Marxism, Fascism, and Totalitarianism A. James Gregor, 2008-10-08 This work traces the changes in classical Marxism the Marxism of Karl Marx and Friedrich Engels that took place after the death of its founders It outlines the variants that appeared around the turn of the twentieth century one of which was to be of influence among the followers of Adolf Hitler another of which was to shape the ideology of Benito Mussolini and still another of which provided the doctrinal rationale for V I Lenin s Bolshevism and Joseph Stalin s communism This account differs from many others by rejecting a traditional left right distinction a distinction that makes it difficult to understand how totalitarian political institutions could arise out of presumably diametrically opposed political ideologies Marxism Fascism and Totalitarianism thus helps to explain the common features of left wing and right wing regimes in the twentieth century

Lenin and the Twentieth Century Lennard Gerson, 2013-09-01 Bertram D Wolfe was one of the foremost American authorities on Soviet history and politics Several generations of students in dozens of countries have acquired their first understanding of the events and personalities that shaped modern Russia from Wolfe s landmark study *Three Who Made a Revolution* The twelve essays on Lenin and Leninism published in this volume were written during the last decades of Wolfe s life and reflect the unique blend of personal experience thorough scholarship and commitment to humanism that informed all of his writings These essays nine of which appear in print here for the first time do not constitute an integrated or complete biography of Lenin Rather they suggest the direction of Wolfe s research and thinking on the subject of Lenin s place in the twentieth century
