Robert Penn Warren Talking:

Robert Penn Warren talking Robert Penn Warren, 1980 **Talking with Robert Penn Warren** Floyd C. Watkins, John T. Hiers, Mary Weak-Baxter, 1990 Collects a wide variety of interviews given by the author over the years including television appearances and conversations with other writers *Robert Penn Warren Talking* Robert Penn Warren, 1980 **The American Vision of Robert Penn Warren** William Bedford Clark, 1991 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It s a way of criticizing himself too Trying to live more intelligently and more fully In *The American Vision of Robert Penn Warren* a noted Warren scholar traces the evolution of our first poet laureate s distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren s career combining close reading with a historian s eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren s attitudes toward art and politics and he demonstrates the necessity of regarding Warren s major achievements in fiction and verse as forms of public speech Read in this light Warren s vision offers a set of possibilities for renegotiating America s covenant with its Founders on new and pragmatic terms Based solidly on the best previous commentary on Warren and his work Clark s study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale A wide ranging account of the interplay between an author s imagination and contemporary history this book should prove of interest to all students of American culture especially those concerned with the interrelationships of literature politics and ideology Written in a lively and direct style it will appeal to specialists and general readers alike **Robert Penn Warren and the American Imagination** Hugh Ruppersburg, 1990 The myth of America the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren Ranging across Warren s distinguished sixty five year career *Robert Penn Warren and the American Imagination* identifies the concerns that stem from Warren s vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings From his 1928 biography of the abolitionist John Brown to the late poems of *Altitudes and Extensions* Warren returned again and again to themes related to democracy regionalism personal liberties individual responsibilities minority relations and above all the loss of ideals Ruppersburg initially focuses on Warren s expression of these themes in three major narrative poems *Brother to the Dragons* portrays slavery in all its horror and its consequences for Jeffersonian idealism *Audubon A Vision* extols the power of imagination in one man s quest to assert an American identity in the wilderness and *Chief Joseph of the Nez Perce* regards the victimization of Native Americans and their exclusion from

traditional versions of American history as evidence of flaws in the founding vision In his nonfiction works *Segregation and Who Speaks for the Negro* Warren depicted the civil rights movement as a struggle for identity and individualism Ruppensburg traces the development of Warren's attitudes arguing that his support of the civil rights movement paradoxically stemmed from agrarianism which by the 1950s meant something very different to him from the agrarianism of *I'll Take My Stand* In addition Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology Looking particularly at *The Legacy of the Civil War* *Democracy and Poetry* and the poem *New Dawn* Ruppensburg concludes that Warren was skeptical about our prospects for survival Still through his advocacy of the arts and the primacy of the individual Warren affirmed the values that he believed would help Western culture to endure Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history Through this obsessive search for America's identity Ruppensburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers [Free All Along](#) Stephen Drury Smith, Catherine Ellis, 2019-01-15 Featured in the New Yorker's Page Turner One of Mashable's 17 books every activist should read in 2019 This is an expression not of people who are suddenly freed of something but people who have been free all along Ralph Ellison speaking with Robert Penn Warren A stunning collection of previously unpublished interviews with key figures of the black freedom struggle by the Pulitzer Prize winning author In 1964 in the height of the civil rights movement of the 1960s Pulitzer Prize winning author and poet Robert Penn Warren set out with a tape recorder to interview leaders of the black freedom struggle He spoke at length with luminaries such as James Baldwin Martin Luther King Jr Stokely Carmichael Ralph Ellison and Roy Wilkins eliciting reflections and frank assessments of race in America and the possibilities for meaningful change In Harlem a fifteen minute appointment with Malcolm X unwound into several hours of vivid conversation A year later Penn Warren would publish *Who Speaks for the Negro* a probing narrative account of these conversations that blended his own reflections with brief excerpts and quotations from his interviews Astonishingly the full extent of the interviews remained in the background and were never published The audiotapes stayed largely unknown until recent years *Free All Along* brings to life the vital historic voices of America's civil rights generation including writers political activists religious leaders and intellectuals A major contribution to our understanding of the struggle for justice and equality these remarkable long form interviews are presented here as original documents that have pressing relevance today *A Conversation with Robert Penn Warren* Bill D. Moyers, Robert Penn Warren, 1976 **A Conversation with Robert Penn Warren** Robert Penn Warren, 1972 **Robert Penn Warren** Charles H. Bohner, 1964 This study aims at providing an overview of Warren's literary career an analysis of the themes which have preoccupied him

The Rebuke of History Paul V. Murphy, 2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published I'll Take My Stand The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II

The Fourth Ghost Robert H. Brinkmeyer, 2009 In the 1949 classic Killers of the Dream Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H Brinkmeyer Jr extends Smith's work by adding a fourth ghost lurking

in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar The Fourth Ghost offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development The Blood-Marriage of Earth and Sky: Robert Penn Warren's Later Novels Leonard Casper,1997 **Who Speaks for the Negro?** Robert Penn Warren,2014-09-30 First published in 1965 this is a unique text in the history of the American Civil Rights Movement Robert Penn Warren interviewed a wide range of African American leaders activists and artists across the country among them Martin Luther King Malcom X and James Baldwin Sections from the transcripts of these interviews are combined with the author s reflections on the interviewees and the Civil Rights Movement as a whole to create a powerful oral history of this all important struggle A new introduction by David W Blight places Warren s book in historical perspective In this new edition introduced by the eminent historian David Blight Who Speaks for the Negro reveals a provocative admixture of history s variance Warren s book is a burden of the past from which we cannot escape It summons us to awaken a more vital national heartbeat of reparations for an American dilemma Houston Baker Vanderbilt University *Book Review of Robert Penn Warren's Who Speaks for the Negro? ,1965*
