Marxist Models of Literary Realism George Bisztray, 1978 *Karl Marx and Friedrich Engels (RLE Marxism)* Cecil L. Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels **The A to Z of Marxism** David Walker, Daniel Gray, 2009-08-13 Marxism one of the few philosophies that turned into an effective movement not so long ago was the official ideology in one form or another of much of humanity It was promulgated initially by the Soviet Union then imposed on much of Central and Eastern Europe later emerged in the People's Republic of China and gradually spread to other parts of Asia and even bits of Africa and Latin America Although declining in its initial popularity it still remains strong in several countries and is supported by numerous communist and other parties and countless individuals around the world The A to Z of Marxism covers the history of Marxism and all its thinkers and schools of thought in a comprehensive manner This is done through a chronology an introductory essay a bibliography and hundreds of cross reference dictionary entries on basic terms and concepts significant thinkers and doers and also the parties and countries that followed it **Historical Dictionary of Marxism** Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx's thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism **Realist film theory and cinema** Ian Aitken, 2019-01-04 Realist film theory and cinema embraces studies of cinematic realism and 19th century tradition the realist film theories of Lukács Grierson Bazin and Kracauer and the relationship of realist film theory to the general field of film theory and philosophy This is the first book to attempt a rigorous and systematic application of realist film theory to the analysis of particular films The book suggests new ways forward for a new series of studies in cinematic realism and for a new form of film theory based on realism It stresses the importance of the question of realism both in film studies and in contemporary life Aitken's work will be of interest to scholars and advanced students of film studies literary studies media studies cultural studies and philosophy **Lukácsian film theory and cinema** Ian Aitken, 2021-06-15 Lukácsian film theory and cinema explores Georg Lukács' writings on film The Hungarian Marxist critic Georg Lukács is primarily known as a literary theorist but he also wrote

extensively on the cinema These writings have remained little known in the English speaking world because the great majority of them have never actually been translated into English until now Aitken has gathered together the most important essays and the translations appear here often for the first time This book thus makes a decisive contribution to understandings of Luk cs within the field of film studies and in doing so also challenges many existing preconceptions concerning his theoretical position For example whilst Luk cs literary theory is well known for its repudiation of naturalism in his writings on film Luk cs appears to advance a theory and practice of film that can best be described as naturalist Luk csian film theory and cinema is divided into two parts In part one Luk cs writings on film are explored and placed within relevant historical and intellectual contexts whilst part two consists of the essays themselves This book will be of considerable interest to scholars and students working within the fields of film studies literary studies intellectual history media and cultural studies It is also intended to be the final volume in a trilogy of works on cinematic realism which includes the author s earlier European film theory and cinema 2001 and Realist film theory and cinema 2006 , **Post-Marxist Theory** Philip Goldstein,2012-02-01 Poststructuralist Marxism or post Marxism is a theoretical viewpoint that elaborates and revises the work of Louis Althusser and Michel Foucault Unlike traditional Marxism which emphasizes the priority of class struggle and the common humanity of oppressed groups post Marxism reveals the sexual racial class and ethnic divisions of modern Western society This book surveys the different versions of post Marxist theory the economic theory of Stephen Resnick and Richard Wolff the historical methodology of Michel Foucault the political theory of Ernesto Laclau and Chantal Mouffe the feminism of Judith Butler the materialist philosophy of Pierre Macherey and the cultural studies of Tony Bennett and John Frow Providing a coherent framework for these otherwise quite divergent theorists Philip Goldstein outlines the history of Marxist philosophical or theoretical views and explains how they all count as post Marxist **Guide to Marxist Literary Criticism** ,1980 **The Journal of Korean Studies, Volume 13, Number 1 (Fall 2008)** John Duncan,Gi-Wook Shin, Stanford University,2008-12-16 The University of Washington Korea Studies Program in collaboration with Rowman Littlefield Publishers is proud to publish the Journal of Korean Studies
