Martin Heidegger In Selbstzeugnissen Und Bilddokumenten:

Martin Heidegger in Selbstzeugnissen und Bilddokumenten Walter Biemel,1983 *Martin Heidegger in Selbstzeugnissen und Bilddokumenten* Walter Biemel,1981 Martin Heidegger in Selbstzeugnissen und Bilddokumenten, dargestellt von Walter Biemel Walter Biemel,1975 **Martin Heidegger in Selbstzeugnissen und Bilddokumenten dargestellt** Walter Biemel,1978 **Martin Heidegger** Walter Biemel,1991 **Martin Heidegger's Changing Destinies** Guillaume Payen,2023-04-18 A portrait of Martin Heidegger as a man and a philosopher In this biography of Martin Heidegger 1889 1976 now available in English historian Guillaume Payen synthesizes the connections between the German philosopher s life and work Critically but without polemics he creates a portrait of Heidegger in his time using all available sources lectures letters and the notorious black notebooks Payen chronicles Heidegger s changing destinies after the First World War an uncompromising Catholicism gave way to a vigorous striving for a philosophical revolution fertile ground for National Socialism The book reflects a life of light and shadow Heidegger was a great philosopher and teacher who cultivated friendships and love affairs with Jews but also was an anti Semitic nationalist who lamented the Judaization of German intellectual life rdquo *Heidegger's Philosophy of Being* Herman Philipse,2021-05-11 This scrupulously researched and rigorously argued book is the first to interpret and evaluate the central topic of Martin Heidegger s philosophy his celebrated Question of Being in the context of the full range of Heidegger s thought With this comprehensive approach Herman Philipse distinguishes in unprecedented ways the center from the periphery the essential from the incidental in Heidegger s philosophy Among other achievements this allows him to shed new light on the controversial relationship between Heidegger s life and thought in particular the connections between his philosophy and his involvement with Nazism Philipse begins by explaining which problems an interpretation of Heidegger s question of being should solve and he specifies which type of interpretation is the best basis for an evaluation of Heidegger s thought He then identifies various strands or leitmotifs in Heidegger s idea of being and shows how these strands hang together in the philosopher s work In doing so Philipse offers new insights into Heidegger s views on such subjects as human existence authenticity logic and language and into his readings of such philosophers as Aristotle Kant Hegel and Nietzsche Philipse then integrates into his interpretation of Heidegger s overall theory the latest scholarship about the philosopher s engagement with Nazism Finally Philipse examines the fundamental structures of Heidegger s philosophy and assesses whether Heidegger s views are true probable or possess some other epistemic or existential value As the most thorough interpretation of Heidegger s theory of being now available this work represents a new phase in the vigorous debate about the philosopher s life and works

Heidegger's Philosophy of Being Herman Philipse,1999 This scrupulously researched and rigorously argued book is the first to interpret and evaluate the central topic of Martin Heidegger s philosophy his celebrated question of being in the context of the full range of Heidegger s thought With this comprehensive approach Herman Philipse distinguishes in

unprecedented ways the center from the incidental in Heidegger's philosophy Philopse begins by explaining which problems an interpretation of Heidegger's question of being should solve and he specifies which type of interpretation is the best basis for an evaluation of Heidegger's idea of being and shows *The Genesis of Heidegger's Being and Time* Theodore Kisiel,1995-03-24 This book ten years in the making is the first factual and conceptual history of Martin Heidegger's *Being and Time* 1927 a key twentieth century text whose background until now has been conspicuously absent Through painstaking investigation of European archives and private correspondence Theodore Kisiel provides an unbroken account of the philosopher's early development and progress toward his masterwork Beginning with Heidegger's 1915 dissertation Kisiel explores the philosopher's religious conversion during the bleak war years the hermeneutic breakthrough in the war emergency semester of 1919 the evolution of attitudes toward his phenomenological mentor Edmund Husserl and the shifting orientations of the three drafts of *Being and Time* Discussing Heidegger's little known reading of Aristotle as well as his last minute turn to Kant and to existentialist terminology Kisiel offers a wealth of narrative detail and documentary evidence that will be an invaluable factual resource for years to come A major event for philosophers and Heidegger specialists the publication of Kisiel's book allows us to jettison the stale view of *Being and Time* as a great book frozen in time and instead to appreciate the erratic starts finite high points and tentative conclusions of what remains a challenging philosophical path *Hannah Arendt and Martin Heidegger* Antonia Grunenberg,Elizabeth von Witzke Birmingham,2017-07-17 A biographical account of two major thinkers of the twentieth century a relationship marked as much by estrangement and distance as reunion and friendship How could Hannah Arendt a German Jew who fled Germany in 1931 have reconciled with Martin Heidegger whom she knew had joined and actively participated in the Nazi Party In this remarkable biography Antonia Grunenberg tells how the relationship between Arendt and Heidegger embraced both love and thought and made their passions inseparable both philosophically and romantically Grunenberg recounts how the history between Arendt and Heidegger is entwined with the history of the twentieth century with its breaks catastrophes and crises Against the violent backdrop of the last century she details their complicated and often fissured relationship as well as their intense commitments to thinking Focuses on a relationship that began when Arendt was a student in the 1920s was broken between 1933 and 45 and resumed after the war The Chronicle of Higher Education
