Politics and Sentiments in Risorgimento Italy Carlotta Sorba,2021-05-03 This book investigates the narrative of nationhood during the Italian Risorgimento and its ability to reach a new and wider audience In Italy an extraordinary emotional excitement pervaded the struggle for national independence suffusing the speeches and actions of patriots This book shows how this ardour borrowed the tones figures and spectacular nature of the melodramatic imagination feeding the theatre and literature of the time and how it could resonate with a largely uneducated audience An important contribution to the new historiography on the Italian Risorgimento and on nineteenth century nationalism in Europe it offers a fresh perspective on the public sphere during the Risorgimento focusing on the transnational links between political mobilisation

and the growth of new media and burgeoning mass culture *Bibliotheca Turneriana* Robert Samuel Turner,1888 A
Companion to Byzantine Law ,2025-07-24 The so called Byzantine Empire which existed for more than a thousand years with
Constantinople as its capital demonstrates the birth of a new world with the wedding of Western and Eastern traditions This
study of Byzantine legal texts mainly from the 6th to the 11th centuries illustrates this clearly following the evolution of
Roman law into Byzantine law By outlining and analysing the influence of various historical social and religious factors on
this progression the present handbook not only presents a condensed picture of the evolution of law in the area beyond the
Adriatic Sea but also indirectly sheds light on Byzantine society more broadly Contributors are Kalliopi Kelly Bourdara

Sarris Dieter Simon Marios Th Tantalos Spyros Troianos and Thomas van Bochove Political Autobiographies and Memoirs
in Antiquity Gabriele Marasco,2015-11-24 Ancient autobiography has been the object of several studies and meetings
However these have focused chiefly on the philosophical and literary aspects This book aims to examine the development of
political autobiography and memoirs in the Greek and Roman world stressing instead the relation of a single work with the
traditions of the genre and also the influence of the respective aims of the authors on the composition of autobiographies At
times these works were written as a means of propaganda in a political struggle or to defend a past action and often to
furnish material to historians Nonetheless they still preserve the personal viewpoint and voice of the protagonists in all their
vividness even if distorted by the aim of defending their record Political Autobiographies and Memoirs in Antiquity will be a
highly valuable and useful reference tool for both scholars and students of Greek and Roman history and literature
