Post-war British Drama: Looking Back in Gender Michelene Wandor, 2003-12-16 In this extensively revised and updated edition of her classic work *Look Back in Gender*, Michelene Wandor confirms the symbiotic relationship between drama and gender in a provocative look at key representative British plays from the last fifty years. Repositioning the text at the heart of theatre studies, Wandor surveys plays by Ayckbourn, Beckett, Churchill, Daniels, Friel, Hare, Kane, Osborne, Pinter, Ravenhill, Wertebaker, Wesker, and others. Her nuanced argument central to any analysis of contemporary drama discusses the imperative of gender in the playwright's imagination, the function of gender as a major determinant of the text's structural and narrative drives, the impact of socialism and feminism on post-war British drama, and the relevance of feminist dynamics in drama. Differences in the representation of the family, sexuality, and the mother before and after 1968, the impact of the slogan that the personal is political on contemporary form and content.

Masculinity in Fiction and Film Brian Baker, 2006-04-09 This book looks at a wide range of fiction and film texts from the 1950s to the present in order to analyse the ways in which masculinity has been represented in popular culture in Britain and the United States. It covers numerous genres including spy fiction, science fiction, the Western, and police thrillers. Each chapter focuses on key forms of masculinity found in each genre, such as the double agent, the rogue cop, and the citizen soldier. Brian Baker takes a broad contextual approach, placing a detailed discussion of key texts and issues concerning masculinity in their historical and cultural context. Written in a clear, accessible way, it explores the changing representation of men over the last fifty years.

The Politics of Hope Arthur Meier Schlesinger, 2008 *The Politics of Hope* and *The Bitter Heritage* brings together two important books that bracket the tempestuous politics of 1960s America. In *The Politics of Hope*, which historian Arthur Schlesinger Jr. published in 1963 while serving as a special assistant to President Kennedy, Schlesinger defines the liberalism that characterized the Kennedy administration and the optimistic early Sixties. In lively and incisive essays, most of them written between 1956 and 1960, on topics such as the basic differences underlying liberal and conservative politics, the writing of history, and the experience of Communist countries, Schlesinger emphasizes the liberal thinker's responsibility to abide by goals rather than dogma, to learn from history, and to look to the future. Four years later, following Kennedy's assassination and the escalation of America's involvement in Vietnam, Schlesinger's tone changes. In *The Bitter Heritage*, a brief but penetrating appraisal of the war that nobody wanted, he recounts America's entry into Vietnam, the history of the war, and its policy implications. *The Bitter Heritage* concludes with an eloquent and sobering assessment of the war's threat to American democracy and a reflection on the lessons or legacies of the Vietnam conflict. With a new foreword by Sean Wilentz, the James Madison Library edition of *The Politics of Hope* and *The Bitter Heritage*.

situates liberalism in the convulsive 1960s and illuminates the challenges that still face liberalism today *The Making of Theatrical Reputations* Yael Zarhy-Levo, 2008-04-21 Today's successful plays and playwrights achieve their prominence not simply because of their intrinsic merit but because of the work of mediators who influence the whole trajectory of a playwright's or a theatre company's career. Critics and academic writers are primarily considered the makers of reputations but funding organizations and various media agents as well as artistic directors, producers and directors also pursue separate agendas in shaping the reputations of theatrical works. In *The Making of Theatrical Reputations* Yael Zarhy-Levo demonstrates the processes through which these mediatory practices by key authority figures situate theatrical companies and playwrights within cultural and historical memory. To reveal how these authorizing powers that promote theatrical events, companies and playwrights, Zarhy-Levo presents four detailed case studies that reflect various angles of the modern London theatre. In the case of the English Stage Company's production of John Osborne's *Look Back in Anger*, she centers on a specific event. She then focuses on the trajectory of a single company, the Theatre Workshop, particularly through its first decade at the Theatre Royal Stratford East, London. Next, she explores the career of the dramatist John Arden, especially its first ten years, in part drawing upon an interview with Arden and his wife, actress and playwright Margaretta D'Arcy, before turning to her fourth study, the playwright Harold Pinter's shifting reputation throughout the different phases of his career. Zarhy-Levo's accounts of these theatrical events, companies and playwrights through the prism of mediation bring fresh insights to these landmark productions and their creators.

Drama + Theory Peter Buse, 2001 Peter Buse illuminates the relationship between modern British drama and contemporary critical and cultural theory. He demonstrates how theory allows fresh insights into familiar drama, pairing well-known plays with classic theory texts. The theoretical text is more than applied to the dramatic text; instead, Buse shows how they reflect on each other. *Drama Theory* provides not only new interpretations of popular plays but of the theoretical texts as well.

Films and British National Identity Jeffrey Richards, 1997-09-15 This book seeks to examine the ways in which the cinema has defined, mythified and disseminated British national identity during the course of the twentieth century. It takes the form of a series of linked essays which examine chronologically, thematically and by specific case studies of films, stars and genres, the complexities and ambiguities in the process of evolution and definition of the national identity. It argues for the creation of a distinctive British national identity both in cinema and the wider culture. But it also assesses the creation of alternative identities, both ethnic and regional, and examines the interaction of cinema and other cultural forms: music, literature and television.

John Osborne John Heilpern, 2008-01-08 John Osborne, the original Angry Young Man, shocked and transformed British theater in the 1950s with his play *Look Back in Anger*. This startling biography, the first to draw on the secret notebooks in which he recorded his anguish and depression, reveals the notorious rebel in all his heartrending complexity. Through a working-class childhood and five marriages, Osborne led a tumultuous life. An impossible father, he threw his teenage daughter out of the house and never

spoke to her again His last written words were I have sinned Theater critic John Heilpern s detailed portrait including interviews with Osborne s daughter scores of friends and enemies and his alleged male lover shows us a contradictory genius an ogre with charm a radical who hated change and above all a defiant individualist *PROCEEDINGS OF NATIONAL SEMINAR ON MULTIDISCIPLINARY RESEARCH AND PRACTICE VOLUME 1* Dr. M.
