Channeling the Past Erik Christiansen,2013-03-15 After the turmoil of the Great Depression and World War II Americans looked to the nation s more distant past for lessons to inform its uncertain future By applying recent and emerging techniques in mass communication including radio and television programs and commercial book clubs American elites working in media commerce and government used history to confer authority on their respective messages With insight and wit Erik Christiansen uncovers in *Channeling the Past* the ways that powerful corporations rewrote history to strengthen the postwar corporate state while progressives communists and other leftists vied to make their own versions of the past more popular Christiansen looks closely at several notable initiatives CBS s flashback You Are There program the Smithsonian Museum of American History constructed in the late 1950s the Cavalcade of America program sponsored by the Du Pont Company the History Book Club and the Freedom Train a museum on rails that traveled the country from 1947 to 1949 exhibiting historic documents and flags including original copies of the U S Constitution and the Magna Carta It is often said that history is written by the victors but Christiansen offers a more nuanced perspective history is constantly remade to suit the objectives of those with the resources to do it He provides dramatic evidence of sophisticated calculations that influenced both public opinion and historical memory and shows that Americans relationships with the past changed as a result

Lee and Me Ty Seidule,2021-01-26 Ty Seidule scorches us with the truth and rivets us with his fierce sense of moral urgency Ron Chernow In a forceful but humane narrative former soldier and head of the West Point history department Ty Seidule s *Robert E Lee and Me* challenges the myths and lies of the Confederate legacy and explores why some of this country s oldest wounds have never healed Ty Seidule grew up revering Robert E Lee From his southern childhood to his service in the U S Army every part of his life reinforced the Lost Cause myth that Lee was the greatest man who ever lived and that the Confederates were underdogs who lost the Civil War with honor Now as a retired brigadier general and Professor Emeritus of History at West Point his view has radically changed From a soldier a scholar and a southerner Ty Seidule believes that American history demands a reckoning In a unique blend of history and reflection Seidule deconstructs the truth about the Confederacy that its undisputed primary goal was the subjugation and enslavement of Black Americans and directly challenges the idea of honoring those who labored to preserve that system and committed treason in their failed attempt to achieve it Through the arc of Seidule s own life as well as the culture that formed him he seeks a path to understanding why the facts of the Civil War have remained buried beneath layers of myth and even outright lies and how they embody a cultural gulf that separates millions of Americans to this day Part history lecture part meditation on the Civil War and its fallout and part memoir *Robert E Lee and Me* challenges the deeply held legends and myths of the Confederacy and provides a surprising interpretation of essential truths that our country still has a difficult time articulating and accepting **Vanity Fair** ,1933 Special Bibliography ,1982 **Traveller** Robert M. Pendleton,2005 **Waves of Opposition** Elizabeth A. Fones-Wolf,2006 On the labor unions and democratic radio in the United States The Bulletin of the United Daughters of
