Memories. Some memories are elusive, fleeting like a butterfly that touches down and is free until it is caught. Others are haunting. You'd rather forget them but they won't be forgotten. And some are always there. No matter where you are, they are there too. In this moving story of legacy and reclamation, two young sisters are taken from their home and family. Powerless in a broken system, April and Cheryl are separated and placed in different foster homes. Despite the distance, they remain close even as their decisions threaten to divide them emotionally, culturally, and geographically. As one sister embraces her Métis identity, the other tries to leave it behind. Will the sisters' bond survive as they struggle to make their way in a society that is often indifferent, hostile, and violent? The first edition of *In Search of April Raintree*, published in 1984, has since touched many generations of readers, becoming a Canadian school classic. In this edition, ten critical essays accompany one of the best-known texts by an Indigenous author in Canada.
