Bowker Company. Department of Bibliography, R.R. Bowker Company. Publications Systems Department, 1983 Books in Print , 1982 Born to Kill in the USSR - True Stories of Soviet Serial Killers Robert Kalman, 2014-03 An ex actor poses as a gas company worker to enter homes without suspicion When the doors are closed he strikes with a camping ax A love scorned man hunts and eats women when a magical force tells him that drinking blood from a body cleanses the soul Fifty two people lie gunned down by the Ukrainian Terminator in a horrific six month tour de force that wipes out entire families The largest park in Moscow witnesses over sixty people slaughtered in a twisted game of chess Born to Kill in the USSR is an unflinching portrait of the serial killers through the Soviet and Post Soviet era Forty six men and women s unconscionable devolutions are documented against the political complexities and social reality of the largest country in the world **Murder Most Moscow** Jon Lawson, 2015-06-25 The very words serial killer are enough to strike fear into the heart of any normal person While many of us are fascinated by this criminal breed and cannot resist the morbid need to learn more about them we are also repulsed by the various atrocities and horrific acts that they are able to bring themselves to commit Amongst the best known serial killers not just in Russia but in the world is the insanely evil Andrei Chikatilo aka the Rostov Ripper However there were many other serial murderers in Russia that came before him and many that came after him some were even inspired by him In this book you can learn more about some of the most evil serial killers in Russia and the unbelievably horrific acts that they committed taking the lives of boys and girls men and women children and the elderly Take Vasiliy Kulik for example a serial killer from a wealthy background whose victim s ages ranged from just two through to seventy five Sergei Ryakhovsky was another killer

that was not particularly bothered about age or gender with his victims ranging from children through to old age pensioners Another thing that is striking about many of these Russian serial killers is that many of them held down very respectable jobs before deciding to turn to murder as a new profession For example Mikhail Popkov was a police officer and was even involved in investigating some of the murders that he d actually committed himself Maxim Vladimirovich was an emergency doctor who used his position to gain the trust of vulnerable patients so that he could rob and murder them Anatoly Slivko ran his own children s club and Andre Chikatilo was a university graduate who had held down a number of teaching job In this book we look at the cases and crimes of some of the most prolific serial killers in Russia killers that have carried out crimes ranging from rape and sexual abuse through to murder cannibalism and necrophilia These are Russia s worst serial killers

The 10 Second Kill Zone The Lone Wolf,2016-08-12 We wish we could arbitrarily accept the findings of the Warren Commission We wish we could accept the fact the Lee Harvey Oswald barely a marksman could make a once in a lifetime shot utilizing archaic weaponry at that but there are just too many questions too many loose ends Oswald who along with Jack Ruby was allegedly on the American intelligence community s payroll seemed to be more a patsy than a reliable assassin What of the mafia angle What of the alleged cooperation between the mafia and all levels of Texas government officials from the Vice President to the Governor of Texas to the Mayor of Dallas as well as its Chief of Police How did they arrange an open air procession in a state that Kennedy did not carry well know for its dislike of him Why did Jackie Kennedy shout at Linden B Johnson You killed Jack We don t know However there is one thing we do know It was a 10 second kill zone which involved 12 bullets

Behind the Murder Curtain Bruce Sackman,Michael Vecchione,Jerry Schmetterer,2018-09-18 Behind the Murder Curtain is the true story of Bruce Sackman Special Agent in Charge of the Department of Veterans Affairs Office of Inspector General Sackman s main responsibilities had been investigating white collar crimes such as embezzlement when he is drawn into the macabre world of doctors and nurses who murder their patients Sackman evolves from an investigator of routine cases to the world s leading expert on Medical Serial Killers MSKs doctors and nurses who ply their evil trade hidden behind the privacy curtain at a patient s bedside Behind the Murder Curtain tells how this dedicated investigator brought down four MSKs in Veterans Hospitals while developing the RED FLAGS PROTOCOL which is now taught to investigators and forensic nurses throughout the world as a tool for stopping an MSK

Psychology of Killing Eric Penn,2005 Psychology of Killing takes a speculative look at the Beltway Sniper case The events that frightened Americans beyond description is analyzed and compared to other notorious killers The Author used techniques that the Federal Bureau of Investigation employs to solve esoteric cases called anagrams This book decodes in vivid detail a clue that was left behind at Benjamin Tasker Middle School in Bowie Maryland on October 7th 2002 The author attended the Sniper Trial in Virginia Beach and the anagram never came out in court Dr Kenneth H Bridges was murdered during the sniper spree but little has been mentioned about his nationalistic movement Matah designed to empower African Americans on an economic level Psychology of Killing elucidates

how Dr Bridges may have been a victim of an international conspiracy designed to prevent the rise of a black messiah Throughout the book a secret society from Yale University Skull Bones is mentioned and the hidden pieces to the puzzle come together when the anagram is used to decode a mysterious message Dr Bridges was gunned down in Fredericksburg Virginia near the Mata River At first his murder looked coincidental or random at best until his name is discovered in an anagram In addition it becomes obvious that the sniper was allowed to kill innocent people in order to influence the American people to go to war with Iraq and that some of the murders were orchestrated by a mysterious entity that left hidden clues For the first time the Pentagon got involved by flying reconnaissance missions over civilian populations which is a violation of the Posse Comitatus Act of 1878 The American government and its military branch watched each murder take place and knew the identity of the sniper the entire time but decided not to arrest him because each murder was used to justify going to war with Iraq and generally made Americans suspicious of all Muslims Although this sounds ridiculous the intrigue becomes even more mind boggling when it is revealed that the sniper professed to be of the Muslim faith When the American people discovered that John Allen Muhammad was a convert to the Nation of Islam a gulf war veteran a smuggler of illegal aliens war with Iraq became inevitable This book shows how the White Box Truck was simply a decoy that allowed more body bags to pile up and how criminal profilers got it all wrong when saying the killers were white The police knew all along that the car was a late model Caprice because they watched it run through red lights after each murder To add insult to injury the conscious few were amazed to find out that the car at one point was used in undercover operations and belonged to the police department The killers bragged about belonging to a secret order that were assigned to recover explosives stolen from the military and John Malvo wore a sniper shirt This book shows how they may have been telling the truth
