Elizabeth Brake

Marriage Scenarios:

After Marriage Elizabeth Brake, 2016 This collection of essays by liberal and feminist philosophers addresses the question of whether marriage reform ought to stop with same sex marriage Some philosophers have recently argued that marriage is illiberal and should be abolished or radically reformed to include groups and non romantic friendships In response Simon May argues that marriage law can be justified without an illiberal appeal to an ideal relationship type and Ralph Wedgwood argues that the liberal values which justify same sex marriage do not justify further extension Other authors argue for new legal forms for intimate relationships Marriage abolitionist Clare Chambers argues that piecemeal directives rather than relationship contracts should replace marriage and Samantha Brennan and Bill Cameron argue for separating marriage and parenting with parenting rather than marriage becoming legally and socially the foundation of the family Elizabeth Brake argues for a non hierarchical friendship model for marriage Peter de Marneffe argues that polygamy should be decriminalized but that the liberal state need not recognize it while Laurie Shrage argues that polygamy could be legally structured to protect privacy and equality Dan Nolan argues for temporary marriage as a legal option while Anca Gheaus argues that marital commitments are problematic instruments for securing the good of romantic and sexual love Taken together these essays challenge contemporary understandings of marriage and the state's role in it *Liturgical*

Resources 1 Episcopal Church. Standing Commission on Liturgy and Music, 2013 At its 77th General Convention held in Indianapolis in July 2012 The Episcopal Church authorized the use of Liturgical Resources I I Will Bless You and You Will Be A Blessing resources including a rite for blessing the lifelong covenants of same sex couples Through the process of committee hearings and debate in the Houses of Deputies and Bishops the resources presented to the Convention were perfected before the final vote was taken in each House At its first meeting of the new triennium in November 2012 the Standing Commission on Liturgy and Music reviewed the changes made by General Convention and certified this final version Church Publishing will make the full approved resource available as quickly as possible in both print and electronic versions in English Spanish and French Church Publishing is honored to work with the General Convention Office and the Standing Commission on Liturgy and Music to provide this important new resource for the church **Making Marriage**

Work Kristin Celello, 2009 By the end of World War I the skyrocketing divorce rate in the United States had generated a deep seated anxiety about marriage This fear drove middle class couples to seek advice both professional and popular in order to strengthen their relationship **Sexual Morality** John Piderit, 2012-11-03 Informal customs have become the norm for most

young adults in matters of sexual intimacy Unfortunately the sexual revolution has not proven to be as beneficial to women as was hoped and society offers young men little preparation for future roles as husbands and fathers In this book Father Piderit argues that a natural law approach to morality provides a grounded pathway toward marriage and shows why these fairly traditional practices help young people find a partner whom they can realistically promise to love until death do them part

Offering theory but focusing on practice this book helps young adults understand why sexual intimacy should be reserved for marriage The first two sections develop the natural law basis for behavior Father Piderit points out that natural law relies primarily on reason not religion and his explanation provides a way to understand a Christian approach to morality as grounded in nature The final third of the book explores what religious practice and membership in a Christian denomination adds to the natural law approach Father Piderit uses clear practical examples to show that positive goals are what motivate human beings By breaking down the potentially abstract concept of morality into a set of intuitive practices guided by natural law Father Piderit provides young people and students with the tools to create a positive courtship and ultimately a solid marriage based on strong shared values and mutual respect

