Martin Buber's Life And Work The Later Years 1945 1965:

Martin Buber's Life and Work Maurice Friedman, 1988 *Martin Buber's Life and Work: The later years, 1945-1965* Maurice S. Friedman, 1983 **Martin Buber and the Human Sciences** Maurice Friedman, 2012-02-01 The specific focus of Martin Buber and the Human Sciences is dialogue as the foundation of and integrating factor in the human sciences using dialogue in the special sense which Buber has made famous: mutuality, presentness, openness, meeting the other in his or her uniqueness and not just as a content for one's own thought categories and knowing as deriving in the first instance from mutual contact rather than knowledge of a subject about an object. By the human sciences the authors/editors mean material that can be meaningfully approached in a dialogic way; hence the humanities, education, psychology, speech communication, anthropology, history, sociology and economics. The essays in *Martin Buber and the Human Sciences* demonstrate that thirty years after Buber's death his influence is still resonating in many countries and in many fields. **A Companion to Martin Buber** Paul Mendes-Flohr, 2025-06-25 A definitive international guide to the thought of the most important twentieth century Jewish philosopher. In his 1923 essay *I and Thou* the philosopher, theologian and activist Martin Buber introduced a philosophy of dialogue that achieved a global interdisciplinary resonance. For Buber, dialogue was more than a conversation; dialogue discloses something essential about our orientation and our lives with one another. This companion assembles twenty-six scholars from a dozen countries to explore Buber's international reputation and legacy in education, interfaith relations, Judaism, philosophy, politics and psychology. The result is an essential guide to one of the most influential Jewish thinkers of the twentieth century. **Martin Buber** Dan Avnon, 1998 In this volume Dan Avnon analyzes and reconstructs Buber's corpus of mature writings, revealing the radical nature of Buber's response to the most fundamental questions of human existence. The book invites the reader to reexamine conventional notions of the role of language, thought and writing in communicating impressions of reality. An essential introduction to Buber's work and his unique approach to writing. **Martin Buber's Theopolitics** Samuel Hayim Brody, 2018-02-16 How did one of the greatest Jewish thinkers of the 20th century grapple with the founding of Israel and the Israeli-Palestinian conflict, one of the most significant political conflicts of his time? Samuel Hayim Brody traces the development of Martin Buber's thinking and its implications for the Jewish religion for the problems posed by Zionism and for the Zionist-Arab conflict. Beginning in turbulent Weimar Germany, Brody shows how Buber's debates about Biblical meanings had concrete political consequences for anarchists, socialists, Zionists, Nazis, British and Palestinians alike. Brody further reveals how Buber's passionate commitment to the rule of God, absent an intermediary, came into conflict in the face of a Zionist movement in danger of repeating ancient mistakes. Brody argues that Buber's support for Israel stemmed from a radically rich and complex understanding of the nature of the Jewish mission on earth that arose from an anarchist reading of the Bible. *The Martin Buber - Carl Rogers Dialogue* Martin Buber, Professor Kenneth N. Cissna, Carl Ransom Rogers, Rob Anderson, Kenneth N. Cissna, 1997-01-01 A corrected and extensively annotated

version of the sole meeting between two of the most important figures in twentieth century intellectual life **Lessons and Legacies IV** ,1991 Essays that illustrate new areas of concern within Holocaust study and that explore neglected issues such as gender and place Martin Buber Maurice S. Friedman,2003-09-02 Martin Buber The Life of Dialogue the first study in any language to provide a complete overview of Buber s thought remains the definitive guide to the full range of his work and the starting point for all modern Buber scholarship Maurice S Friedman reveals the implications of Buber s thought for theory of knowledge education philosophy myth history and Judaic and Christian belief This fully revised and expanded fourth edition includes a new preface by the author an expanded bibliography incorporating new Buber scholarship and two new appendices in the form of essays on Buber s influence on Emmanuel Levinas and Mikhail Bakhtin **A Companion to Continental Philosophy** Simon Critchley,William R. Schroeder,1998-06-08 Covering the complete development of post Kantian Continental philosophy this volume serves as an essential reference work for philosophers and those engaged in the many disciplines that are integrally related to Continental and European Philosophy
