Marx And Mill Two Views Of Social Conflict And Social Harmony:

Marx and Mill Graeme Duncan,1973 Comparative study of the rival social theories of karl marx and john stuart mill contains a critical analysis of respective doctrines opposing Marxism s views on capitalism social conflict and communist society to mill s theory of democracy and social reform and concludes that neither philosophy provides the adequate basis for contemporary social change Bibliography pp 375 to 379 and references Marx and Mill Graeme Duncan,1978 Marx and Mill Two Views of Social Conflict & Social Harmony ,1978 **Marx and Mill** Graeme Duncan,1973 Marx's Critique of Political Economy Volume Two Allen Oakley,2013-11-05 Volume Two covers the years 1861 1863 when Marx consolidated and refined the arguments of his critique of political economy in his relatively neglected manuscripts Theories of Surplus Value Special attention is paid to the nature scope and limitations of Marx s critique and to the critique of Ricardo s Principles **Marcuse and Freedom (RLE Social Theory)** Peter Lind,2020-07-26 This comprehensive study of Marcuse s thought concentrates on his theory of freedom arguing that it is this which supplies the key to all his writings This argument is substantiated by a detailed chronological examination of Marcuse s works The author shows the rigorous logic underlying Marcuse s thinking which is often obscured in Marcuse s own presentation and pays particular attention to the influence of Heidegger and of Marx s notion of human labour This sympathetic reconstruction of the subject attempts to rescue Marcuse from misunderstanding and superficial criticism and argues that Marcuse s most famous work One Dimensional Man is in fact an aberration from the mainstream of his work This book forms one of the most accessible and reliable treatments of Marcuse available *Postmodern Marx* Terrell Carver,2010-11-01 Marx has changed What we read how we read and why we read Marx have all altered dramatically This book explores these multiple new Marxes In ten thematic chapters Carver examines unfamiliar texts and new aspects of Marx s writings ranging from vampires in Capital to his vision of communism in recently re edited manuscripts Marx s career in democratic politics is re evaluated and his relationship to the gender politics of his day and ours is explored Most importantly Carver re assesses the strengths and weaknesses of Marx as a theorist and critic of capitalist society This book will appeal to anyone who wants a fresh perspective on Marx arising from a reconciliation of historical scholarship with the de centredness of postmodern writing **Marxism versus Liberalism** August H. Nimtz,2019-09-10 An extraordinary work of political historical analysis that methodically and convincingly argues for the superiority of a Marxist approach for pursuing democracy Rich in historical detail and thoroughly engrossing in portraying the real time analyses of and intervention in crucial events by prominent Marxist and liberal theorists and political actors Marxism versus Liberalism is a truly impressive achievement that will have an enduring appeal John F Sitton Professor Emeritus Political Science Indiana University of Pennsylvania USA Performing a comparative real time political analysis Marxism versus Liberalism presents convincing evidence to sustain two similarly audacious claims firstly that Karl Marx and Frederick Engels collectively had better democratic credentials than Alexis de Tocqueville and John Stuart Mill and secondly

that Vladimir Lenin had better democratic credentials than Max Weber and Woodrow Wilson When the two sets of protagonists are compared and contrasted in how they read and responded to big political events in motion this book contends that these Marxists proved to be better democrats than the history's most prominent Liberals Exploring the historical scenarios of The European Spring of 1848 the United States Civil War the 1905 Russian Revolution the 1917 Russian Revolution and the end of World War I Marxism versus Liberalism carefully tests each claim in order to challenge assumed political wisdom *Liberalism, Diversity and Domination* Inder S. Marwah, 2019-05-23 This study addresses the complex and often fractious relationship between liberal political theory and difference by examining how distinctive liberalisms respond to human diversity Drawing on published and unpublished writings private correspondence and lecture notes the study offers comprehensive reconstructions of Immanuel Kant's and John Stuart Mill's treatment of racial cultural gender based and class based difference to understand how two leading figures reacted to pluralism and what contemporary readers might draw from them The book mounts a qualified defence of Millian liberalism against Kantianism's predominance in contemporary liberal political philosophy and resists liberalism's implicit association with imperialist domination by showing different divergent responses to diversity Here are two distinctive liberal visions of moral and political life **John Stuart Mill and the Ethic of Human Growth** D.A. Habibi, 2013-03-14 In this well researched comprehensive study of J S Mill Professor Habibi argues that the persistent dominant theme of Mill's life and work was his passionate belief in human improvement and progress Several Mill scholars recognize this however numerous writers overlook his growth ethic and this has led to misunderstandings about his value system This study defines and establishes the importance of Mill's growth ethic and clears up misinterpretations surrounding his notions of higher and lower pleasures positive and negative freedom the status of children the legitimacy of authority and support for British colonialism Drawing from the entire corpus of Mill's writings as well as the extensive secondary literature Habibi has written the most focused sustained analysis of Mill's grand leading principle This book will be useful to college students in philosophy and intellectual history as well as specialists in these fields
