## **Road To Hell How The Biker Gangs Are Conquering Canada:**

The Road to Hell Julian Sher, William Marsden, 2010-06-11 In this definitive up to the minute account of the Hells Angels in Canada two veteran journalists investigate why the recent imprisonment of feared biker leader Maurice Mom Boucher is too little too late By the spring of 2002 Boucher was safely in prison but the Hells Angels had grown to 37 chapters with close to 600 members across the country They had taken over the drug trade and continued their rapid expansion into Ontario with a recent high profile enlistment or patchover of 168 members from other gangs In Winnipeg gang warfare turned ugly as the Hells muscled out the competition and firebombed a policeman s home In Vancouver they secured a stranglehold on smuggling in the all important West Coast port The Road to Hell is the story of how the Hells have taken over the Canadian crime scene how politicians dithered while overburdened prosecutors burned out and lost major cases how police brass squabbled while a handful of dedicated cops worked years to amass their evidence how a few citizens stood up the bikers and paid for that bravery with their lives Murder plots drug deals money laundering and assassinations are brought to life through never before revealed police files wiretaps and surveillance tapes In gripping prose the authors tell all about Boucher s war on the justice system how he finally lost in Quebec thanks in part to Danny Kane a reluctant biker turned informer but how across Canada the Hells have succeeded in building a national crime empire The RCMP and then the police in Montreal would run Danny Kane as one of the most successful and most secretive agents ever to infiltrate organized crime Kane would climb all the way to the top from a lowly hangaround to a trusted confidante of the Quebec Nomads the elite chapter led by the top Hells Angels lieutenants of Maurice Mom Boucher And through his entire six year career as a spy few people even inside the police would ever know about his dangerous double life from The Road to Hell **The Encyclopedia**

**of Canadian Organized Crime** Peter Edwards, Michel Auger, 2012-07-31 Unbeknownst to most there has always been an active circle of crime in Canada From Al Capone who dodged the heat during Prohibition in a network of tunnels under Moose Jaw Saskatchewan to Montreal s Rizutto family this updated edition of The Encyclopedia of Canadian Organized Crime profiles the most notorious criminals this country has ever seen Reporters Peter Edwards and Michel Auger pool their research and expertise to provide a compendium of the personalities and crimes that have kept Canadian law enforcement busy for centuries **Canadian Books in Print. Author and Title Index**, 1975 *Biker Gangs and Organized Crime*

Thomas Barker, 2010-04-06 This book examines the reported criminal behavior of the entire spectrum of 1% biker clubs and members It identifies the clubs whose members have been involved in criminal behavior and classifies their behaviors as individual group or club sponsored condoned behavior While other books examine the criminal exploits of one or more of what are called the Big Five biker clubs because of their size and sophistication or the sensational crimes of lesser known 1% biker clubs or club members this book pays attention to the criminal activities of individuals groups and chapters of other clubs as well The book is based on journalistic accounts and autobiographies of former and present members of biker clubs

academic scholarly works law enforcement government reports articles from newspapers and biker web sites and a content analysis of federal and state court cases regarding bikers and motorcycle clubs Text enhanced with numerous photos and figures Outlaw Bikers as Organized Crime Arjan Blokland,Klaus Von Lampe,Sjoukje van Deuren,2024-08-05 The title of this volume Outlaw Bikers as Organized Crime reluctantly combines two highly contested concepts into a statement that is perhaps disputed even more Who and what do we refer to when we talk about outlaw bikers and outlaw biker clubs What is meant by organized crime And how if at all are these two concepts related All the chapters in this volume deal with these questions some way or the other either explicitly or implicitly each providing its own answers based on the data and methods at hand This volume presents cutting edge research on outlaw bikers and outlaw biker clubs from countries all over the globe and reflects the different ways that academic researchers have approached the outlaw biker phenomenon from the theoretical and methodological vantage point of organized crime research Montreal's Irish Mafia D'Arcy

O'Connor,2011-03-16 Their names resonate with organized crime in Montreal the Matticks MacAllisters Johnstons and Griffins and Peter Dunie Ryan They are the Irish equivalent of the infamous Rizzuto and Cotroni families and the Mom Bouchers and Walter Stadnicks of the Hells Angels Award winning producer journalist and author D Arcy O Connor narrates the genesis and rise to power of one of Montreal s most powerful violent and colorful criminal organizations It is the West End Gang whose members controlled the docks and fought the Hells Angels and Mafia for their share of the city s prostitution gambling loan sharking and drug dealing At times they did not disdain forging alliances with rival gangs when huge profits were at stake or when a killing needed to be carried out The West End Gang the Irish Mafia of Montreal is a legendary beast They sprang out of the impoverished southwest of the city some looking for ways to earn enough just to survive some wanting more than a job in an abattoir or on a construction site In that sense they were no different from other immigrants from Italy and other European countries A shortcut to wealth was their common goal And Montreal with its burgeoning post WWII population was ripe for the picking The Irish Mob made headlines with a spectacular Brinks robbery in 1976 using the money to broker a major heroin and cocaine trafficking ring It took over the Port of Montreal controlling the flow of drugs into the city drugs which the Mafia funnelled to New York The West End Gang had connections to the cocaine cartel in Colombia hashish brokers in Morocco and France and marijuana growers in Mexico The gang imported drugs on an enormous scale One bust that took place off the coast of Angola in 2006 involved 22 5 tonnes of hashish destined for Montreal The West End Gang is a ripping tale that unveils yet another chapter in Montreal s colorful criminal underworld

**Organized Crime** Frank Shanty,Patit Paban Mishra,2007-09-24 This fascinating work is a two volume guide to the shadow world the critical issues and the global reach of organized crime Despite its impact on international security and the world economy organized crime is an unusual topic for a reference book Difficult to research the high profit high risk subculture of drug lords diamond smugglers and sex slavers is rarely investigated by scholars Organized Crime An

