Hitler's People Richard J Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail A fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime's leadership one of our greatest historians answers the enduring question how does a society come to carry out a program of unspeakable evil Richard Evans author of the acclaimed *The Third Reich Trilogy* and over two dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in *Hitler's People* he brings us back to the original site of the Nazi movement namely the lives of its most important members Working in concentric circles out from Hitler and his closest allies Evans forms a typological framework of Germany society under Nazi rule from the top down With a novelist's eye for detail Evans explains the Third Reich through the personal failings and professional ambitions of its members from its most notorious deputies like Goebbels the regime's propagandist and Himmler the Holocaust's chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten like the schoolteacher Julius Streicher and the actress Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources *Hitler's People* lays bare the inner and outer lives of the characters whose choices led to the deaths of millions Nearly a century after Hitler's rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn

The Jewish Enemy Jeffrey Herf, 2008-04-30 The sheer magnitude of the Holocaust has commanded our attention for the past sixty years The extent of atrocities however has overshadowed the calculus Nazis used to justify their deeds According to German wartime media it was German citizens who were targeted for extinction by a vast international conspiracy Leading the assault was an insidious belligerent Jewish clique so crafty and powerful that it managed to manipulate the actions of Roosevelt Churchill and Stalin Hitler portrayed the Holocaust as a defensive act a necessary move to destroy the Jews before they destroyed Germany Joseph Goebbels Minister of Propaganda and Otto Dietrich's Press Office translated this fanatical vision into a coherent cautionary narrative which the Nazi propaganda machine disseminated into the recesses of everyday life Calling on impressive archival research Jeffrey Herf recreates the wall posters that Germans saw while waiting for the streetcar the radio speeches they heard at home or on the street the headlines that blared from newsstands *The Jewish Enemy* is the first extensive study of how anti-Semitism pervaded and shaped Nazi propaganda during World War II and the Holocaust and how it pulled together the diverse

elements of a delusionary Nazi worldview Here we find an original and haunting exposition of the ways in which Hitler legitimized war and genocide to his own people as necessary to destroy an allegedly omnipotent Jewish foe In an era when both anti Semitism and conspiracy theories continue to influence world politics Herf offers a timely reminder of their dangers along with a fresh interpretation of the paranoia underlying the ideology of the Third Reich **LIFE** ,1946-02-04 **LIFE Magazine** is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use Gregory Owen,2006 Recalls the experiences of Karl Baumann who joined the German Merchant Marine as a cabin boy at the age of fourteen in 1939 Baumann enlisted in the German Navy or Kriegsmarine in 1941 and served as an anti aircraft gunner in the submarine service until his surrender to American forces in 1944 Describes Baumann s internment at the prisoner of war camp at Lyndhurst Virginia his repatriation to Germany and his subsequent emigration to Virginia in 1951 **The Nazi Party**

Nazi Conspiracy and Aggression (Complete) Various Authors, 2000-01-01 On the 2d day of May 1945 President Truman signed Executive Order 9547 appointing Justice Robert H Jackson as Representative of the United States and as its Chief of Counsel in the preparation and prosecution of the case against the major Axis war criminals Since that date and up to the present the staff of the Office of Chief of Counsel or OCC has been engaged continuously in the discovery collection examination translation and marshalling of documentary evidence demonstrating the criminality of the former leaders of the German Reich Since the 20th day of November 1945 a considerable part of this documentary arsenal has been directed against the 22 major Nazi war criminals who are on trial before the International Military Tribunal in Nurnberg As of this writing the American and British cases in chief on Counts I and II of the Indictment charging respectively conspiracy and the waging of wars of aggression have been completed There is perhaps no need to recall in these pages that the Nurnberg trial represents the first time in history that legal proceedings have been instituted against leaders of an enemy nation It is perhaps equal supererogation to state here that there are no exact precedents for the charges made by the American British French and Russian prosecutors that to plot or wage a war of aggression is a crime for which individuals may be punished Yet it was because of these very facts that in its indictment the prosecution presented a challenge to itself quite as great as to the defense A heavy burden was laid on the accusing nations to make sure that their proof measured up to the magnitude of their accusations and that the daring of their grand conception was matched by the industry of their research lest the hard bought opportunity to make International Law a guardian of peace should fail by default It is not surprising therefore that the American collecting and processing of documentary evidence under the general direction of Col Robert G Storey gradually developed into an operation of formidable scope Although some pieces of evidence were secured in Washington and London by far the greater part was obtained in the land of the enemy As the American Armies had swept into Germany military investigating teams had filled document centers with an increasing wealth of materials which were freely made available by the Army to OCC field investigators Special assistance was given by the Document Section G 2 Division SHAEF and by the Document Sections of the Army Groups and Armies operating in the European Theater OCC investigators also made valuable discoveries while prospecting on their own They soon found themselves embarrassed with riches Perhaps foremost among the prize acquisitions was the neatly crated collection of all the personal and official correspondence of Alfred Rosenberg together with a great quantity of Nazi Party correspondence This cache was discovered behind a false wall in an old castle in Eastern Bavaria where it had been sent for safekeeping Another outstanding collection consisted of thirty nine leather bound volumes containing detailed inventories of the art treasures of Europe which had been looted by the Einsatzstab Rosenberg These catalogues together with much of the priceless plunder itself were found hidden deep in an Austrian salt mine An innocent appearing castle near Marburg was found to contain some 485 tons of crated

papers which inspection revealed to be the records of the German Foreign Office from 1837 to 1944 Among other outstanding bulk acquisitions were more than 300 crates of German High Command files 85 notebooks containing minutes of Hitler s conferences and the complete files of the German Navy

