Robert Potter Founder Of The Texas Navy

J. Morphis

Robert Potter Founder Of The Texas Navy:

Robert Potter Ernest G. Fischer,1976 **Notes on the Republic of Texas Navy, Marine Corps, Coast Guards, and Their Vessels** S. A. Thompson,2021-03-15 Most Texans don t know that the Texas Revolution began and ended with naval battles They don t know that though small the Texas Navy was the most advanced in the world in 1839 Many also don t know that Texas had a first rate uniformed Navy Marine Corp and Coast guards This book will enlighten both the average Texan wanting to know more about an important part of Texas history and many who have read other books on the subject It also delineates the intense dislike Sam Houston had for the Texas Navy and especially its Commodore Edwin Ward Moore whom he saw as a rival for attention Originally intended to be notes for a historic novel the author soon realized they were more valuable as both a data source for researchers and also an exciting true narrative of the exploits of the Texas Navy As such it is written and arranged for two distinct audiences the lay reader and the researcher It corrects some of the errors and discrepancies between other books and presents new data from primary sources in the Zavala Museum behind the Capitol Building in Austin *The Big, Bad Book of Bob* Lawrance Binda,2003-07 Robert seems like such a regal name Hmm maybe not This name is held by some of history s most notorious criminals scoundrels and utter failures In this book you ll encounter killers spies gunslingers corrupt politicians and crooked businessmen all named Robert or Bobby Meet the ultra religious spy the killer nurse and the actor who was a porn pioneer It s the perfect book for anyone named Robert Bob or Bobby *War in East Texas* Bill O'Neal,2018-07-15 From 1840 through 1844 East Texas was wracked by murderous violence between Regulator and Moderator factions More than thirty men were killed in assassinations lynchings ambushes street fights and pitched battles The sheriff of Harrison County was murdered and so was the founder of Marshall as well as a former district judge Senator Robert Potter a signer of the Texas Declaration of Independence was slain by Regulators near his Caddo Lake home Courts ceased to operate and anarchy reigned in Shelby County Panola District and Harrison County Only the personal intervention of President Sam Houston and an invasion of the militia of the Republic of Texas halted the bloodletting The Regulator Moderator War was the first and largest in numbers of participants and fatalities of the many blood feuds of Texas and Bill O Neal s book is the first detailed account of this feud He has included numerous photographs maps to help the reader to identify various locations of specific events and rosters of names of the Regulator and Moderator factions arranged by the counties in which the individuals were associated along with a roster of the victims of the war **Robert Potter, Remarkable North Carolinian and Texan** Ernest Charles Shearer,1951 Robert Potter 1799 1842 was born in Granville North Carolina He later settled in Texas and became the Secretary of the Navy and was very active in political life

Texian Exodus Stephen L. Hardin,2024 As the Mexican army crossed the Rio Grande in early 1836 communities in the south central portions of Texas began to leave the area After the Alamo fell in March of 1836 Sam Houston dispatched couriers to carry the news across Texas Frightened Texians used any means of transportation or none at all to leave often

without any preparation The mass evacuation congealed as groups including soldiers helped one another toward the Sabine River the border with Louisiana or Galveston Island On April 21 1836 the retreating Texian army doubled back and surprised Santa Anna s forces while they were at rest routing the Mexicans and essentially securing Texas s independence The Runaway Scrape as it came to be known ended when news of the decisive battle at San Jacinto spread announcing Texas s separation from Mexico First hand accounts by the Anglo American colonists Tejano residents and enslaved people provide the backbone of the narrative bolstered with original interpretation and analysis **John B. Denton** Mike

Cochran,2021-11-15 Denton County and the City of Denton are named for pioneer preacher lawyer and Indian fighter John B Denton but little has been known about him In this extensive in depth look into the life and death of Denton Mike Cochran has made use of new materials not available to previous biographers to help bring the story to life John B Denton was an orphan in frontier Arkansas who became a circuit riding Methodist preacher and an important member of a movement of early settlers bringing civilization to North Texas He was a participant in the first missionary effort to bring Methodism to Texas answering a call from William B Travis to bring Methodists to the new republic Denton then became a ranger on the frontier ultimately being killed in the Tarrant Expedition a Texas Ranger raid on a series of villages inhabited by various Caddoan and other tribes near Village Creek on May 24 1841 He was leading a small raiding party that had separated from the larger group led by General Edward Tarrant when he was shot by native defenders Denton s true story has been lost or obscured by the persistent mythologizing by publicists for Texas especially by pulp western writer Alfred W Arrington and by the self aggrandizing stories told by members of the Tarrant raiding party His death came at a time when entrepreneurs were trying to attract Anglo settlers to the Republic of Texas and were especially apt to glorify the early settlers Denton was further made a martyr of the church by Methodist historians Cochran separates the truth from the myth in this meticulous biography which also contains a detailed discussion of the controversy surrounding the burial of John B Denton and offers some alternative scenarios for what happened to his body after his death on the frontier This is the definitive fact based biography of John B Denton **As Texas Goes...: How the Lone Star State Hijacked the American Agenda** Gail

