Marking The Sparrows Fall Wallace Stegners American West

Philip L. Fradkin

Marking The Sparrows Fall Wallace Stegner's American West:

Marking the Sparrow's Fall Wallace Stegner, 1998 The first collection published since his death in 1993 contains 15 never before published essays by Stegner a little known novella and his most powerful and best known essays on the American West Marking the Sparrow's Fall Wallace Stegner, 1999-10-01 Each magical piece of writing collected here reveals the stylistic grace humorous outlook and intellectual rigor that earned Stegner his enormous readership and fame

Wallace Stegner and the American West Philip L. Fradkin, 2009-02-17 Respectful of his subject but never worshipful Fradkin has given us our first full critical portrait of the man and his protean career Hampton Sides author of *Blood and Thunder* An Epic of the American West *Wallace Stegner's Unsettled Country* Mark Fiege, Leisl Carr Childers, Michael J. Lansing, 2024-02 Wallace Stegner is an iconic western writer His works of fiction including the Pulitzer Prize winning *Angle of Repose* and *Big Rock Candy Mountain* as well as his nonfiction books and essays introduced the beauty and character of the American West to thousands of readers Wallace Stegner's *Unsettled Country* assesses his life work and legacy in light of contemporary issues and crises Along with Stegner's achievements the contributors show how his failures offer equally crucial ways to assess the past present and future of the region Drawing from history literature philosophy law geography and park management the contributors consider Stegner's racial liberalism and regional vision his gendered view of the world his understandings of conservation and the environment his personal experience of economic collapse and poverty his yearning for community and his abiding attachment to the West Wallace Stegner's *Unsettled Country* is an even handed reclamation of Stegner's enduring relevance to anyone concerned about the American West's uncertain future **The Western Landscape in Cormac McCarthy and Wallace Stegner** Megan Riley McGilchrist, 2012-06-25 The western American landscape has always had great significance in American thinking requiring an unlikely union between frontier mythology and the reality of a fragile western environment Additionally it has borne the burden of being a gendered space seen by some as the traditional virgin land of the explorers and pioneers subject to masculine desires and by others as a masculine space in which the feminine is neither desired nor appreciated Both Wallace Stegner and Cormac McCarthy focus on this landscape and environment its spiritual narrative symbolic imaginative and ideological force is central to their work In this study McGilchrist shows how their various treatments of these issues relate to the social climates pre and post Vietnam era in which they were written and how despite historical discontinuities both Stegner and McCarthy reveal a similar unease about the effects of the myth of the frontier on American thought and life The gendering of the landscape is revealed as indicative of the attempts to deny the failure of the myth and to force the often numinous western landscape into parameters which will never contain it Stegner's pre Vietnam sensibility allows the natural world to emerge tentatively triumphant from the ruins of frontier mythology whereas McCarthy's conclusions suggest a darker future for the West in particular and America in general However McGilchrist suggests that the conclusion of McCarthy's *Border Trilogy* upon

which her arguments regarding McCarthy are largely based offers a gleam of hope in its final conclusion of acceptance of the feminine

American Wilderness Michael Lewis, 2007-03-08 This collected volume of original essays proposes to address the state of scholarship on the political cultural and intellectual history of Americans responses to wilderness from first contact to the present While not bringing a synthetic narrative to wilderness the volume will gather competing interpretations of wilderness in historical context

American West Karen R. Jones, 2009-03-21 The American West used to be a story of gunfights glory wagon trails and linear progress Historians such as Frederick Jackson Turner and Hollywood movies such as Stagecoach 1939 and Shane 1953 cast the trans Mississippi region as a frontier of epic proportions where savagery met civilization and boys became men During the late 1980s this old way of seeing the West came under heavy fire Scholars such as Patricia Nelson Limerick and Richard White forged a fresh story of the region a new vision of the West based around the conquest of peoples and landscapes This book explores the bipolar world of Turner s Old West and Limerick s New West and reveals the values and ambiguities associated with both historical traditions Sections on Lewis and Clark the frontier and the cowboy sit alongside work on Indian genocide and women s trail diaries Images of the region as seen through the arcade Western Hollywood film and Disney theme parks confirm the West as a symbolic and contested landscape Tapping into popular fascination with the Cowboy Hollywood movies the Indian Wars and Custer s Last Stand the authors show the reader how to deconstruct the imagery and reality surrounding Western history Key Features Uses popular subjects the Cowboy Hollywood westerns the Indian Wars and Custer s Last Stand to enliven the text Includes 13 b w illustrations Interdisciplinary approach covers film literature art and historical artefacts

Value and Vision in American Literature Joseph Candido, 1999 Friends and colleagues honor the 30 year career of Appalachian born literature scholar White with 15 essays Their goal is to call attention to ideas or connections that demand a reappraisal of conventional attitudes or ingrained responses Spanning from the middle 19th century to the present they consider such well known authors as Hawthorne Cather and Welty but also some less known ones such as Wallace Stegner Dunstan Thomas and neglected Civil War poets Annotation copyrighted by Book News Inc Portland OR

Conservation Across Borders Charles C. Chester, 2012-02-13 Conservationists have long been aware that political boundaries rarely coincide with natural boundaries From the establishment of early peace parks to the designation of continental migratory pathways a wide range of transborder mechanisms to protect biodiversity have been established by conservationists in both the public and private sectors Conservation Across Borders presents a broad overview of the history of transboundary conservation efforts and an accessible introduction to current issues surrounding the subject Through detailed examinations of two initiatives the International Sonoran Desert Alliance ISDA and the Yellowstone to Yukon Initiative Y2Y the book helps readers understand the benefits and challenges of landscape scale protection In addition to discussing general concepts and the specific experience of ISDA and Y2Y the author considers the emerging concept of conservation effectiveness and offers a

comparative analysis of the two projects The book ends with a discussion of the complex relationships among civil society governments and international borders By considering the history goals successes and failures of two divergent initiatives the book offers important insights into the field of transborder conservation along with valuable lessons for those studying or working in the field

Violent and Verdant KangJae Jerry Lee, 2025-03-21 Public parks in the U S are one of the most contentious and paradoxical places Many Americans believe public parks are encapsulations of nature promoters of health and embodiments of egalitarianism and democracy providing a wide range of health economic cultural and social benefits to users Yet the historical reality of American public parks has been riddled with greed hypocrisy prejudice and ulterior motives of the rich and powerful Numerous people have been displaced exploited and even killed because of public parks Drawing from multiple disciplines such as sociology history geography urban planning environmental science and leisure studies **Violent and Verdant Systemic Injustice in Public Parks in the U S** takes a two pronged approach to provide critical and fresh insights on public parks in the U S It looks back illuminating how parks have been sites of enduring violence and oppression But it also looks forward offering practical strategies and philosophical reimaginations of parks conception development and management
