What Art Is Michelle Kamhi,Louis Torres,2016-05-26 What is art The arts establishment has a simple answer anything is art if a reputed artist or expert says it is Though many people are skeptical about the alleged new art forms that have proliferated since the early twentieth century today s critics claim that all such work however incomprehensible is art A groundbreaking alternative to this view is provided by philosopher novelist Ayn Rand 1901 1982 Best known as the author of The Fountainhead and Atlas Shrugged Rand also created an original and illuminating theory of art which confirms the widespread view that much of today s purported art is not really art at all In What Art Is Torres and Kamhi present a lucid introduction to Rand s esthetic theory contrasting her ideas with those of other thinkers They conclude that in its basic principles her account is compelling and is corroborated by evidence from anthropology neurology cognitive science and psychology The authors apply Rand s theory to a debunking of the work of prominent modernists and postmodernists from Mondrian Jackson Pollock and Samuel Beckett to John Cage Merce Cunningham and other highly regarded postmodernist figures Finally they explore the implications of Rand s ideas for the issues of government and corporate support of the arts art law and art education This is one of the most interesting provocative and well written books on aesthetics that I know

While fully accessible to the general reader What Art Is should be of great interest to specialists as well Ayn Rand's largely unknown writings on art especially as interpreted released from dogma and smoothed out by Torres and Kamhi are remarkably refined Moreover her ideas are positively therapeutic after a century of artistic floundering and aesthetic quibbling Anyone interested in aesthetics in the purpose of art or in the troubling issues posed by modernism and post modernism should read this book Randall R Dipert Author of Artifacts Art Works and Agency Torres and Kamhi effectively situate Rand's long neglected esthetic theory in the wider history of ideas They not only illuminate her significant contribution to an understanding of the nature of art they also apply her ideas to a trenchant critique of the twentieth century's advanced art Their exposure of the invalidity of abstract art is itself worth the price of admission Chris Matthew Sciabarra Author of Ayn Rand The Russian Radical Rand's aesthetic theory merits careful study and thoughtful criticism which Torres and Kamhi provide Their scholarship is sound their presentation is clear and their judgment is refreshingly free from the biases that Rand's supporters and detractors alike tend to bring to considerations of her work Stephen Cox University of California San Diego *Beat Culture* William T. Lawlor, 2005-05-20 The coverage of this book ranges from Jack Kerouac's tales of freedom seeking Bohemian youth to the frenetic paintings of Jackson Pollock including 60 years of the Beat Generation and the artists of the Age of Spontaneity Beat Culture captures in a single volume six decades of cultural and countercultural expression in the arts and society It goes beyond other works which are often limited to Beat writers like William Burroughs Charles Bukowski and Michael McClure to cover a wide range of musicians painters dramatists filmmakers and dancers who found expression in the Bohemian movement known as the Beat Generation Top scholars from the United States England Holland Italy and China analyze a vast array of topics including sexism misogyny alcoholism and drug abuse within Beat circles the arrest of poet Lawrence Ferlinghetti on obscenity charges Beat dress and speech and the Beat pad Through more than 250 entries which travel from New York to New Orleans from San Francisco to Mexico City students scholars and those interested in popular culture will taste the era's rampant freedom and experimentation explore the impact of jazz on Beat writings and discover how Beat behavior signaled events such as the sexual revolution the peace movement and environmental awareness *Contemporary Artists: L-Z* Sara Pendergast, Tom Pendergast, 2002 Arranged alphabetically from Magdalena Abakanowicz to Tadaaki Kuwayama this volume provides a biography of the artist a selected list of exhibitions a list of public collections that include work by the artist and more **Roots and Routes: Poetics at New College of California** Patrick James Dunagan, Marina Lazzara, Nicholas James Whittington, 2020-10-06 Roots and Routes gathers essays talks interviews statements notes and other prose writings by poets who studied and or taught at the New College of California's Masters in Poetics program over the course of its nearly 30 year existence The collection evokes a much needed anti hierarchical even anarchic pedagogy in poetry poetics and the literary arts and is part of a general reevaluation of standard higher education models on Creative Writing As such it will appeal to a wide range of students and

scholars interested in America's recent literary history as well as to poets outside the academy and the general reader interested in US poetry and poetics

Magnificent Obsessions Jean Fornasiero, Rosemary Lloyd, 2014-08-11 This volume is a tribute to the life and work of Hazel Rowley internationally acclaimed biographer who died unexpectedly in March 2011. Her passions were many and varied: biography, politics, questions of race and sexuality, the ways in which couples negotiate the dilemmas posed by the need to retain their individuality while building a life as a couple, the deleterious effects of imposing a corporate mentality on universities. All these and more were subjects of intense interest to her. This collection combines essays responding to many of those interests with creative writing to honour the complexity and variety of her own magnificent contribution. Hazel Rowley whose life and work are honoured in this collection was the author of many articles and essays and four outstanding biographies: Christina Stead, A Biography; Richard Wright, The Life and Times; T. S. Eliot, Simone de Beauvoir and Jean Paul Sartre and Franklin and Eleanor: An Extraordinary Marriage.

Hot Art, Cold War - Western and Northern European Writing on American Art 1945-1990 Claudia Hopkins, Iain Boyd Whyte, 2020-09-17 Hot Art Cold War Northern and Western European Writing on American Art 1945-1990 is one of two text anthologies that trace the reception of American art in Europe during the Cold War era through primary sources. With the exception of those originally published in English, the majority of these texts are translated into English for the first time from eight languages and are introduced by scholarly essays. They offer a representative selection of the diverse responses to American art in Great Britain, Ireland, France, Belgium, the Netherlands, West Germany, FRG, Austria, Switzerland, Denmark, Norway, Sweden, and Finland. There was no single European discourse as attitudes to American art were determined by a wide range of ideological, political, social, cultural, and artistic positions that varied considerably across the European nations. This volume and its companion, Hot Art Cold War Southern and Eastern European Writing on American Art 1945-1990, offer the reader a unique opportunity to compare how European art writers introduced and explained contemporary American art to their many and varied audiences.

Whilst many are fluent in one or two foreign languages few are able to read all twenty five languages represented in the two volumes These ground breaking publications significantly enrich the fields of American art studies and European art criticism This book together with its companion volume Hot Art Cold War Southern and Eastern European Writing on American Art 1945 1990 is a joint initiative of the Terra Foundation for American Art and the editors of the journal Art in Translation at the University of Edinburgh The journal launched in 2009 publishes English language translations of the most significant texts on art and visual cultures presently only available only in their source language It is committed to widening the perspectives of art history making it more pluralist in terms of its authors viewpoints and subject matter **Avant-Gardes and Partisans**
