Saigon Singer Francis van Wyck Mason,1976 **Popular Music of Vietnam** Dale A. Olsen,2008-06-30 Based on the author's research in Ho Chi Minh City Hanoi and other urban areas in Vietnam this study of contemporary Vietnamese popular music explores the ways globalization and free market economics have influenced the music and subcultures of Vietnamese youth focusing on the conflict between the politics of remembering nurtured by the Vietnamese Communist government and the politics of forgetting driven by the capitalist interests of the music industry Vietnamese youth at the end of the second and beginning of the third millennium are influenced by the challenges generated by a number of seemingly opposite ideologies and realities such as the past versus the present socialism versus capitalism and cultural traditionalism versus globalization Vietnam has undergone a radical demographic shift with a very pronounced youth movement and consequently Vietnamese popular culture has been radically reshaped by a young population coming of age in the twenty first century As Olsen reveals the way Vietnamese young people cope with these opposing and contrasting forces is often expressed in their active and passive music making *Foreign Service List* ,1974 Includes field staffs of Foreign Service U S missions to international organizations Agency for International Development ACTION U S Information Agency Peace Corps Foreign Agricultural Service and Department of Army Navy and Air Force *Songs of the Vietnam Conflict* James E. Perone,2001-08-30 Offering the widest scope of any study of one of popular music's most important eras *Songs of the Vietnam Conflict* treats both anti war and pro government songs of the 1960s and early 1970s from widely known selections such as Give Peace a Chance and Blowin in the Wind to a variety of more obscure works These are songs that permeated the culture through both recordings and performances at political gatherings and concerts alike and James Perone explores the complex relationship between music and the society in which it is written This music is not merely an indicator of the development of the American popular song it both reflected and shaped the attitudes of all who were exposed to it Whereas in previous wars musicians rallied behind the government in the way of Aaron Copland and Samuel Barber the Vietnam conflict provoked anger frustration and rage all of which comes through in the songs of the time This reference work provides indispensable coverage of this phenomenon in chapters devoted to Anti War Songs Pro Government Songs and what might be called Plight of the Soldier or Veteran songs A selected discography guides the reader to the most notable recordings all of which together provide a unique and important perspective on perhaps the 20th century's most contentious time **Saigon Singer** Francis van Wyck Mason,C.
