Marxism-Leninism in the German Democratic Republic Martin McCauley, 1979-06-17 *Marxism-Leninism in the German Democratic Republic* Martin McCauley, 1979 **The German Democratic Republic, Pillar of Peace and Socialism** Erich Honecker, 1979 *Miscellaneous Publications: Programme of the Socialist Unity Party of Germany* Sozialistische Einheitspartei Deutschlands. Parteitag, 1976 **Programme of the Socialist Unity Party of Germany** Sozialistische Einheitspartei Deutschlands, Sozialistische Einheitspartei Deutschlands. Parteitag, 1976 **The Implementation of Lenin's Theory of the Leading Role of the Party by the Socialist Unity Party of Germany in the German Democratic Republic** Erich Honecker, 1970 *The German Democratic Republic since 1945* Martin McCauley, 2016-02-05 The GDR is the most successful in terms of living standards socialist state but one of the least loved Yet the GDR has formidable achievements to list especially in education and health On the other hand her feeling of insecurity has led to a creeping militarisation of society The GDR provides communist states in the Third World with military training and expertise she also trains security and police cadres Hence the impact is being felt outside Europe Does the GDR now present the face of the ugly German to the non communist world Her development is worthy of attention As the Soviet Union s closest ally in Eastern Europe she may play a more important role there in the future as economic growth slows and tensions rise She has however problems of her own which will require much hard work to resolve Nevertheless she is the most stable socialist state in Eastern Europe at present Will this continue Will mass discontent mount as living standards stagnate Just how important will the West German response be The GDR is torn between East and West If she is to weather the economic storms she requires closer links with West Germany and the West but politically and militarily she needs a closer relationship with the Soviet Union competent and wide ranging covering not only political history but also the economy education culture the position of women and foreign policy Leslie Holmes Soviet Studies the main strength of this work is that it provides a mass of facts and figures in the main text and is yet eminently readable Roger Woods Slavonic Review [Socialist Reformers and the Collapse of the German Democratic Republic](#) Dietrich Orlow, 2015-10-29 *Socialist Reformers and the Collapse of the German Democratic Republic* explores a neglected aspect of the collapse of Communism in the former East Germany It focuses on the East Germans enthusiastic support for re unification and the transfer of West Germany s political and economic institutions to the East ignoring those in the German Democratic Republic who wanted to reform socialism within not destroy it Their aim was to preserve an independent German Democratic Republic that would pursue an alternative third way between Western capitalism and Stalinist repression Their vision was a better more beautiful socialism instead of the push and shove society that they associated with Western capitalism In their view the better more beautiful socialism would combine the Western ideals of individual freedom with Marxist concept of collective decision making and shared wealth The reformers failed of course but their ideas and activities in the fall of 1989 are an essential part

of the story that led to present day Germany **Soviet Marxism-Leninism** Alfred B. Evans, 1993-10-30 This study examines the development of Marxist Leninist ideology in the U S S R from its origins to the collapse of the Soviet regime Alfred Evans argues that Soviet Marxism Leninism was subject to significant adaptation under various leaders contrary to the widespread impression that official Soviet ideology remained static after Stalin While taking account of scholarly literature on each of the periods covered the work is significant for being based principally on an analysis of primary Soviet sources Evans integrated analysis of changes in ideology during the post Stalin decades is an important contribution to the literature in political science political economy and Soviet studies *The Soviet Takeover of the Polish Eastern Provinces, 1939-41* Keith Sword, 1991-06-25
