The Russian Social-Democratic Labour Party, 1899–1904 Richard Mullin, 2015-03-31 Much has been written about the activity of Lenin and his colleagues on the editorial board of the Iskra newspaper whereas little has been said about the opponents of Leninism who unsuccessfully fought for control of the Russian Social Democratic Labour Party during the Iskra period To redress the balance Richard Mullin has translated 25 documents from this period most of which express an anti Lenin view They include articles from Rabochee Delo the Jewish Bund's Poslednie Izvestiia and the post Lenin Iskra pamphlets by Plekhanov and Martov the resolutions of Party meetings and some very revealing private correspondence However the result is not an anti Bolshevik polemic through these documents a clearer and curiously flattering picture of Lenin's thought and activity is obtained

Hendrik de Man and Social Democracy Tommaso Milani, 2020-06-15 The book investigates the intellectual and political trajectory of the Belgian theorist Hendrik de Man 1885 1953 by examining the impact that his works and activism had on Western European social democracy between the two world wars Based on multinational archival research the book highlights how the idea of economic planning became part of a wider effort to address an ideological crisis within the socialist movement and revitalise the latter amidst the Great Depression A heavily controversial figure also because of his subsequent involvement in Belgian wartime collaboration de Man played a pivotal role in challenging traditional Marxist assumptions about the role of the state under capitalism and in promoting transnational exchanges between unorthodox
