

The background of the book cover is a dramatic, low-key photograph. It shows a dark silhouette of a building, possibly a church or a government structure, against a sky filled with swirling, dark clouds. A bright, glowing light source, likely the sun or moon, is partially obscured by the clouds on the left side, creating a strong backlighting effect. The overall mood is somber and intense.

Radical Islam Vs America:

Radical Islam Vs. America Benjamin Hart, 2003-06 Now that the United States is militarily engaged with radical Islam it is vital Americans understand the nature of the religious war that is upon us Did the attack on the World Trade center have nothing to do with Islam as Britain s Prime Minister Blair put it Is our State Department correct in saying Islam is peace Ben Hart disagrees offering not only a concise history of Islam but also a terrifying narrative of contemporary Islamic religious hatred which harks back to the violent seventh century vision of Muhammad and his successors Unlike Christ or Buddha Muhammed was a man of the sword as well as the word and today the violent strain of Islam has re emerged as a clear and present danger not only to the non Islamic world but also to those of the world s one billion Muslims who follow the more moderate sections of the Koran Hart s quick read on radical Islam is a handy corrective both to today s lack of information and to the misinformation about today s world conflict

Radical Islam in America Chris Heffelfinger, 2011-04-30 The radicalization of Muslims and Islamic institutions in the United States Europe and across the Islamic world has fostered a new generation of Islamist activists many of them willing to use violence to achieve their aims In *Radical Islam in America* Chris Heffelfinger describes the development of the Islamist movement examines its efforts and influence in the West and suggests strategies to reduce or eliminate the threat of Islamist terrorism The book distinguishes Islamism the fundamentalist political movement based on Islamic identity and values from the Muslim faith and explores Islamists substantial inroads with Muslims and Muslim educational institutions in the West since the 1960s as well as the larger relationship between Islamist political activism and militancy Heffelfinger argues that the West has often mischaracterized jihadists as a nihilistic irrational force desiring nothing but death and destruction Instead we need to recognize that Islamists are part of a much broader struggle over the political social economic and legal direction of Muslims around the world Our failure to understand the motives behind terrorist tactics has resulted not only in ineffective counterterrorism strategies but also in the proliferation of Islamist militants and sympathizers Among the hundreds of terrorism related arrests since 9 11 a large number were young socially alienated Muslims who were moved by the jihadist message but not directed by jihadist networks overseas That phenomenon and the ideology behind it is what Western society and governments must fully understand in order to construct a viable policy to confront it This book will appeal to scholars and general readers interested in global politics current affairs Middle East terrorism and counterterrorism

American Heroes in the Fight Against Radical Islam Oliver North, 2008 What is a Hero New York Times best selling author Oliver North says Real heroes are selfless Those who serve America in harm s way in the war against radical Islam have that quality in abundance And so do their families and loved ones at home Yet they rarely get the attention or coverage they deserve Despite the way they are presented by too many in the press and politics the men and women in uniform today are overwhelmingly good I never cease to be amazed at the self discipline of these brave young Americans They can endure the adrenaline pumping violence of an

Radical Islam in the West Brian R. Farmer,2014-01-10 This book explores the challenge posed by the immersion of 15 million Muslims in Western democracies and the few but volatile terrorists present within the larger body of believers The fact that immersion in Western culture is insufficient to stem the tide of extremism is discussed along with the factors that contribute to the growth of radical Islam such as the presence of charismatic authoritarian leadership educational options that downplay critical thinking and colonialism Hope that radical Islam can be kept to a minimum in Western societies is provided by the Islamic concept of Ijtihad through which Muslims reinterpret their own religion Just as mainstream Mormons have dispensed with polygamy and Christians with witch hunting Muslims in Western societies have the potential to minimize the growth of radicalism Instructors considering this book for use in a course may request an examination copy here
