve Lynchburg and protect the Confederate supply line but also to ultimately make a bold move on Washington itself A major facet of this plan with the addition of General Jubal Early s forces became the rescue of the almost 15 000 Confederate prisoners at Point Lookout a large Union prison camp at the confluence of the Potomac River and Chesapeake Bay With international recognition hanging in the balance for the Confederacy the failure of Lee s plan saved the

Union and ultimately changed the course of the war This work focuses on the many factors that contributed to this eventual failure including Early s somewhat inexplicable hesitancy a significant loss of time for Confederate troops en route and aggressive defensive action by Union General Lew Wallace It also discusses various circumstances such as Washington s stripped defenses the potential release of imprisoned Southern troops and a breakdown of Union military intelligence that made Lee s gamble a brilliant well founded strategy Seen Areas and the Distribution of Fires about a Lookout Romain M. Mees,1978 From the location of a fire lookout and the sites of past fires within a given radius about a lookout an estimate of the fire distribution with respect to distance from the lookout can be obtained The estimated distribution can include all fires located within a given number of feet below the last maximum line of sight from the lookout Seen areas for the same lookout can be developed stored and plotted at a computer site for future work Grazing: Washington, DC, April 20, 1994, Albuquerque, NM, May 14, 1994 United States.
