Beyond Human Tara Daly, 2019-02-15 In the Andes indigenous knowledge systems based on the relationships between different beings both earthly and heavenly animal and plant have been central to the organization of knowledge since precolonial times The legacies of colonialism and the continuance of indigenous cultures make the Andes a unique place from which to think about art and social change as ongoing and as encompassing more than an exclusively human perspective Beyond Human revises established readings of the avant gardes in Peru and Bolivia as humanizing and historical By presenting fresh readings of canonical authors like C sar Vallejo Jos Mar a Arguedas and Magda Portal and through analysis of newer artist activists like Julieta Paredes Mujeres Creando Comunidad and Alejandra Dorado Daly argues instead
