Imagery of Lynching Dora Apel, 2004 Outside of the classroom and scholarly publications lynching has long been a taboo subject Nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity In *Imagery of Lynching* Dora Apel contests this adopted stance of ignorance Through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies She examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present She further investigates how photographs were used to construct ideologies of whiteness and blackness

the role that gender played in these visual representations and how interracial desire became part of the imagery Offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of American society Although we may want to avert our gaze Apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put Les Demoiselles d'Avignon and Modernism Maite Méndez Baiges, 2022 The book meticulously analyses the history of the critical reception of avantguard art through the interpretations received by one of its greatest emblems Les Demoiselles d Avignon by Picasso 1907 Since Les Demoiselles has been considered over this century the true paradigm of Modern Art this book is fundamentally a sort of synthesis of the discourses about Modernism from formalism iconology Leo Steinberg s Other Criteria sociological the biographical and psychoanalytical theses cultural and historicist and lastly the impact of post structuralism and the feminist post colonialist and transnational interpretations The final chapter deals with the artistic versions of Les Demoiselles d Avignon made by artists It is an essay on the different versions and identities of Modern Art and Modernism that have been produced throughout the last century
