Martin Heidegger And The Holocaust

Laurence Paul Hemming

Martin Heidegger And The Holocaust:

Martin Heidegger and the Holocaust Alan Milchman, Alan Rosenberg, 1996 This volume focuses on Martin Heidegger's relationship as a person and as a thinker to the industrialization of death as symbolized by the smokestacks at Auschwitz. The contributors seek a rationale for his postwar silence on the Holocaust and his references to the Extermination. *Heidegger, History and the Holocaust* Mahon O'Brien, 2015-09-24 Heidegger's *History and the Holocaust* is an important contribution to the longstanding debate concerning Martin Heidegger's association with National Socialism. Although a difficult topic, this ambitious new work moves the entire debate on the Heidegger controversy forward. Following *Being and Time*, Heidegger expands on his notion of authenticity and related notions such as historicity and discusses the possibility of an authentic Dasein of a people along structurally consistent lines to his account of authenticity in *Being and Time*. O'Brien argues that the same difficulties which appear to hamstring the early account of authenticity further affect the notion of an authentic Dasein of a people. Heidegger's political myopia in the thirties can thus be attributed to an underlying failure to come to terms with some of the difficulties discussed in this study. O'Brien concedes that Heidegger's philosophy is influenced by its historical period and context but argues that however inflammatory Heidegger's rhetoric cannot be simply reduced to crude Nazi jingoism. This book is a genuinely philosophical approach to the Heidegger controversy and a much needed re-examination of his ideas and influences. Heidegger, History and the Holocaust Mahon O'Brien, 2015-09-24 Heidegger's *History and the Holocaust* is an important contribution to the longstanding debate concerning Martin Heidegger's association with National Socialism. Although a difficult topic, this ambitious new work moves the entire debate on the Heidegger controversy forward. Following *Being and Time*, Heidegger expands on his notion of authenticity and related notions such as historicity and discusses the possibility of an authentic Dasein of a people along structurally consistent lines to his account of authenticity in *Being and Time*. O'Brien argues that the same difficulties which appear to hamstring the early account of authenticity further affect the notion of an authentic Dasein of a people. Heidegger's political myopia in the thirties can thus be attributed to an underlying failure to come to terms with some of the difficulties discussed in this study. O'Brien concedes that Heidegger's philosophy is influenced by its historical period and context but argues that however inflammatory Heidegger's rhetoric cannot be simply reduced to crude Nazi jingoism. This book is a genuinely philosophical approach to the Heidegger controversy and a much needed re-examination of his ideas and influences. *Heidegger's Silence* Berel Lang, 1996 Preface p ix Chapter 1 From the Jewish Question to the Jewish Question a History of Silence p 1 Chapter 2 The Jewish Question in Heidegger's Post-Holocaust p 13 Chapter 3 Heidegger When the Jewish Question Still Was p 31 Chapter 4 Inside and outside Heidegger's Antisemitism p 61 Chapter 5 Heidegger and the Very Thought of Philosophy p 83 Appendix A Conversation about Heidegger with Eduard Baumgarten p 101 Notes p 113 Index p 127 *Heidegger and the Jews* Donatella Di Cesare, 2018-08-23 Philosophers have long struggled to reconcile Martin Heidegger's involvement in Nazism with his status

as one of the greatest thinkers of the twentieth century The recent publication of his Black Notebooks has reignited fierce debate on the subject These thousand odd pages of jotted observations profoundly challenge our image of the quiet philosopher s exile in the Black Forest revealing the shocking extent of his anti-Semitism for the first time For much of the philosophical community the Black Notebooks have been either used to discredit Heidegger or seen as a bibliographical detail irrelevant to his thought Yet in this new book renowned philosopher Donatella Di Cesare argues that Heidegger s metaphysical anti-Semitism was a central part of his philosophical project Within the context of the Nuremberg race laws Heidegger felt compelled to define Jewishness and its relationship to his concept of Being Di Cesare shows that Heidegger saw the Jews as the agents of a modernity that had disfigured the spirit of the West In a deeply disturbing extrapolation he presented the Holocaust as both a means for the purification of Being and the Jews own self destruction a process of death on an industrialized scale that was the logical conclusion of the acceleration in technology they themselves had brought about Situating Heidegger s anti-Semitism firmly within the context of his thought this groundbreaking work will be essential reading for students and scholars of philosophy and history as well as the many readers interested in Heidegger s life work and legacy

