Excerpt from Luca Della Robbia With Other Italian Sculptors This little work is intended to form a Sequel to the previous volume in this series on Ghiberti and Donatello In that I have given an outline of the rise of Italian Sculpture to the schools founded by those two great artists In this volume the progress of the art through the 15th and 16th centuries is slightly sketched The subject being large the lives many and Space limited the compression of facts necessary even in a mere outline of the history of Italian Sculpture precludes the possibility of admitting any original matter This may perhaps be no drawback as in a work of this kind it is more needful to make a concise tabulation of facts and clear

classification of the different schools and their masters than to give expression to individual opinion I trust that I have so far succeeded in this that the volume will prove a useful handbook for foreign travel as well as a guide to the study of sculpture About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
