Riza Shah Pahlavi:

Mohammed Reza Pahlavi, Shah of Iran James D. Cockcroft, 1989 Describes the life of the Shah of Iran his achievements and his downfall *The Life and Times of the Shah* Gholam Reza Afkhami, 2009-01-12 This epic biography a gripping insider's account is a long overdue chronicle of the life and times of Mohammad Reza Shah who ruled from 1941 to 1979 as the last Iranian monarch Gholam Reza Afkhami uses his unparalleled access to a large number of individuals including high ranking figures in the Shah's regime members of his family and members of the opposition to depict the unfolding of the Shah's life against the forces and events that shaped the development of modern Iran The first major biography of the Shah in twenty five years this richly detailed account provides a radically new perspective on key events in Iranian history including the 1979 revolution U S Iran relations and Iran's nuclear program It also sheds new light on what now drives political and cultural currents in a country at the heart of today's most perplexing geopolitical dilemmas *Great Britain & Reza Shah* Mohammad Gholi Majd, 2001 A completely fresh interpretation of the 1921-1941 Pahlavi period Majd has come upon a gold mine of information on this controversial period of Persian history The details and freshness of the figures are explosive Even more explosive are the land acquisitions materials and the information on the work of the Shah's secret police Hafez Farmayan University of Texas at Austin Using recently declassified U S State Department archives Mohammad Gholi Majd describes the rampant tyranny and destruction of Iran in the decades between the two world wars in a sensational yet thoroughly scholarly study that will rewrite the political and economic history of the country The book begins with the British invasion of Iran in April 1918 and ends with the Anglo Russian invasion in August 1941 Though historians are aware of the events that ensued until now they have had no written evidence of the dreadful magnitude of the activities Majd documents how the British brought to power an obscure and semi illiterate military officer Reza Khan who was made Shah in 1925 Thereafter Majd shows Iran was subjected to a level of brutality not seen for centuries He also documents the financial plunder of the country during the period records show that Reza Shah looted the bulk of Iran's oil revenues on the pretext of buying arms amassing at least 100 million in his London bank accounts and huge sums in New York and Switzerland Not even Iran's ancient crown jewels were spared In contrast to incomplete and unreliable British records for the period the recently declassified archives and bank records that Majd uses encompass a wide range of political social military and economic matters A work with immense implications this book will correct the myth in Iranian history that the period 1921-41 was one of unqualified progress and reform **The Shah's Story** Mohammad Reza Pahlavi (Shah of Iran), 1980 *Iran and the Rise of Reza Shah* Sīrūs Ghani, 1998-12-31 The post World War I years were a crucial period in the birth of the modern Iranian state This book has been researched from Iranian and British sources *The Age of Aryamehr* Roham Alvandi, 2018-07-15 Fully incorporates Pahlavi Iran into the global history of the 1960s and 70s when Iran mattered far beyond its borders The reign of the last Shah of Iran Mohammad Reza Pahlavi 1941-79 marked the high point of

Iran's global interconnectedness Never before had Iranians felt the impact of global political social economic and cultural forces so intimately in their national and daily lives nor had Iranian actors played such an important global role on battlefields barricades and in board rooms far beyond Iran's borders Iranian intellectuals technocrats politicians workers artists and students alike were influenced by the global ideas movements markets and conflicts that they also helped to shape From the launch of the Shah's White Revolution in 1963 to his overthrow in the popular revolution of 1978-79 Iran saw the longest period of sustained economic growth that the country had ever experienced An entire generation took its cue from the shift from oil consumption to oil production to dream of and aspire to a modernized Iran and the history of Iran in this period has tended to be presented as a prologue to the revolution Those histories usually locate the political social and cultural origins of the revolution firmly within a national context into which global actors intruded as Iranian actors retreated While engaging with that national narrative this volume is concerned with Iran's place in the global history of the 1960s and 70s It examines and highlights the transnational threads that connected Pahlavi Iran to the world from global traffic in modern art and narcotics to the embrace of American social science by Iranian technocrats and the encounter of European intellectuals with the Iranian Revolution

The Last Shah Ray Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries An original interpretation that puts Iranian actors where they belong at center stage Michael Doran Wall Street Journal An extraordinary account Deeply nuanced and eloquent Benjamin Weinthal Jerusalem Post Offering a new view of one of America's most important infamously strained and widely misunderstood relationships of the postwar era this book tells the history of America and Iran from the time the last shah Mohammad Reza Pahlavi was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power This revolution was not as many believe the popular overthrow of a powerful and ruthless puppet of the United States rather it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini significantly revising our understanding of America and Iran's complex and difficult history

