Rag Called Happiness:

A Rag Called Happiness Nirmal Verma, 1993 **A Rag Called Happiness** Nirmala Varmā, 2014 **Krishna Sobti's Views on Literature and the Poetics of Writing** Rosine-Alice Vuille, 2022-10-03

How does a writer discuss her creative process and her views on a writer's role in society? How do her comments on writing relate to her works? The Hindi writer Krishna Sobti (1925-2019) is known primarily as a novelist. However, she also extensively wrote about her views on the creative process, the figure of the writer, historical writing, and the position of writers within the public sphere. This study is the first to examine in detail the relationship between Sobti's views on poetics as exposed in her non-fictional texts and her own literary practice. The writer's self-representation is analysed through her use of metaphors to explain her creative process. Sobti's construction of the figure of the writer is then put in parallel with her idiosyncratic use of language as a representation of the heterogeneous voices of her characters and with her conception of literature as a space where time and memory can be held. At the same time, by delving into Sobti's position in the debate around women's writing, especially through the creation of a male double, the failed writer Hashmat, and into her views on literature and politics, this book also reflects on the literary debates of the post-Independence Hindi literary sphere.

The Politics of Modern Indian Language Literature MK Raghavendra, 2024-04-16

Indian literature is produced in a wealth of languages, but there is an asymmetry in the exposure the writing gets, which owes partly to the politics of translation into English. This book represents the first comprehensive political scrutiny of the concerns and attitudes of Indian language literature after 1947, to cover such a wide range, including voices from the cultural margins of the nation like Kashmiri and Manipuri, that of women alongside those of minority and marginalised communities. In examining the politics of the writing, especially in relation to concerns like nationhood, caste, tradition, and modernity, postcoloniality, gender issues, and religious conflict, the book goes beyond the declared ideology of each writer to get at covert significations, pointing to widely shared but often unacknowledged biases. The book is deeply analytical but lucid and jargon-free, and to those unfamiliar with the writers, it introduces a new keenness into Indian literary criticism to make its objects exciting.

This My Body Is Kiklos Kuldeep Singh, 2024-08-14

First, a word about Kiklos. A variant spelling of the Greek word *Kyklos*, meaning cycle or circle, it is in the present context to quote Nevil Coghill, President of the Poetry Society, which first published the Gavin Bantock poem in question, namely *Ichor*, the circle-city of person itself. *This My Body Is Kiklos* is a quote from *Ichor* that retraces Parminder Singh's journey into the dim and distant past, another inwards. In the course of his journey, he encounters the girl he broke faith with, the wife he couldn't quite convince of his love, the aged parents he let down, violent death meted out to his cousins in the aftermath of the assassination of the Prime Minister by two Sikh bodyguards. Parminder's is a journey in quest of the songbird where it nests in a stilled heart.

The Oxford Guide to Literature in English Translation Peter France, 2000

Translation has been a crucial process in world culture over the past two millennia and more. In the English-speaking cultures, many of the most important texts are translations from Homer to

Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

The Call of the Twentieth Century David Starr Jordan, 1903 *The Call of Twentieth Century* David Starr Jordan, 2018-05-23 Reproduction of the original *The Call of Twentieth Century* by David Starr Jordan *'Happy' Norman, Volume I (1927-1957)* Keith J. Norman, 2016-12-02 The Extraordinary Life of an Ordinary Man in Letters to my Grandchildren and Other Friends Give me the child and I will give you the man is the first of five volumes that constitute the autobiography of Keith Norman Having approached an age when one is naturally drawn to reflection Keith decided to share his experiences through letters to his grandchildren offering friendly advice not designed to instruct but rather to protect and illuminate After the first letters were enthusiastically received and succumbing to pressure from friends and family Keith embarked on a

task of writing about his life to a wider audience The first book begins with the question whether our lives are more determined by our childhood experiences and environment or by our DNA St Francis Xavier Cabrini seemed to assert that anyone's potential can be formed in the first 7 years of a child's life but is it so As the details of his life are placed on paper in an orderly fashion Keith is attempting to discover how and why his life unfolded the way it did from a young boy who spent his early years as an WW2 evacuee with little direct adult guidance and away from his parents Only after his release from the Army in 1948 was he reunited with his family and within a year he had set out a completely independent path of his own This period would account for his immense sense of independence and self sufficiency But what made him seek and attain some of the best university degrees the Western World had to offer And how this mixture of experience and education guided sometimes mislead him in his personal and entrepreneurial challenges in life This first volume presents an entertaining and intelligent self examination of the formative years of a life that stretches over eight decades five continents dozens of cultures and industries with wit integrity and humility When you turn the last page of this volume you will see that there is nothing ordinary about Keith Norman as he opens the door into his life and invites you on to a journey which cannot fail to move and entertain
