My Korea Kevin O'Rourke, 2025-10-01 My Korea Forty Years Without a Horsehair Hat is a cultural introduction to Korea part memoir and part miscellany which introduces traditional and contemporary culture through a series of essays stories anecdotes and poems The book seeks to tell the reader all that he or she needs to know for a full and rewarding life in Korea or as a visitor passing through Confucianism Buddhism relationships everyday living language and literature are comprehensively covered Newcomers to Korea are provided with insights into daily life They are told how to deal with people and the intricacies of honorific language how to handle business dealings how to be comfortable with social ranking and how to react when they bump into the cultural wall Cow Florian Werner, 2012 She is everywhere as a vehicle for both farmers and advertisers a subject for research scientists and poets and ever present in the form of lucky charms children's toys or simply as a tasty sandwich filler The female of the bovine species is revered as sacred or reviled as stupid but one thing she never inspires is indifference After more than ten thousand years living alongside us she remains a beguiling mystery Combining a myriad of richly entertaining anecdotes and an abundance of illuminating discoveries Florian Werner presents the curious cultural history of that most intriguing of animals the cow Since evolving from the aurochs an ungulate that grazed the Persian grasslands the cow has embedded itself into virtually all aspects of our lives Cow is the first book to look at the animal in its countless manifestations in cultures around the world Werner examines cows role in commerce as an early form of currency and their place on our plates and in our stomachs in the form of meat and dairy products Florian Werner examines how cows are worshipped in some circles such as in Hindu mythology and abhorred in others today being vilified as an agent of climate change And he waxes philosophic about the significance of the cow's rumination and cud chewing as well as her simple but meaningful moo Combining thorough research with an accessible writing style Florian Werner offers readers an eye opening perspective on this commodified animal whose existence is inextricably intertwined with ours and which we too often take for granted **New Burlington** John Baskin, 1976 In the early 1970s the quiet Ohio village of New Burlington was abandoned to allow construction of a dam MRS.