International Encyclopedia ventures behind the scenes into this hazardous territory In the first volume expert contributors offer a global perspective on issues such as weapons and arms trafficking high tech and cyber crimes the future of organized crime and the connection between organized crime and armed conflicts The second volume consists entirely of primary documents national and international laws and treaties that reflect the international community s many attempts largely ineffective to combat organized crime Together the two volumes provide students and general readers with a road map to a shadow world with far reaching impact on the world we know

**Thieves of Bay Street** Bruce Livesey,2012-03-27 A newsmaking expos about why Canada s financial industry is a haven for fraud Beneath the veneer of stability that saw Canada s banking sector through the financial crash of 2008 investigative reporter Bruce Livesey has uncovered a rampant failure of epidemic proportions Though no large financial institution has recently gone bust in this country white collar criminals scam artists Ponzi schemers and organized crime from the Hells Angels to the Russian mafia know that Canada is the place in the Western world to rip off investors And the fraudsters do so with little fear of being caught and punished Thieves of Bay Street investigates Canada s biggest financial scandals of recent years Readers will learn what banks do with investors money and what happens when they lose it They will meet the bogus investment gurus the brokers who lose money with both reckless abandon and impunity the bankers who squander money in toxic investments the lawyers who protect them and the regulators who do nothing to keep them from doing it again And most importantly they ll meet the victims who are demanding that our vaunted banking sector finally come clean on its dirtiest secret

Alberta oil and gas industry revealing how Canada's richest province is squandering our chance for a sustainable future In its desperate search for oil and gas riches Alberta is destroying itself As the world teeters on the edge of catastrophic climate change Alberta plunges ahead with uncontrolled development of its fossil fuels levelling its northern Boreal forest to get at the oil sands and carpet bombing its southern half with tens of thousands of gas wells In so doing it is running out of water destroying its range land wiping out its forests and wildlife and spewing huge amounts of greenhouse gases into the atmosphere adding to global warming at a rate that is unrivalled in Canada or almost anywhere else in the world It's digging drilling and blasting its way to oblivion becoming the ultimate symbol of Canada's and the world's pathological will to self destruct Nowhere has the world seen such colossal environmental destruction as is being wreaked on Alberta At one point the province even went so far as to consider a scientist's idea of nuking its underbelly to get at the tar sands Stupid to the Last Drop looks at the increasingly violent geopolitical forces that are gathering as the world's gas and oil dwindle and the Age of Oil begins its inevitable slide towards oblivion As Canadians deplete their energy reserves selling them off to Americans at bargain basement prices no thought is given to conservation or the long term needs of the nation In this powerful polemic William Marsden journeys across the heart of a province seized by the destructive forces of greed power and the energy business and envisions a very bleak future

journalists and lawyers to clear his name once and for all      **Fools Rule** William Marsden,2011-10-25 This eloquent rage inciting polemic about the global failure to deal with climate change will appeal to readers of Tim Flannery George Monbiot and Bill McKibben and anyone concerned with the economic and environmental future of our planet Kyoto 1997 Montreal 2005 Copenhagen 2009 Cancun 2010 In Fools Rule Marsden illustrates how inefficient and short sighted political negotiations have become despite mounting scientific evidence that immediate action is essential to curb the effects of climate change International climate change summits are now widely monitored events attended by state leaders and crowded with journalists yet somehow they have never been less productive Treaties and action plans are smothered by economic self interest diplomatic errors and every nation s hungry scramble for its share of the remaining atmospheric space Marsden takes us from inside the bungled negotiations at Copenhagen to the melting glaciers and untapped oil reserves of the Arctic he shows us the paralyzing effect oil and gas companies have on green legal initiatives in the United States and therefore on any international climate change treaty and with wit and penetrating insight he asks the toughest question will we be able to change before it s too late      Transformations of Policing Alistair Henry,2017-05-15 Police and People in London is still the largest and most detailed study of a police force and its relations with the public that has yet been undertaken in Britain The twenty three years since its publication has seen a constantly accelerating rate of change in the legal framework of policing in the arrangements for democratic accountability of the police in the technologies involved in crime and policing in management structures and methods in the police service in financial control systems imposed by central government and in methods of assessing police performance Over the same period crime control has moved from the bottom to the top of the political agenda leading to increasing pressure on the police to be seen to be effective Transformations of Policing returns to the central issues discussed in 1983 and considers whether the main conclusions need to be revised in the light of what has happened since It also reviews areas of debate and research that have emerged more recently and highlights areas of turbulence that are creating fundamentally different patterns from before and raising genuinely new questions      **22 Murders** Paul Palango,2022-04-12 1 NATIONAL BESTSELLER A shocking expos of the deadliest killing spree in Canadian history and how police tragically failed its victims and survivors As news broke of a killer rampaging across the tiny community of Portapique Nova Scotia late on April 18 2020 details were oddly hard to come by Who was the killer Why was he not apprehended What were police doing How many were dead And why was the gunman still on the loose the next morning and killing again The RCMP was largely silent then and continued to obscure the actions of dentist Gabriel Wortman after an officer shot and killed him at a gas station during a chance encounter Though retired as an investigative journalist and author Paul Palango spent much of his career reporting on Canada s troubled national police force Watching the RCMP stumble through the Portapique massacre only a few hours from his Nova Scotia home Palango knew the story behind the headlines was more complicated and damning than anyone was willing to admit With the COVID

19 lockdown sealing off the Maritimes no journalist in the province knew the RCMP better than Palango did Within a month he was back in print and on the radio peeling away the layers of this murderous episode as only he could and unearthing the collision of failure and malfeasance that cost a quiet community 22 innocent lives
