

Radical Monotheism and Western Culture by H. Richard Niebuhr

H. Richard Niebuhr, for many years Sterling Professor of Christian Ethics at Yale University Divinity School, was one of mid-century's most respected teachers and writers. This book presents in revised and expanded form the Montgomery Lectures on Contemporary Civilization which Dr. Niebuhr gave at the University of Nebraska in 1957. The six chapters were originally three lectures. To them are added four supplementary essays that expand and complement the ideas in the Lectures.

Published in Louisville, KY by Westminster/John Knox Press, 1993. Originally published, New York, Harper, 1960. This material prepared for Religion Online by Richard and Sue Kendall.

(ENTIRE BOOK) Niebuhr gives a thorough analysis of faith as confidence and loyalty, and the forms of faith as henotheism, polytheism and radical monotheism. He then analyzes the implications of radical monotheism for western religion, the political community, western science, and ethical value systems.

Forward by James M. Gustafson

Dr. Gustafson introduces Niebuhr's book as making theology and theological thinking intelligible by showing their continuities with other forms of thinking and activity, while at the same time reinterpreting other forms of activity in the light of theology.

I: Introduction: Theology and Faith

This introduction deals with the conflict of faiths in our Western Culture ...a conflict between radical monotheism and polytheism, or henotheism (a social faith which makes a finite cultural or religious society the object of trust and loyalty).

II. The Idea of Radical Monotheism

This chapter contrasts polytheism, social faith and radical faith in the One God.

III. Radical Faith - Incarnate and Revealed in History

This chapter focuses upon the persons and movements through whom radical monotheism finds expression in human history and in all of human life.

IV. Radical Monotheism and Western Religion

Radical Monotheism and Western Civilization Helmut Richard Niebuhr, 1960 **Rediscovering Christian Realism**

James E. Hassell, 2022-10-07 What if there were more helpful ways to deal with the increasing polarization and division within our society What if we could finally overcome the warring between fundamentalists and liberals In *Rediscovering Christian Realism* James Hassell highlights some time tested and proven methods for Christians both to develop and utilize consecrated common sense Christian realism is not so much of a program as it is both a way of accepting our sinful humanity and highlighting the Spirit led way of Jesus Hassell therefore describes ways to temper our idealism without giving into cynicism outlining what he calls The Balanced Approach The Balanced Approach comes from a synthesis of the best work of

past Christian realists such as Reinhold Niebuhr, Emil Brunner, Paul Tillich, John C. Bennett and others. Hassell has researched and described their insights especially for contemporary application in the real world events of the twenty first century. This book is designed especially for those Christians who may find themselves stuck in how to live out their faith more boldly both in the church fellowship and in the public square. **The Theological Imagination** Gordon D.

Kaufman, 1981-01-01 In this challenging work Gordon Kaufman asserts that the prime task of theology is the imaginative construction of the doctrine of God. Kaufman maintains that both the absoluteness of the divinity and our own necessity demand that we construct the doctrine of God critically and in a manner appropriate to our own time and place. In thorough examinations of God and theology, Christ and christology and of the ultimate foundations of religious thought he shows how this construction can be accomplished faithfully and in full realization of our own humanity. Learning to Speak Christian

Stanley Hauerwas, 2014-07-24 The crucial challenge for theology is that when it is read the reader thinks "This is true." Recognizing claims that are true enables readers to identify an honest expression of life's complexities. The trick is to show that theological claims, the words that must be used to speak of God, are necessary if the theologian is to speak honestly of the complexities of life. The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary. **Contemporary Theology: An Introduction, Revised Edition** Kirk R. MacGregor, 2020-07-28

Accessible and comprehensive Contemporary Theology: An Introduction by professor and author Kirk R. MacGregor provides a chronological survey of the major thinkers and schools of thought in modern theology in a manner that is both approachable and intriguing. Unique among introductions to contemporary theology MacGregor includes Evangelical perspectives alongside mainline and liberal developments. The influence of philosophy and the recent Christian philosophical renaissance on theology. Global contributions. Recent developments in exegetical theology. The implications of theological shifts on ethics and church life. Contemporary Theology: An Introduction is noteworthy for making complex thought understandable and for tracing the landscape of modern theology in a well organized and easy to follow manner.

Transforming Faith Joshua Leonard Daniel, 2015-09-09 In the face of apparently rampant individualism there has been a steady call for a return to community and tradition particularly in religious communities and in recent Christian theology and ethics. The form of contemporary life upheld by modern ideals like freedom and universalism the story goes turns out to divide people from each other and from the communal sources of our traditionally moral values. But the call to community too often confuses individualism with individuality assuming that any appeal to individuality as a value or ideal is a rejection of communal goods rather than a mode of promoting those goods. What's necessary now is a recovery of the individual that understands individuality to serve community even in resistance to it. In Transforming Faith Joshua Daniel offers a fresh reading of H. Richard Niebuhr's theological ethics that provides an account of individuality and individual creativity as both the fruits and reformers of community. What is theologically at stake in Daniel's reconstructive interpretation is the human's

existentially resonant relation with God and the christological revitalization of our symbolic and virtuous activity

Faith Negotiating Loyalties Stephen W. Martin, 2008-09-11 Faith Negotiating Loyalties draws readers into the world of Christian faith in South Africa and the question of loyalties in the new post apartheid state It carries out its investigation in two parts Part one examines Christian faith and loyalty during the first nation building exercise following the South African War positioning the creation and contestation of three Christianities corresponding to three nationalisms each of which imagined South Africa in a particular way shaping faith accordingly The idea of an undifferentiated South African Christianity gives way to contesting and contested Christianities nationalism gives way to nationalisms and faith emerges in tension with and in criticism of these loyalties Part two discusses the American theologian H Richard Niebuhr in South Africa Three kinds of faith in his writings are set forth social faith racial faith and reconstructing faith Contextualized within the South African story Niebuhr's ideas suggest self and society as constituted by hybridities and suspended in a web of loyalties Faith Negotiating Loyalties suggests the message for faith in a post apartheid South Africa is the importance of negotiating covenants which allow for crossings hybridities and contestations

The Culture Of Religious Pluralism Richard Wentz, 2018-10-08 Providing a historical context this book examines the challenges that pluralism presents to denominationalism and civil religion and considers the contributions secularism and the New Age movement have made to the culture of religious pluralism

In Quest of a Vital Protestant Center George Demetrios, 2014-10-06 In Quest of a Vital Protestant Center probes the relationship between Scripture and culture in twentieth century US theology and biblical studies It points to the necessity of turning to what Karl Barth has referred to as the strange new world within the Bible for any revitalization of mainline Protestantism in the tradition of the Protestant Reformers in critical dialogue with serious evangelical theology The study includes a historical overview underlying what Demetrios refers to as the fundamentalist modernist great divide which continues to resonate powerfully in contemporary US Protestant thought and culture Demetrios offers an in depth exploration of four representative twentieth century Protestant theologians and biblical scholars

spanning from the conservative evangelical theology of J I Packer to the postliberal dialectical theology of Walter Brueggemann The book includes a chapter on the neo orthodox legacy as a mediating resource in bringing evangelical and postliberal theology into dialogue with the core issues of theology biblical hermeneutics and religious culture Demetrios concludes with a critically empathetic review of the postliberal dialectical theology of Douglas J Hall and the evangelical narrative theology of Richard Lints In linking evangelical postliberal and neo orthodox theology to a common search for a vital Protestant center this book will facilitate fruitful dialogue among divergent schools of Protestant thought and culture
