Holistic Spirituality Bruce G. Epperly, 2014-02-15 The book of James has gotten a bad rap amongst Christians especially modern protestants It's often considered not as theologically serious as the writings of Paul nor as gracious as the gospels For some it's too works oriented for others just a bit obscure Some have even questioned whether it is truly a Christian book Let's face it You're much more likely to see a seminary course on Romans or Galatians than on James or to hear a sermon for that matter Bruce Epperly doesn't agree with that perspective Not only does he think James has something important to say about the way we live as 21st century Christians just as it did for 1st century Christians but he also doesn't think James is in opposition to Paul He suspects the two apostles would have had no difficulty with each other's theology In this third volume of the Topical Line Drives series he aims to direct readers to the important message of this little book for contemporary Christians He provides a fresh orientation and focus to understanding the message Once you've read his thoughts you'll likely never read James in the same way again Certainly you won't dismiss it