A Companion to Nazi Germany Shelley

Baranowski, Armin Nolzen, Claus-Christian W. Szejnmann, 2018-06-18 A Deep Exploration of the Rise Reign and Legacy of the Third Reich For its brief existence National Socialist Germany was one of the most destructive regimes in the history of humankind Since that time scholarly debate about its causes has volleyed continuously between the effects of political and military decisions pathological development or modernity gone awry Was terror the defining force of rule or was popular consent critical to sustaining the movement Were the German people sympathetic to Nazi ideology or were they radicalized by social manipulation and powerful propaganda Was the Final Solution the motivation for the Third Reich s rise to power or simply the outcome A Companion to Nazi Germany addresses these crucial questions with historical insight from the Nazi Party s emergence in the 1920s through its postwar repercussions From the theory and context that gave rise to the movement through its structural cultural economic and social impacts to the era s lasting legacy this book offers an in depth examination of modern history s most infamous reign Assesses the historiography of Nazism and the prehistory of the regime Provides deep insight into labor education research and home life amidst the Third Reich s ideological imperatives Describes how the Third Reich affected business the economy and the culture including sports entertainment and religion Delves into the social militarization in the lead up to war and examines the social and historical complexities that allowed genocide to take place Shows how modern day Germany confronts and deals with its recent history Today s political climate highlights the critical need to understand how radical nationalist movements gain an audience then followers then power While historical analogy can be a faulty basis for analyzing current events there is no doubt that examining the parallels can lead to some important questions about the present Exploring key motivations environments and cause and effect this book provides essential perspective as radical nationalist movements have once again reemerged in many parts of the world

The Conscription Society

Gregory James Kasza, 1995-01-01 The ability to organize millions of people for political purposes is a potent and relatively recent weapon in the struggle for power Political scientists have studied two types of mass organization the political party and the interest group In this book Gregory Kasza examines a third type which he calls the administered mass organization AMOs are mass civilian bodies created by authoritarian regimes to implement public policy Officials use them to organize youths workers women or members of other social sectors into bodies resembling the mass conscript army A network of AMOs produces a conscription society a major force in twentieth century politics in over 45 countries Using comparative

history and organization theory Kasza analyzes the politics of the conscription society in both military and single party regimes He discusses the origins of AMOs in Japan the Soviet Union and Fascist Italy and their subsequent spread to China Egypt Nazi Germany Peru Poland and Yugoslavia He focuses on the use of AMOs to curb political opposition to mobilize for war and to shift control over the means of production Kasza shows how in the hands of despotic rulers AMOs have contributed to the extremes of political barbarism characteristic of the twentieth century **The Ordensburg Vogelsang** Franz Albert Heinen,2014 **Hitler's Voice: Organisation & development of the Nazi Party** Detlef Mühlberger,2004 Detlef Mühlberger's work Hitler's Voice The Volkischer Beobachter 1920-1933 is an important addition to the study of National Socialism In today's scholarship it is difficult to locate a detailed work on National Socialism that does not rely in some way on the Volkischer Beobachter it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich Bürgerbräukeller until they gained power in 1933 Considering the vast amount of literature on National Socialism however it is surprising that until now there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper 1 Mühlberger's translation of articles from the Volkischer Beobachter addresses this lacuna He has sifted through eleven years of the paper condensing them into two volumes His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume entitled Nazi Ideology and Propaganda examines topical issues such as attacks against the Weimar Republic racism and attempts by the party to garner support from workers farmers and the German Mittelstand

Hitler's Armed Forces Auxiliaries Jean-Denis G.G. Lepage,2015-11-20 The story of Hitler's Wehrmachtsgefolge armed forces auxiliaries is less well known than that of Germany's other armed forces in World War II such as the panzer divisions the Luftwaffe and the Kriegsmarine The Organization Todt construction company Reichsarbeitsdienst labor service Nationalsozialistische Kraftfahrkorps driver's corp and Volkssturm people's militia were given the status of armed forces auxiliaries to protect their members under the Geneva Conventions should they be taken prisoner By 1944 the Wehrmachtsgefolge comprised 40 percent of the German armed forces and their contribution to the war effort was far from negligible This illustrated history documents the development structure and organization uniforms regalia and technical data of these units and discusses their role in the war and during the prewar period **Ferdinand Porsche - Hitler's engineer** Philip Barlow,2019-08-06 Ferdinand Porsche's life is a story of a man who owes his success mainly due to his passion and hard work Initially he also had to face the resistance of his own father who did not share his son's passion He came to live in difficult times Why was a man who from the beginning had been considered an apolitical idealist so quick to begin working with the Nazi government of Adolf Hitler What was Porsche's contribution to the development of hybrid and electric models so popular today What was the birth of the famous hunchback produced in the twenty first century or nearly 5 decades after the death of its creator Foreign Labor in Nazi Germany Edward L.
