Louis Horst Janet Mansfield Soares, 1992. At the center of this story is Horst's relationship with Martha Graham, who was his intimate for decades. I did everything for Martha, Horst said late in life. Indeed, as her lover, ally, and lifelong confidante, he worked with such conviction to make her the undisputed dance leader in the concert world that Graham herself would later remark, "Without him, I could not have achieved anything I have done." Drawing on the conversation and writings of Horst and his colleagues, Janet Mansfield Soares reveals the inner workings of this passionate commitment and places it firmly in the context of dance history.

Letter to the World Susan Ware, 1998. The 20th Century Go-N Frank N. Magill, 2014-03-05. Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

Aaron Copland and His World Carol J. Oja, Judith Tick, 2018-06-05. Aaron Copland and His World reassesses the legacy of one of America's best-loved composers at a pivotal moment as his life and work shift from the realm of personal memory to that of history. This collection of seventeen essays by distinguished scholars of American music explores the stages of cultural change on which Copland's long life (1900 to 1990) unfolded: from the modernist experiments of the 1920s through the progressive populism of the Great Depression and the urgencies of World War II to postwar political backlash and the rise of serialism in the 1950s and the cultural turbulence of the 1960s. Continually responding to an ever-changing political and cultural panorama, Copland kept a firm focus on both his private muse and the public he served. No self-absorbed recluse, he was very much a public figure who devoted his career to building support systems to help composers function productively in America. This book critiques Copland's work in these shifting contexts. The topics include Copland's role in shaping an American school of modern dance, his relationship with Leonard Bernstein, his homosexuality (especially as influenced by the writings of André Gide) and explorations of cultural nationalism. Copland's rich correspondence with the composer and critic Arthur Berger, who helped set the parameters of Copland's reception, is published here in its entirety, edited by Wayne Shirley. The contributors include Emily Abrams, Paul Anderson, Elliott Antokoletz, Leon Botstein, Martin Brody, Elizabeth Crist, Morris Dickstein, Lynn Garafola,