Collins,2012-06-04 Gail Collins is the funniest serious political commentator in America Reading As Texas Goes is pure pleasure from page one Rachel Maddow A Kirkus Reviews Best Book of the Year Nonfiction As Texas Goes provides a trenchant yet often hilarious look into American politics and the disproportional influence of Texas which has become the model for not just the Tea Party but also the Republican Party Now with an expanded introduction and a new concluding chapter that will assess the influence of the Texas way of thinking on the 2012 election Collins shows how the presidential race devolved into a clash between the so called empty places and the crowded places that became a central theme in her book The expanded edition will also feature more examples of the Texas style such as Governor Rick Perry s nearsighted refusal to accept federal Medicaid funding as well as the proposed ban on teaching critical thinking in the classroom As

Texas Goes will prove to be even more relevant to American politics by the dawn of a new political era in January 2013

Single Star of the West Kenneth W. Howell, Charles Swanlund, 2017-03-15 Does Texas's experience as a republic make it unique among the other states In many ways Texas was an accidental republic for nearly ten years until Texans voted overwhelmingly in favor of annexation to the United States after winning independence from Mexico Single Star of the West chronicles Texas's efforts to maneuver through the pitfalls and hardships of creating and maintaining the accidental republic The volume begins with the Texas Revolution and examines whether or not a true Texas identity emerged during the Republic era Next several contributors discuss how the Republic was defended by its army navy and the Texas Rangers Individual chapters focus on the early founders of Texas Sam Houston Mirabeau B Lamar and Anson Jones who were all exceptional men but like all men suffered from their own share of fears and faults Texas's efforts at diplomacy and persistence and transformation in its economy also receive careful analysis Finally social and cultural aspects of the Texas Republic receive coverage with discussions of women American Indians African Americans Tejanos and religion The contributors also focus on the extent that conditions in the republic attracted political and economic opportunists some of whom achieved a remarkable degree of success Single Star of the West also highlights how the Texas Republic was established on American political ideology With the majority of the white settlers coming from the United States this will not surprise many scholars of the era In some cases the Texans successfully adopted American political and economic ideology to their needs while other times they failed miserably *Texas and Her Fifty-Nine Flags* Lawrence Drake Williams, Jr., 2023-07-11 Texans are fiercely proud of their Lone Star flag It has flown from foxholes been displayed at military bases around the world and even been to space Most Americans don't even know that the state has had a grand total of fifty nine different flags over the course of its great history Texas and Her Fifty Nine Flags explores the standards for a different approach to a history of Texas Throughout each chapter the author provides a story taken from history texts research and anecdotes collected during his teaching and travels which took fifteen years This unique history of Texas will captivate the reader from the first Spanish flag through revolutions and pirates to the Bonnie Blue Flag of the Civil War **Texas Tales and Tall Ships, Vol. 1** Malcom Lee Johnson, 2021-08-02 Texas Tales and Tall Ships Vol 1 Texas History from 1528 1945 the End of WW 2 By Malcom Lee Johnson Texas Tales Tall Ships is a well documented book on the history of the region of the United States now known as Texas covering the time period from 1528 when Cabeza de Vaca arrived to the end of World War II in 1945 This well referenced and educational look into the past is an important work for understanding the history of Texas and how it has evolved into the Lone Star State **Spying on the South** Tony Horwitz, 2020-05-12 The New York Times bestselling final book by the beloved Pulitzer Prize winning historian Tony Horwitz With Spying on the South the best selling author of *Confederates in the Attic* returns to the South and the Civil War era for an epic adventure on the trail of America's greatest landscape architect In the 1850s the young Frederick Law Olmsted was adrift a restless farmer and dreamer in

