Robert Browning, 2007 Annotation In the 1880s the aging Browning showed once again the remarkable versatility of his lyric and narrative talents Ranging across eras and cultures the books here reveal his late thoughts about history myth legend faith love and desire He had never been more popular and the founding of the Browning Society in 1881 expanded both his audience and his sense of his place in English letters The first title in Volume XV is *Dramatic Idylls* Second Series 1880 Taking his subjects from classical history colonial India Arabian legend medieval sorcery Jewish folk tales and Greek myth Browning startles the reader with the rapidity of his thought and the inventiveness of his art In *Jocoseria* 1883 Browning's subjects range across time and space from Hebraic legend to the England of the Romantics Such variety helped attract new readers *Jocoseria* was immediately successful and a second edition was printed in the same year as the first Although Browning's next volume *Ferishtah's Fancies* 1884 was so

popular that three editions were printed in less than two years this artful string of anecdotes and lyrics has attracted little favorable criticism The materials Persian legends and Arabic backgrounds chimed with the wildly popular Orientalism of FitzGerald's Rubiyat Whistler's Peacock Room and Alma Tadema's paintings But the thought was pure Browning in his most optimistic vein and not at all in tune with the growing pessimism of the day As always in this series of critical editions a complete record of textual variants is provided as well as extensive explanatory notes

Chesterton 1922 by Patrick Braybrooke      G.K. Chesterton, London and Modernity Matthew Beaumont, Matthew Ingleby, 2013-12-05 G K Chesterton London and Modernity is the first book to explore the persistent theme of the city in Chesterton's writing. Situating him in relation to both Victorian and Modernist literary paradigms, the book explores a range of theoretical and methodological approaches to address the way his imaginative investments and political interventions conceive urban modernity and the central figure of London. While Chesterton's work has often been valued for its wit and whimsy, this book argues that he is also a distinctive urban commentator whose sophistication has been underappreciated in comparison to more canonical contemporaries. With chapters written by leading scholars in the field of 20th century literature, the book also provides fresh readings and suggests new contexts for central texts such as *The Man Who Was Thursday*, *The Napoleon of Notting Hill* and the Father Brown stories. It also discusses lesser-known works such as *Manalive* and *The Club of Queer Trades*, drawing out their significance for scholars interested in urban representation and practice in the first three decades of the 20th century.

**Things as They Are** Duncan Reyburn, 2017-08-31 The jovial journalist philosopher and theologian G K Chesterton felt that the world was almost always in permanent danger of being misjudged or even overlooked and so the pursuit of understanding insight and awareness was his perpetual preoccupation Being sensitive to the boundaries and possibilities of perception he believed that it really was possible albeit in a limited way to see things as they are Duncan Reyburn marrying Chesterton s unique perspective with the discipline of philosophical hermeneutics aims to outline what Chesterton can teach us about reading interpreting and participating in the drama of meaning as it unfolds before us in words and in the world Chesterton s unique interpretive approach seems to be the implicit fascination of all Chesterton scholarship to date and yet this book is the first to comprehensively focus on the issue By taking Chesterton back to his philosophical roots via his marginalia his approach to literary criticism his Platonist Thomist metaphysics and his Roman Catholic theology Reyburn explicitly and compellingly tackles the philosophical assumptions and goals that underpin his unique posture towards reality
