Rage Of Innocence:

The Rage of Innocence Kristin Henning, 2021-09-28 A brilliant analysis of the foundations of racist policing in America the day to day brutalities largely hidden from public view endured by Black youth growing up under constant police surveillance and the persistent threat of physical and psychological abuse Storytelling that can make people understand the racial inequities of the legal system and restore the humanity this system has cruelly stripped from its victims New York Times Book Review Drawing upon twenty five years of experience representing Black youth in Washington D C s juvenile courts Kristin Henning confronts America s irrational manufactured fears of these young people and makes a powerfully compelling case that the crisis in racist American policing begins with its relationship to Black children Henning explains how discriminatory and aggressive policing has socialized a generation of Black teenagers to fear resent and resist the police and she details the long term consequences of racism that they experience at the hands of the police and their vigilante surrogates She makes clear that unlike White youth who are afforded the freedom to test boundaries experiment with sex and drugs and figure out who they are and who they want to be Black youth are seen as a threat to White America and are denied healthy adolescent development She examines the criminalization of Black adolescent play and sexuality and of Black fashion hair and music She limns the effects of police presence in schools and the depth of police induced trauma in Black adolescents Especially in the wake of the recent unprecedented worldwide outrage at racial injustice and inequality **The Rage of Innocence** is an essential book for our moment

A Rage of Innocence Kay MITCHELL, 1997 **Hurting Kids** Michelle Mary Lelwica, 2024-08-01 **Hurting Kids** explores religion s impact on Americans beliefs about justice and on teenagers who get in trouble with the law Why do many of us assume that punishment is an appropriate moral response to crime How have diverging Christian narratives about divine punishment and God s mercy supported different responses to juvenile wrongdoing What do these competing notions of justice imply for youth offenders today nearly all of whom have been violated by the unjust and traumatic circumstances of their lives Weaving together research on the juvenile justice system theological analysis self examination of white privilege and the stories and perspectives of incarcerated youth **Hurting Kids** asks us to understand and care about the complicated humanity of a population of teenagers who are often deemed not only delinquent but dispensable Sharing snippets of her conversations with incarcerated youth Lelwica demonstrates that

whatever harm these kids have inflicted on others is rooted in the painful experiences they have survived experiences that are shaped by systemic injustices that benefit people with privilege Ultimately Hurting Kids challenges common assumptions about guilt and innocence while advocating for a kind of justice for youth that promotes equity compassion accountability and healing for all *American Awakening* Joshua Mitchell,2022-12-13 America has always been committed to the idea that citizens can work together to build a common world Today three afflictions keep us from pursuing that noble ideal The first and most obvious affliction is identity politics which seeks to transform America by turning politics into a religious venue of sacrificial offering For now the sacrificial scapegoat is the white heterosexual man After he is humiliated and purged who will be the object of cathartic rage White women Black men Identity politics is the anti egalitarian spiritual eugenics of our age It demands that pure and innocent groups ascend and the stained transgressor groups be purged The second affliction is that citizens oscillate back and forth in bipolar fashion at one moment feeling invincible on their social media platforms and the next feeling impotent to face the everyday problems of life without the guidance of experts and global managers Third Americans are afflicted by a disease that cannot quite be named characterized by an addictive hope that they can find cheap shortcuts that bypass the difficult labors of everyday life Instead of real friendship we seek social media friends Instead of meals at home we order fast food Instead of real shopping we shop online Instead of counting on our families and neighbors to address our problems we look to the state to take care of us In its many forms this disease promises release from our labors yet impoverishes us all *American Awakening* chronicles all of these problems yet gives us hope for the future
