**Robert Lowell's Language of the Self** Katharine Wallingford, 2018-08-25 Katharine Wallingford's incisive study treats Robert Lowell's work as a poetry of self examination and explores the ways in which he used methods common to psychoanalysis and other forms of psychotherapy in his poetry Although he was never psychoanalyzed in a strictly Freudian sense Lowell spent many years in psychotherapy Wallingford stresses not the pathological aspects of Lowell's work however but rather his lifelong process of self examination a process with ethical as well as psychological dimensions She links this process to the tradition of self scrutiny that Lowell inherited from his New England Puritan ancestors Through close readings of the poetry and of unpublished drafts of several poems as well as letters from Lowell to George Santayana Allen Tate and his cousin Harriet Winslow Wallingford treats Lowell's use of specific psychoanalytic techniques free association repetition concentration on the relation between the poet and the other to whom he addresses himself and the use of memory to probe the past The book considers as well the role the narrative plays in these psychoanalytic and poetic techniques Lowell believed firmly in the identity of self and language one life one writing and this study brings us closer to an understanding both of the poet and of his dense and moving poetry It enriches our reading of Lowell's poetry by calling attention to the ways in which his poetic techniques are analogous to and to some extent derived from psychoanalytic techniques techniques that have in our time become integrated into our culture as a whole Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Robert Lowell Steven Axelrod, Helen Deese, 1986 Robert Lowell is one of the most widely recognised and influential poets of the second half of this century Yet his career is problematical and raises many questions about direction and quality particularly in light of his repeated reorientation of thematic concern and poetic technique Many previous studies of the poet have accounted for these radical differences in Lowell's work by examining the poet's private life but this collection of essays attempts to reassess Lowell's poetry and to restimulate critical thinking about it by focusing on his texts to raise new questions and discussions about the work The twelve essays in this volume by many of the most distinguished scholars in the field offer a chronological review of Robert Lowell's career as a poet The book includes pieces on major works such as Lord Weary's Castle Life Studies For the Union Dead Skunk Hour Notebook the sonnets of 1969-73 as well as four essays devoted to Lowell's last complete

and often neglected work Day by Day Employing a variety of methodologies the essays arrive at innovative and often controversial interpretations of Lowell's poems      *Robert Lowell* Jay Martin, 1970 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible to scholars students researchers and general readers Rich with historical and cultural value these works are published unaltered from the original University of Minnesota Press editions The books offered through Minnesota Archive Editions are produced in limited quantities according to customer demand and are available through select distribution partners      *Robert Lowell In Context* Thomas Austenfeld, Grzegorz Kość, 2024-04-04 Robert Lowell was one of the most influential American poets of the 20th century This volume explores the various contexts of Lowell's life and work and evaluates his oeuvre from new perspectives Individual chapters address his relation to the South his religious evolution aspects of his marriages and private life his bipolar disorder seen through new theories of mental illness his work as a letter writer and a connoisseur of art and photography The book also introduces new parameters for a contemporary study of Lowell commenting on current debates about race and privilege feminism ecoconsciousness his engagement with the natural environment as well as his friendships with Randall Jarrell and Robert Penn Warren      *Studies of Dylan Thomas, Allen Ginsberg, Sylvia Plath and Robert Lowell* Louis Simpson, 1979-06-17      *The Poetry of Robert Lowell* Vivian Brian Smith, 1974 The author presents a lucid and informative guide to Robert Lowell's poetic career It is both an introduction to Lowell's work and an interpretation that will interest the Lowell expert The American poet was a founder of the confessional poetry movement      *Robert Lowell* Steven Gould Axelrod, 2015-03-08 This major interpretation of the life and art of Robert Lowell exposes the full relationship between the poetry and the personal and national experience to which it is so remarkably connected Steven Axelrod proposes that the key to our understanding of Lowell's poetic achievement lies precisely in this interpenetration of his life and his art Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *The Catholic Imagination in American Literature* Ross Labrie, 1997 A concluding chapter examines the significance of the corpus of Catholic American writing in the years 1940 to 1980 considering it parallel in substance to the body of Jewish American literature of the same period      *New England Landscape History in American Poetry*,      **The Critical Response to Robert Lowell** Steven G. Axelrod, 1999-06-30 From the publication of his first major volume in 1946 Lord Weary's Castle to a few years before his death in 1977 Robert Lowell held sway as the premier English language poet of his time Lord Weary's Castle seemed to push poetic language and cultural critique in exciting new directions yet they were directions sanctioned by the New Criticism of his time In 1959 Lowell's Life Studies dramatically

broke the very traditions he had previously revitalized During the 1960s his works elaborated his new poetic mode and engaged with personal political and historical issues But with the 1973 publication of his poetic trilogy *History For Lizzie and Harriet* and *The Dolphin* his reputation suffered Though his final work the autobiographical *Day by Day* published shortly before his death in 1977 was favorably received critics continued to attack him in the decades that followed Thus Lowell's reputation as this volume makes clear has fluctuated and at the close of the twentieth century there is still no critical consensus about any aspect of his work This book provides a representative sample of the critical discourse concerning Lowell's poetry drama and prose and shows that discourse at its most varied and vital An introductory essay surveys the response to Lowell's writings The first three sections then track Lowell's volumes chronologically Most of his books receive one or two reviews followed by several scholarly essays arranged in the order of their publication Along with the reprinted articles are two essays written specifically for this volume The fourth section presents several broad overviews of Lowell and his works and an extensive bibliography of primary and secondary sources concludes the book The volume also contains an essay by Lowell himself in which he reflects on his career