search of a mission He found it during an extraordinary journey as an undercover correspondent in the South for the up and coming New York Times For the Connecticut Yankee pen name Yeoman the South was alien often hostile territory Yet Olmsted traveled for 14 months by horseback steamboat and stagecoach seeking dialogue and common ground His vivid dispatches about the lives and beliefs of Southerners were revelatory for readers of his day and Yeoman s remarkable trek also reshaped the American landscape as Olmsted sought to reform his own society by creating democratic spaces for the uplift of all The result Central Park and Olmsted s career as America s first and foremost landscape architect Tony Horwitz rediscovers Yeoman Olmsted amidst the discord and polarization of our own time Is America still one country In search of answers and his own adventures Horwitz follows Olmsted s tracks and often his mode of transport including muleback through Appalachia down the Mississippi River into bayou Louisiana and across Texas to the contested Mexican borderland Venturing far off beaten paths Horwitz uncovers bracing vestiges and strange new mutations of the Cotton Kingdom Horwitz s intrepid and often hilarious journey through an outsized American landscape is a masterpiece in the tradition of Great Plains Bad Land and the author s own classic Confederates in the Attic *Texas Tales and Tall Ships, Vol. 2* Malcom Lee Johnson,2021-09-03 *Texas Tales and Tall Ships Vol 2* By Malcolm Lee Johnson *Texas Tales Tall Ships* is a well documented book on the history of the region of the United States now known as Texas covering the time period from 1528 when Cabeza de Vaca arrived to the end of World War II in 1945 This well referenced and educational look into the past is an important work for understanding the history of Texas and how it has evolved into the Lone Star State *History of Texas* J. M. Morphis,1875 **History of Texas** J. Morphis,2025-07-23 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Laws of Texas 1822-1897** Texas,1898 *Washington Babylon* Mark Hyman,2019-10-22 Since America s founding the nation s capital has experienced more than its share of scandals thankfully *Washington Babylon* explores some of the dirtiest secrets that have occurred throughout US history Some are from the earliest days of America s founding and include the most famous people in history like George Washington Others are still fresh in our minds as the dust has not even settled In between US history is littered with scandals from nearly all walks of life that were the most talked about stories at the time Many past scandals remain infamous such as Watergate Chappaquiddick and Abscam Other scandals that were once the biggest stories of the day have faded into obscurity *Washington Babylon* reveals new details in some scandals that were not known when the story first broke offering a whole new perspective for discussion This is the most comprehensive collection of American scandals that will educate entertain shock and perhaps even titillate the reader **A History of Texas** Homer S. Thrall,1885 **The Texas Legation Papers, 1836-1845** Kenneth R. Stevens,2019-05-02 *The Texas Legation Papers 1836 1844* is a volume of lost letters and documents from the early turbulent years of the Republic of Texas Editors Ken Stevens and Gregg Cantrell

have compiled these papers to reveal the untold stories surrounding the birth of the state of Texas For nine years between its war for independence from Mexico until its annexation to the United States Texas existed as an independent republic During those years Texas s diplomatic representatives communicated with the officials of the United States their job was to inform Texas leaders about the United States views on critical issues concerning recognition of Texas and eventual annexation relations with Mexico boundary issues and troubles with Native Americans As part of their duty as communicators with the United States Texas diplomats were also tasked with raising funds for the financially strapped republic and overseeing the purchase and construction of vessels for the navy as well as fielding questions from many quarters inquiring about everything from opportunities in the lone star republic to asking about long lost relatives The Texas diplomats were their government s eyes ears and mouth in Washington they were responsible for administering the successful transition of the Republic of Texas into the twenty eighth member of the United States The Texas Legation papers contain the detailed accounts of this time period When Texas became a state in 1845 the Texas Legation in Washington was shut down and its papers were put away When Sam Houston one of the new state s first senators returned to Texas after completing two terms in the Senate the papers came back with him Most papers were delivered to the state archives but somehow the letters and documents published in this collection were delivered to Houston s home where they remained out of sight for the next 160 years In 2004 the papers in this volume returned to the possession of the Texas State Library and Archives thanks to the efforts of The Center for Texas Studies at TCU and the generous support of Mary Ralph Lowe TCU 65 the Lowe Foundation and J P Bryan of Houston a Texana collector and past president of the Texas State Historical Association Many letters in this volume are being published for the first time As they round out the diplomatic story of the Texas republic they offer a unique and fascinating perspective on the history of Texas
