Saunders,C. C. Brower,2018-09-03 Writers don t often write about their own worlds but when they do expect them to be every bit as imaginative as their other fiction We ve found a common theme in these six short stories Where these new authors not only explore their own thoughts ideas and angst through their own fiction but also take apart their own ideas about how writers write Here you ll see writer s block the solitary writer s romances the revenge of stalking stories being transported by another writer into one of their worlds and even examining the idea of your pet cat being responsible for a writer s output or lack of it Nothing is sacred to these authors as they turn their fiction microscope on themselves and their own profession Get Your Copy Today **H.
