The Neolithic of Britain and Ireland Vicki Cummings,2017-05-18 The Neolithic of Britain and Ireland provides a synthesis of this dynamic period of prehistory from the end of the Mesolithic through to the early Beaker period Drawing on new excavations and the application of new scientific approaches to data from this period this book considers both life and death in the Neolithic It offers a clear and concise introduction to this period but with an emphasis on the wider and on going research questions It is an important text for students new to the study of this period of prehistory as well as acting as a reference for students and scholars already researching this area The book begins by considering the Mesolithic prelude specifically the millennium prior to the start of the Neolithic in Britain and Ireland It then goes on to consider what life was like for people at the time alongside the monumental record and how people treated the dead This is presented chronologically with separate chapters

on the early Neolithic middle Neolithic late Neolithic and early Beaker periods Finally it considers future research priorities for the study of the Neolithic A school atlas of physical geography Alexander Keith Johnston,1873 **Journal of the Royal Asiatic Society of Great Britain and Ireland** ,1907 **Water-power in the British Empire** Conjoint Board of Scientific Societies.
