Sayyid Qutb's Radical Islamism and the Comparative Political Theology Dragos Stoica, 2024-12-15 Sayyid Qutb s *Radical Islamism and The Comparative Political Theology* argues that Sayyid Qutb s radical critique of secular modernity seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought Dragos Stoica claims that Sayyid Qutb s political theology of Hakimiyyah God s Sovereignty is better understood by integrating it in a wider context of the antimodern political theology Thus throughout this book he compares Qutb s critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi 1903 1979 the Spanish Catholic counter revolutionary political theologian Juan Donoso Corte s 1809 1853 as well as the Protestant political theologians Abraham Kuyper 1837 1920 and Rousas J Rushdoony 1916 2001 This book employs a family resemblance cross cultural comparative method and applies a cross disciplinary analytical model that combines comparative political theology with critical discourse analysis Employing these analytical instruments this book compares Qutb and his counterparts via the category of anti modern political theology more precisely through a set of shared antitheses organized around the master concept of God s Sovereignty The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti modern political theology Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God s Sovereignty placed within a larger cross cultural paradigm this book

A Muslim Archipelago

Max L. Gross, 2007 Southeast Asia continues to beckon policymakers and scholars alike to revisit its history in spite of the tomes of appraisals already written deconstructive or otherwise Because of a significant presence of Muslims in the region and particularly in the wake of 9 11 it invariably attracts the attention of foreign powers drawn by the specter of terrorism and focused on rooting out radical Islamist groups said to be working with

al Qaeda Dr Max Gross has written an impressive account of the role of Islam in the politics of Southeast Asia anchored by a strong historical perspective and a comprehensive treatment of current affairs The result is very much a post 9 11 book The origins of Jemaah Islamiyah and its connections with al Qaeda are carefully detailed Yet unlike much of the post 9 11 analysis of the Muslim world Dr Gross s research has been successful in placing the phenomenon of terrorism within a larger perspective While recognizing that al Qaeda s influence on regional terror networks remains unclear it behooves us to be reminded that regardless of the nature and extent of the linkages to dismiss terrorism as a serious threat to security would be na ve to the point of recklessness The Muslim Archipelago is a profoundly Islamic region and Jemaah Islamiyah is only a small portion of this reality The attention Dr Gross pays to ABIM in Malaysia of which I was a part and the civil Islam movement in Indonesia of which the late Nurcholish Madjid was a principal spokesman is greatly appreciated Those unfamiliar with the background and role of the traditional Islamic PAS party in Malaysia as well as the Darul Islam movement in Indonesia will find the author s account highly beneficial The MNLF the MILF and Abu Sayyaf in the Philippines as well as the various Islamic movements in southern Thailand are also carefully explained **A Muslim Archipelago** Max L.

Gross,2007 This book is with a contemporary focus Author Dr Max Gross s purpose is to use history to explain today s Islamic insurgencies in Indonesia Malaysia Thailand and the Philippines and to offer perspectives for the future Muslim Archipelago s unique contribution is that it brings together in one reference a mass of information on the insurgencies in Southeast Asia The country accounts are detailed and thorough as to events organizations dates and participants The chronological context provides Dr Gross the opportunity to give insights about historical casualty His accounting highlights the interaction of the insurgencies within Southeast Asia and their international connection outside the region The detailed presentations in the chapters on Indonesia and Philippines are especially fruitful Included in this nearly 280 page book are detailed four color regional maps charts and historical photos spread throughout the text An extensive bibliography and index are included