MARRIAGE WITHOUT A LICENSE: A Completely Moral Alternative to Civil Marriage Laura M. Sands, 2011-05-13 By the power vested in me by God and the State of XYZ I now pronounce you husband and wife If you've ever wondered when and how God gave a minister the power to declare two people as married this book is for you If you've ever searched the Bible for a description of a wedding or an exchanging of marriage vows and have come up empty handed this book is for you If you've ever wondered if two people can marry without a marriage license this book is definitely for you Marriage has existed since the beginning of time while the marriage license is a relatively new creation in American culture A marriage license is never mentioned in the Bible and most early American settlers never heard of such a document For as long as men and women have been on earth marriages have taken place How is it then that so many people have come to believe that government involvement is the only way for two people to become married Using biblical scripture as well as legal and historical evidence this book will show you why so many are purposely choosing marriage without a license It presents a strong argument in favor of government free marriage while proving that such is a completely legal and moral alternative to civil marriage Most important however this book will clearly illustrate the fact that marriage as it is depicted in the Bible is a completely separate entity from civil marriage While social and political debate about who has the right to marry rages on it is more important than ever to understand the distinctions between biblical and civil marriage traditions This book goes a long way in highlighting why it is necessary to separate church and state in such matters It further illustrates why so many who view civil marriage through a religious lens are wrong in doing so Sure to spark controversy in the hearts of many Marriage Without a License will take you on an historical social and religious journey that will turn what you thought you knew about marriage upside down Whether you agree or disagree with its contents one thing is for sure after reading this book you will never view civil matrimony in the same light again Visit the Marriage Without a License blog at <http://marriagewithoutalicense.com>

Three Scenarios of Revelation Nativ, 2006-09-29 The book's focus from which the title is derived is taken from Revelation 11:18 and opens with The Wrath of God continues with The Judgment of Mankind and closes with The Reward of the Saints A Jewish Biblical Scholar Nativ brings a unique often startling perspective to the Book of Revelation Basing his theories in Hebraic concepts not doctrine or dogma Nativ

takes the reader on an exciting step by step journey through the Hebrew texts the original language of the Bible and through painstaking analysis breathes new life into the words of the Old Testament prophets the apostles and Jesus Take for example the word Armageddon Long interpreted as the ultimate battle between good and evil Nativ uses his extensive Hebrew knowledge to show it is a place not a battle and introduces the ancient Hebrew concept of a place of refuge as proof Should Nativ be correct not only will he change the theology but dictionary definitions as well Equally startling is his discussion of Revelation Chapter Nine regarding the opening of the bottomless pit and the release of the awesome creatures within Nativ not only explains what they are their origins and their purpose but most surprising the creatures present location as they await the ending of the Age Perhaps most controversial of all is Nativ's answer to the long asked question regarding the identity of the Beast and the meaning of the number 666 Not only will the reader be dumbfounded by the simplicity of Nativ's answer but horrified by the proximity Nativ is not dogmatic He does not expect everyone to agree with his study's conclusions but instead challenges the reader to prove him biblically incorrect Neither prophet nor the recipient of a great revelation from God Nativ's only claim is the wisdom from God to unveil the meaning of the Book of Revelation in all its complexities

Dating, Mating, and Marriage Martin King Whyte, 1990 This book examines the American system of dating mate choice and marriage It analyzes a wide range of established ideas about how dating and mate choice are changing and identifies changes and continuities in premarital experiences in twentieth century America A variety of ideas about what sorts of dating and premarital experiences will make for a successful marriage are tested and for the most part disproven raising serious doubts about our fundamental assumption that dating experience helps individuals make a wise choice for a future mate Marital success turns out to depend not so much on premarital experiences or on the social background characteristics of couples such as race religion and social class as on the way in which couples structure their day to day marital life together Through its detailed examination of a wide range of ideas and predictions about dating mating and marriage and through its dramatic findings *Dating Mating and Marriage* challenges many previous assumptions and conclusions about the fate of American marriage and elevates our knowledge of the American system of mate choice to a higher level

Between Care and Criminality Helena Zewer, 2023-12-15 *Between Care and Criminality* examines social welfare's encounter with migration and marriage in a period of intensified border control in Melbourne Australia It offers an in depth ethnographic account of the effort to prevent forced marriage in the aftermath of a 2013 law that criminalized the practice Disproportionately targeted toward Muslim migrant communities prevention efforts were tasked with making the family relations and marital practices of migrants objects of policy knowledge in the name of care and community empowerment Through tracing the everyday ways that direct service providers police and advocates learned to identify imminent marriages and at risk individuals this book reveals how the domain of social welfare becomes the new frontier where the settler colonial state judges good citizenship In doing so it invites social welfare to reflect on how migrant

conceptions of familial care personhood and mutual obligation become structured by the violence of displacement borders and conditional citizenship