The Shah's Iran - Rise and Fall Abdolreza Ansari, 2016-11-28 A chance encounter diverted Abdolreza Ansari from completing his PhD in the US and set him on a professional journey which mirrored the prolific rise and the precipitous fall of the regime of Shah Mohammad Reza Pahlavi of Iran Ansari's government career took off when he became Iran's Treasurer General at the age of 32 In this role he restructured the fiscal management of the country and revamped its social security system He was appointed Minister of Labor and Social Affairs at 34 where he created the Workers Welfare Bank to support the labour force of the country As Iran was about to enter a period of rapid development Ansari was called upon to take charge of the largest development project of

United States Relation from 1811 to 2007 I wrote after the change of the regime in Iran from Qajar to Pahlavi for around ten years the England was the only foreign power that had influence in domestic as well foreign policies of Iran till Ali Akbar Davar then minister for finance tried to enhance bilateral relations of Iran and the United States in the economic field Davar succeeded to give an oil concession to Sinclair in 1936 but soon after became the victim of his venture and committed suicide When Hitler became stronger in Europe Reza Shah established better relations with the Germans hoping they could act as a counter weight making equilibrium between England Soviet Union rivalries He invited handful German engineers that never exceeded of 300 persons mainly for improvement of Iran s industry the action which became essential pretext for occupation of Iran from the North and the South on August 25 1941 Reza Shah had to leave the country and his son succeeded his father on September 16 1941 During next 37 years Iran passed a very hard time during which the United States became the first foreign power in Iran in the most of the time The United States was only real victorious power of the WWII therefore this country successfully managed to become sole inheritor of Imperialist England who lost the grounds in all domains in the Middle East in general and Iran in particular to the United States The United States recommended Shah to enhance its revenue from the oil which lead to the nationalization of oil industry in Iran in 1952 but when they found that Dr Mossadegh is not ready to loosen the law of nationalization they became his arch enemy got what they wanted through a coup d etat By organizing the coup the United States wanted to reach following goals among other things To install a weak Shah in the country To get considerable share of the oil of Iran To contain the influence of the Soviet Union To create a rivalry among Iran and Saudi Arabia To create weaponry competition in region But at the mean time the immediate consequence of the coup was evaporating the popularity of the United States among Iranians This unpopularity at the end became a pretext for attacking the United States Embassy in Tehran after revolution of February 11 1979 Moreover to me even the current enmity has root in the 1953 coup Another immediate long consequence of 1953 coup was the loosening the position of the Shah in Iran In fact Shah never got heartily support of its people It would be great mistake if we blame the United States for all mishaps occurring in Iran to Shah and his reign The character of Shah had an important role in his fate too He was relatively a weak person in compare to his father Reza Shah who tried to cherish his son in his own way but could not do it When Shah acceded to the throne he was very young And later on up to 1953 there were well experienced statesmen such as Foroughi Qavam Hakimi who runs the country in a more or less safe passage but Shah had enmity with most of them After the coup he did not tolerate Ali Amini or other experienced statesmen He appointed young inexperienced persons such as Alam Eqbal Shah especially after the aborted attack to his life in the Marmar Palace on April 10 1965 gradually isolated himself totally from the nation He thought that only way of ruling is to have an arrogant behavior even with his closest servant After all there is no doubt that people of Iran has been the main loser of the Pahlavi rule in Iran for 55 years In 1979 after the departure of Shah from Iran United States had to leave Iran too and now it is near 34 years that there is no diplomatic

relation between two countries and many think there would be a war which will weigh by the United States against Iran with this pretext that Iran is trying to build Atomic bombs

The Rise and Fall of the Pahlavi Dynasty Husayn Fardūst, 1998-12-31

A country of extreme strategic importance Iran has undergone profound often dramatic changes Its geographical importance and rich resources have always made Iran a prime target for the covetous eyes of mighty world powers With its unique geographical position Iran has been the main center for superpower rivalries with its rulers seeking protection from one power against the other It also aims at providing a comprehensive and objective consideration of the major contemporary issues examining the factors which brought down a regime which was loyal to and an ally of the United States and the clerical led movement which toppled the pro Western Shah's regime