Heidegger and the Myth of a Jewish World Conspiracy Peter Trawny, 2015-12-29 The world historical antagonist of this narrative however has remained hitherto undisclosed the Jews or more specifically world Judaism As Trawny shows world Judaism emerges for Heidegger as a racialized destructive technological threat to the German homeland indeed to any homeland Trawny pinpoints recurrent anti-Semitic themes in the Notebooks including Heidegger s adoption of crude cultural stereotypes his assigning of racial reasons to philosophical decisions even undermining his Jewish teacher Edmund Husserl his especially damning endorsement of a Jewish world conspiracy such as that proposed by the Protocols of the Elders of Zion and his first published remarks on the extermination camps and gas chambers under the troubling aegis of a Jewish self annihilation Trawny concludes with a thoughtful meditation on how Heidegger s achievements might still be valued despite these horrifying facets of his thought

Heidegger and "the Jews" Jean François Lyotard, 1990 Jean François Lyotard s contribution to the debate Heidegger and the Jews is a marked departure from the standard fare In the first of the two interrelated essays the Jews Lyotard quickly establishes the theme of the entire text placing the Jews in lower case plural and in quotation marks to represent the outsiders the nonconformists the artists anarchists blacks homeless Arabs etc and the Jews as an alien and dangerous disruption they represent an other to be excised from the West s dream of unbounded fulfillment and development

Heidegger and the Global Age Antonio Cerella, Louiza Odysseos, 2017-10-18 Globalization is one of the most contested and abused concepts of our time Whether one interprets it as a collective illusion or as the final stage of capitalism as uncontrollable multitude or as a radical opening of new spaces of freedom the global age represents the conceptual and existential background of our being in the world But what lies behind this process What mode of human existence is brought about by the age of technology and global mobilization And is it possible to attempt a unitary

interpretation of this age that presents itself as both total and pluralistic This volume rethinks these epochal questions in light of Martin Heidegger's complex hermeneutics proposing at the same time that such questions enable the interrogation of some of its most fundamental aspects the metanarrative of Seinsgeschichte as withdrawal of Being the structure of human existence within the frame of technology the relation between humanism and nihilism as well as politics and technology the changing character of subjectivity in the age of the world picture the mythopoeic force of art and the uprooting of human beings As this volume shows interrogating Heidegger's thought has significant potential for both International Political Theory and also the analysis of specific concepts and dynamics in contemporary international studies such as the changing character of spatiality temporality and subjectivity

Heidegger and Marx Laurence Paul Hemming, 2013-01-31 Martin Heidegger and Karl Marx remain two of the most influential thinkers in philosophy in political science and other social sciences and in the humanities Yet there has never been a full length study in English of the relationship between their ideas and there has only been one study in German from 1966 A Productive Dialogue fills this gap and contradicts the widely held assumption that Heidegger had no significant engagement with Marx Hemming focuses on four related areas of inquiry Heidegger's reading of Marx Marx's relation to G W F Hegel Heidegger's disastrous political involvement with National Socialism and the significance of Hegel Marx Heidegger and Friedrich Nietzsche for the politics of the twentieth and twenty first centuries A Productive Dialogue explores the understanding of political processes systems and behavior that animates both thinkers

Foucault and Heidegger Alan Milchman, Alan Rosenberg, 2003 An essential consideration of these two closely related and influential figures Michel Foucault and Martin Heidegger are two of the most important intellectual figures of the twentieth century and yet there are significant largely unexplored questions about the relationship between their projects Foucault and Heidegger stages a crucial critical encounter between these two thinkers in doing so it clarifies not only the complexities of the Heidegger Foucault relationship but also their relevance to questions about truth and nihilism acquiescence and resistance and technology and agency that are central to debates in contemporary thought These essays examine topics ranging from Heidegger's and Foucault's intellectual forebears to their respective understanding of the Enlightenment modernity and technology to their conceptions of power and the political
