Marriage Cadmus And Harmony:

The Marriage of Cadmus and Harmony Roberto Calasso, 2013-10-30 Presenting the stories of Zeus and Europa Theseus and Ariadne the birth of Athens and the fall of Troy in all their variants Calasso also uncovers the distant origins of secrets and tragedy virginity and rape A perfect work like no other Calasso has re created the morning of our world Gore Vidal 15 engravings The Universal (in the Realm of the Sensible) Dorothea Olkowski, 2007 The Universal proposes a radically new philosophical system that moves from ontology to ethics Drawing on the work of De Beauvoir Sartre and Le Doeuff among others and addressing a range of topics from the Asian sex trade to late capitalism quantum gravity and Merleau Ponty s views on cinema Dorothea Olkowski stretches the mathematical political epistemological and aesthetic limits of continental philosophy and introduces a new perspective on political structures Straddling a course between formalism and conventionalism Olkowski develops the concept of an ontological unconscious that arises from our sensible relation to the world the information we absorb and emit that affects our encounters with the environment and others In this realm of the senses or the field of vulnerability defined by our experience with pleasure and pain Olkowski is able to rethink the space time relations put forth by Irigaray s notion of the interval Bergson s recollection Merleau Ponty s idea of the flesh and Deleuze s plane of immanence This aesthetic sense is shared by all humankind and nonhuman entities in the organic and inorganic world The sensible universal can be applied to categories of pure and practical reason experiential binaries of male female and subject object and issues of autonomy moral laws and the regulation of perception **Power, Sect and State in Syria** A. Maria A. Kastrinou, 2016-03-31 The Syrian state s rhetoric of Arab nationalism left little room for the official recognition of minority identities in pre war Syria Yet in practice the state continually engaged with the Druze and other minorities to reinforce its legitimacy often through cultural policy Uncovering this neglected aspect of pre war Syrian politics Kastrinou explores the cultural politics of marriage in Syria primarily among the Druze to reveal how practical rituals of marriage inform sectarian and national identity formation Challenging the assumed inherence of sectarianism and Druze endogamy the book provides an historical and ethnographic account of political power and its relation to social control in Syria It demonstrates the centrality of the body to Druze cosmology and how ritual performances of birth marriage and death maintain and negotiate sectarian cohesion Connecting these struggles to national and international politics Kastrinou examines how both the Syrian government and the European Union have sponsored marriage themed dance performances in Syria each leveraging its cultural importance to legitimise their own policy goals The book establishes marriage as a pervasive idiom for the construction of collective identity in Syria which is appropriated by individuals sects states and intergovernmental organizations alike Its conclusions are relevant to scholars of Middle East studies sectarianism anthropology and politics Engaging Europe Evelyn Gould, George J. Secret of the Muses Retold
 John T. Kirby, 2000
 Precious repositories of ancient wisdom Musty relics of outmoded culture Timeless paragons of artistic achievement Hegemonic tools of intellectual repression Just what are the classics anyway and why do or should we still pay so much attention to them What is the literary canon What is myth and how do we use it These are some of the questions that gave rise to John Kirby's *Secret of the Muses Retold* This new study of works by five twentieth century Italian writers investigates the abiding influence of the Greek and Roman classics and their rich legacy in our own day The result is not only a splendid introduction to contemporary Italian literature but also a lucid and stimulating meditation on the insights that writers such as Umberto Eco and Italo Calvino have tapped from the wellspring of ancient tradition Kirby's book offers an impassioned plea for the recuperation of the humanities in general and of classical studies in particular No expertise in Greek Latin Italian or literary theory is presumed and both traditional and postmodern perspectives are accommodated
