Erich Fromm

Marxs Daughters:

Marx's Daughters Ronald Florence, 1975 Marx's Fate Jerrold Seigel, 2010-11 Marx's Fate is an intellectual biography of Marx that combines historical textual and psychological analyses to provide major new insights into the philosopher's writings and development **Marx's General** Tristram Hunt, 2025-10-16 Written with brio warmth and historical understanding this is the best biography of one of the most attractive inhabitants of Victorian England Marx's friend partner and political heir Eric Hobsbawm Friedrich Engels is one of the most intriguing and contradictory figures of the nineteenth century Born to a prosperous mercantile family he spent his life enjoying the comfortable existence of a Victorian gentleman yet he was at the same time the co author of The Communist Manifesto a ruthless political tactician and the man who sacrificed his best years so that Karl Marx could have the freedom to write Although his contributions are frequently overlooked Engels's grasp of global capital provided an indispensable foundation for communist doctrine and his account of the Industrial Revolution The Condition of the Working Class in England remains one of the most haunting and brutal indictments of capitalism's human cost Drawing on a wealth of letters and archives acclaimed historian Tristram Hunt plumbs Engels's intellectual legacy and shows us how one of the great bon viveurs of Victorian Britain reconciled his exuberant personal life with his radical political philosophy This epic story of devoted friendship class compromise ideological struggle and family betrayal at last brings Engels out from the shadow of his famous friend and collaborator

Marx's Ecology John Bellamy Foster, 2000-03 By reconstructing a materialist conception of nature and society Marx's Ecology challenges the spiritualism prevalent in the modern Green movement pointing toward a method that offers more lasting sustainable solutions to the ecological crisis Marx's Lost Aesthetic Margaret A. Rose, 1988-09-15 An original and challenging study of Marxist aesthetic theory from an art historical perspective **Marx's Concept of Man** Erich Fromm, 2013-03-26 An exploration of how Marx's ideas have been misused and misunderstood from the New York Times bestselling author of Escape from Freedom In the Western world and especially in the United States Karl Marx is perceived as the spiritual godfather of Lenin and Stalin someone bent on creating a state where everyone worships a centralized bureaucracy Social philosopher Erich Fromm argues that Marx has been entirely misrepresented and misunderstood and that Marx's ideas have been misappropriated to further causes antithetical to his true intentions Fromm's study presents Marx as a humanist and social scientist Painstakingly traveling through Marx's oeuvre Fromm shows how Marx's real goal was to eliminate man's alienation and allow individuals to live and appreciate a life of freedom Furthermore Fromm believes Marx would have considered the Communist governments of Russia and Cuba as wrong headed Marx's Concept of Man also includes a selection of Marx's Early Writings brought to English speaking readers for the first time in 1961 This ebook features an illustrated biography of Erich Fromm with rare images and never before seen documents from the author's estate

Karl Marx: A Nineteenth-Century Life Jonathan Sperber, 2013-03-11 In this magisterial biography of Karl Marx likely

to be definitive for many years to come John Gray New York Review of Books historian Jonathan Sperber creates a meticulously researched and multilayered portrait of both the man and the revolutionary times in which he lived Based on unprecedented access to the recently opened archives of Marx s and Engels s complete writings Karl Marx A Nineteenth Century Life provides a historical context for the personal story of one of the most influential and controversial political philosophers in Western history By removing Marx from the ideological conflicts of the twentieth century that colored his legacy and placing him within the society and intellectual currents of the nineteenth century Ian Kershaw Sperber is able to present a full portrait of Marx as neither a soothsaying prophet of the modern world nor the author of its darkest atrocities This major biography fundamentally reshapes our understanding of a towering historical figure **Marx** Vincent Barnett,2020-10-28 Karl Marx has been portrayed in equal measure both as a political prophet who foresaw the end of capitalist exploitation and as a populist Anti Christ whose totalitarian legacy has cost millions of lives worldwide This new biography looks beyond these caricatures in order to understand more about the real Karl Marx about his everyday life and personal circumstances as well as his political ideology The book tells the life story of a man of ideas showing how his political and economic thought developed alongside his life and practical work Vincent Barnett seeks to paint Karl Marx not as a static unwavering character but as a man whose beliefs developed dynamically over time The book explores his personal background and problems of personal income and family health It also examines the influence of Hegel s methods on Marx s work and his relationship with Engels This lively up to date guide to the life of Karl Marx provides an excellent starting point for students in history politics and philosophy and for all those with an interest in Marxism and political ideas Marx Andrew Collier,2012-12-01 An accessible and jargon free introduction breathing new life into the achievements of Karl Marx Although one of the most influential thinkers of the last millennium Karl Marx was relatively unheralded during most of his lifetime Famous for predicting the inevitable demise of capitalism it was only after his death that his immortal clarion call reached a wide audience Workers of the world unite you have nothing to lose but your chains Andrew Collier breathes new life into the achievements of Karl Marx arguing that his work is still of vital relevance in today s global climate of inequality Covering all the elements of Marxist thought from his early writings to his masterpiece Das Kapital Collier probes the apparent inconsistencies in Marx s work and reclaims him as a philosopher and political theorist This jargon free introduction is a timely reminder of his undiminished influence and will fascinate students activists and interested readers alike **Summary of Paul Kengor's The Devil and Karl Marx** Milkyway Media,2024-07-22 Get the Summary of Paul Kengor s The Devil and Karl Marx in 20 minutes Please note This is a summary not the original book The Devil and Karl Marx by Paul Kengor explores the dark and destructive aspects of Karl Marx s ideology and its impact on society The book delves into Marx s early influences including his studies of Hegel and his association with radical atheists like Bruno Bauer Marx s writings filled with themes of despair and rebellion reflect his anti religious stance and fascination with darkness