Robert Lowell Richard J. Fein, 1979 *Lyric Eye* Tyne Daile Sumner, 2021-08-05 *Lyric Eye The Poetics of Twentieth Century Surveillance* presents the first detailed study of the relationship between poetry and surveillance It critically examines the close connection between American lyric poetry and a burgeoning US state surveillance apparatus from 1920 to the 1960s The book explores the myriad ways that poets Ezra Pound William Carlos Williams W H Auden Langston Hughes James Baldwin Sylvia Plath Gertrude Stein Robert Lowell Allen Ginsberg and others explored a developing and fraught environment in which the growing power of American investigative agencies such as the FBI under J Edgar Hoover imposed new pressures on cultural discourse and personal identity In analysing twentieth century American poetry and its various ideas about the self *Lyric Eye* demonstrates the extent to which poetry and surveillance employ similar styles of information gathering such as observation overhearing imitation abstraction repurposing of language subversion fragmentation and symbolism Ground breaking and prescient this book will be of great interest to scholars and researchers of literature politics surveillance and intelligence studies and digital humanities

*American and British Poetry* Harriet Semmes Alexander, 1984 *Robert Lowell and the Sublime* Henry Hart, 1995-05 This text attempts to establish the connection between Robert Lowell and the sublime His interest in the sublime dominated his poetry from the beginning This work examines the poetics of sublimity which traces journeys beyond English language and behaviour into exalted states

**Michael Hofmann** André Naffis-Sahely, 2025-03-26 For more than four decades Michael Hofmann has made significant contributions to the literary cultures of Germany the United Kingdom and the United States ranging from his original poetry to translations of Kafka Brecht Hans Fallada and Joseph Roth among others In the first book length study of this iconic figure poet and translator Andr Naffis Sahely surveys Hofmann's life and work with an emphasis on his poetry situating him within the New Generation of writers including Carol Ann Duffy Simon Armitage and

Don Paterson who rose to prominence in Britain between the mid 1980s and the early 1990s Reaffirming Hofmann's central place in contemporary literature Naffis Sahely presents the author's oeuvre as an extended passport application as the poet's unusually peripatetic nature emerges as a poetic means of questioning various modes of authority Naffis Sahely examines Hofmann's chief literary influences revealing that while he was heavily inspired by the example of Robert Lowell's confessional model his work was equally shaped by other poetic mentors including Ian Hamilton and Hugo Williams In turn Hofmann's five published volumes of poetry from his debut *Nights in the Iron Hotel* to his latest collection *One Lark One Horse* published after a silence of two decades chronicle the poet's sentimental and intellectual education from adolescence to middle age as well as the traumatic emotional experiences that arose from his relationship with his father the German novelist Gert Hofmann whom the poet portrayed to shocking effect in his breakthrough second collection *Acrimony* Naffis Sahely concludes his study with an analysis of the influence Hofmann has exerted on other poets testifying to the value and importance of his work in the contemporary British tradition followed by an extensive interview reflecting on his career

Jarrell, Bishop, Lowell, & Co Suzanne Ferguson, 2003 Jarrell Bishop Lowell Co Middle Generation Poets in Context Takes on the oft noted but little explored friendship of three of the most respected poets of the twentieth century Editor Suzanne Ferguson collects eighteen essays that explore the literary personal and political affiliations of Randall Jarrell Elizabeth Bishop and Robert Lowell influential literary figures who flourished in the periods between modernism and postmodernism Essay in the first section of the book directly compare the subjects while sections on each of the poets follow The contributors unpack received wisdom on the poets revising and updating our conceptions The multiple viewpoints reflect on one another shedding provocative light on the group as a whole and revealing the ways the study of poets in their historical context helps make them not only accessible but also relevant to today's reader The Contributors Edward Hirsch Steven Gould Axelrod Jeredith Merrin Thomas Travisano Diederik Oostdijk Richard Flynn Nelson Hathcock Florian Hild Stephen Burt James McCorkle Ross Leckie Meg Schoerke Lurel Kornhiser Francesco Rognoni Christian Sisack Ernest J Smith and Elise Partridge The Editor Suzanne Ferguson is Samuel B and Virginia C Knight Professor of Humanities Emerita at Case Western Reserve University She is author of *The Poetry of Randall Jarrell* editor of *Critical Essays on Randall Jarrell* and coeditor of *Literature and the Visual Arts in Contemporary Society* Her articles have appeared in *Georgia Review* *Modern Fiction Studies* *Word and Image* and other journals *Catalog of Copyright Entries.
