stories, plays, & poems

Text Structure: Stories

Stories are usually organized in sequential order.

- The beginning introduces the characters.
- The middle introduces the problem.
- The end resolves the problem.

Larger stories can be divided into chapters. Each chapter tells new events in the story.

Chapter titles help readers know what the chapter will be about. Chapters help readers find important story events.

If you understand how every chapter builds on the story, you will understand the story better.

To Understand Text Structure of Stories Ask Yourself:

1. How is the story organized?
2. Is the story divided into chapters? What do the chapter titles tell you about the parts of the story?
3. How do the chapters build on the characters, setting, and events? Does the character change as the chapters progress?
