Rielly, 2024-02-19 America's entrance into the wars in Vietnam came as a result of several factors Among them was the necessity of bolstering French influence in the area in the face of mounting communist expansion This expansion was intensified by the outbreak of the Korean War making it necessary for the United States to revamp its Southeast Asian policy During the French era control of Vietnam's rivers streams and canals became necessary This led various factions to develop specialized military units heavily dependent on new types of river craft that could traverse the myriad waterways in Vietnam The focal point of this study is a new assessment of the conduct of river warfare Drawing on little known French Vietnamese and American sources and materials it sheds light on an important aspect of the Vietnam War Chapters also detail numerous aspects of river warfare not generally covered in other books on the subject A Study Guide for Tim O'Brien's "On the Rainy River" Gale, Cengage Learning, A Study Guide for Tim O Brien s On the Rainy River excerpted from Gale s acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for

Green, 2019-06-25 During World War II 12 000 Allied prisoners of war died while constructing a bridge over the river Kwai in western Thailand and then a railway through the thick jungles of the Kwai Valley all the way to Burma Decades later during the Vietnam War Jonathan R C Green enlisted as a medic in the U S Army expecting to take care of wounded Americans and Asians but was kept in a Stateside assignment instead much to his frustration So shortly before his enlistment expired he applied for the Peace Corps and asked to serve in Southeast Asia Six weeks after leaving the Army he arrived in Thailand as a Peace Corps Volunteer His job assignment was to fight malaria by controlling the mosquito populations in remote jungle villages in the valley of the infamous River Kwai Besides the hazards posed by snakes scorpions and centipedes in the jungle he ran the risk of contracting malaria dengue fever and other mosquito borne diseases while suffering severe bouts of dysentery He often had to live on a monotonous diet of rice bamboo shoots and hot sauce three times a day with the only reasonably safe drinking water coming from rain barrels teeming with mosquito larvae While becoming accustomed to a rugged lifestyle in the jungle he had to quickly learn a complex language and exotic culture An inadvertent misstep in manners could have damaged his credibility and hence the outcome of his undertaking as badly as
