Looking Back Into My Past:

Forgiving What the World Says You Shouldn't Kallist Cazares, 2025-04-10 Every woman affected by betrayal wants freedom from painful intrusive memories and to get help navigating their marriage The problem is in a world that worships fleeting emotions it's easy to believe that the only way through infidelity is to leave Or if they choose to stay they become a prisoner of fear and anger resulting in bitterness However as Christians we are called to a higher standard in our marriages one of holiness Yes even the unequally yoked ones When we embrace God's transformative power instead of indulging in detrimental emotions or acts he refines and sanctifies us our unsaved spouses and marriages Kallista Sanchez helps uncover unpopular opinions and often overlooked truths on what God thinks about forgiving sexual betrayal When we consider that he may want us to keep our covenant obedience is the door to blessing What's more forgiveness isn't about erasing the pain but allowing trials to become a catalyst for growth and redemption *God's Mercy Awaits You* Patricia Marie

Kathy C. Watson, 2006-10-01 For many many years you may have heard that God doesn't still perform miracles *A Mother In Mourning* will restore your faith if you are among the many who don't believe Kathy will tell you too of the many miracles God has given to her One of the miracles was giving birth to her sons Another came after the fatal accident of her oldest son when an angel was waiting for her in the most unusual place her favorite coffee house *A Mother In Mourning* is sure to be a best seller of its kind Kathy delivers a truly powerful love story involving herself her two sons and her God From the first day she gave birth to her sons she held them close to her To Aaron and Kendrick she was a one of a kind mother she was their mentor their right hand their best friend and their preparedness for this thing called life Most importantly she was Aaron's and is Kendrick's overseer in making sure that without a doubt their ultimate destination would be heaven *A Mother In Mourning* will take you on a journey filled with nothing but love joy and the pain of being a mother This heart felt true story will have you laughing out loud and at the same time bring joyful tears to your eyes It's clear that Kathy understood from the very beginning what it took to be a good mother You will also read how God gave her a premonition that something tragic was going to happen five months before his death She didn't know what it was until a knock came on her door one early morning She opened the door only to see two police officers standing there and one of them was holding her son's driver's license Through all of their years together with his following closely in her footsteps she never could have predicted that

Aaron would have had such a short life Kathy and her sons were so close it seemed to her that the sun would shine on them forever One Wednesday evening just as the sun was going down God called Aaron s name Even though she has always been a natural teacher of having faith in God the devastation of losing her son has caused her faith to increase even more You will read how God got her through the lowest stage of her life when no one else was there for her A Mother In Mourning is not just for someone who has lost a loved one It is a book that unmistakably teaches us to have faith in God and to realize that life is a journey Yes it is a journey that we all must travel and that will one day make no mistake about it come to an end

Things We Know: Fifteen Essays on Problems of Knowledge Frank B. Ebersole, 2001-12-11 Reading Ebersole requires and often succeeds in producing a radical reorientation of one's thinking from a book review Things We Know is a collection of fifteen essays that focus on perennial philosophical problems about knowledge The essays let you participate in Frank Ebersole's unique struggles to come to terms with such questions as Can we know the world the past the future of God's existence whether our actions are free the foundations of logic and language This is not just another philosophy book about problems of knowledge In Things We Know Ebersole by carefully using examples exposes the problems to be the products of philosophical pictures The examples also make the pictures less compelling Thus by reading this philosophy book readers can join the author in working to free themselves from some perplexing philosophical concerns How the Second Edition differs from the First Edition This edition differs from the First Edition University of Oregon Books 1967 in three ways An essay is added Everyman's Ontological Argument has been inserted as Essay 14 following two other essays about the ontological argument Everyman's Ontological Argument was published in the Fall 1978 issue of Philosophical Investigations The original Chapter 14 Where the Action Is is now Chapter 15 An essay is replaced The original Essay 3 How Philosophers See Stars has been replaced by a modified version that was printed in Philosophy Today no 2 1969 The replacement includes some further improvements The text is improved Throughout the book the author has made corrections stylistic improvements and changed the wording as needed to make clearer his line of thought Summary Each of the fifteen essays takes up a philosophical problem In most of the essays

Ebersole first clarifies the problem and reviews common attempts to resolve the problem Then he focuses on the central ideas and terms used to state the problem and creates examples of people using the terms under consideration The examples are unique because of their focus on the context and point of what we say If his investigations fail to find a use of the terms that supports the philosophical problem he is led to conclude that the problem does not really derive from a philosophical insight but rather arises from a philosophical picture or model Preface The essays in Things We Know address some of the perennial philosophical problems of knowledge The essays are unified by being similar in method and philosophic aim Ebersole exposes a picture behind each problem In the essays he works through some of the ways that pictures control our thinking and tries to make the pictures less compelling Chapters 1 6 Perception and Language Chapter 1 Seeing Red in Red Things Philosophical problem Must words for simple visual properties e g red refer to things because the things share some property e g redness Can we see this property Topics investigated Family resemblances properties of colors when we regard things as the same when we regard colors as the same when we regard things as having common properties language world philosophical pictures Philosophers discussed A J Ayer J Herder J S Mill Chapter 2 Seeing Things Philosophical problem Do hallucinations and afterimage
